Michael Reyes says

There are a ton of books in the market that talk about "*The Law of Attraction*" and this is Bo Sanchez's take on the subject. For those not familiar with the subject... The Law of Attraction, simply put, is the ability to attract into our lives whatever we are focusing on.

The books reflects Bo's humor and wit, and it also has a Christian feel to it. It's Christian elements are not that obtrusive, so a non-religious person (or a person of a different belief) will still be able to appreciate the book. It's a very light read (one can finish it in an afternoon) and entertaining as well.

Nerissa says
