The book tackles about different kinds of dreams. Dreams that all of us wanted to achieve, goals in life that all of us wanted to reach. It guided me as to how would I know what is it that God wants me to do, and what is my purpose of existence. What are the things about me that I should pay attention with and the things that I should just leave as it is.

CUNNINGLY DECEPTIVE BOOK. Don't get me wrong. I've always been a fan of Bo Sanchez and I've always loved his books since high school. I've followed all of them, and this is one of those. I've enjoyed reading and re-reading it. I lived it and breathed it. However, as I was growing more deeply in the Lord, I discovered that IT STILL LACKS SOMETHING! As I get to know more of our saints, their writings and their doctrine, things that God taught them personally on discerning God's will, I've learned that the RIGHT WAY on discerning God's will for your life IS NOT TOTALLY BEING PAINTED IN THIS BOOK. It's lacking that one crucial element that if not being expounded, I saw the dangers that souls will have to go through in living in this state of delusion--which I, myself lived before in believing this ideology. I know many would react to this, if anyone gets to read this. But pls., don't get me wrong. I have nothing against Bro. Bo. I love Him, so much! So, please let's try to be objective here and open up your mind. Having spent so many years, myself in agonizing over God's will for my life and read so many books on discerning God's will, I've noticed it's the same tone with other christian denominations with what 'popular christianity' teach nowadays on how to discern God's will for your life. Although, I've found a handful of them now slowly discovering the truth. Guys, If you want to know God's will for your life, IT'S SAFE RATHER TO READ THE WRITINGS OF THE SAINTS. I tell you, there is so much truth and hidden wisdom in there waiting to be unearthed--which God have long prepared for all of us. And I can really attest to you that by far, this book still remains in the plane of the emotions and the superficial. That scalpel after scalpel of discernment he was referring to in the book?--still hasn't reached to the bottom of it-OUR 'TRUE' DEEPEST DESIRES WHICH ARE REALLY IN LINE WITH GOD'S WILL FOR OUR LIVES... though the book may say, it has reached it. But truth is, it takes a keen eye to see it. Why? Well, this really takes a lot of discussion. But I'd like to point out some. First, a lot of factors are still to be considered and a lot of issues to be looked at. A person's history for example, or his deepest wounds and unfulfilled needs may come into play, etc.--altogether "coloring up" God's perfect will for him and silencing God's voice because he/she wants this one thing. You see? it blurs the whole master plan & you'll be missing so much of the impossible and the full life God has in store for you and me, a fuller life than the full life you know now, or in the here and now... because you've settled for less--YOUR OWN DESIRES, not HIS! Because no matter how seemingly good your intention is, if it's not God's perfect will for your life, it's not! And it will never be! How can you trust your own deepest

desires and make it as your own compass for life when God keeps on teaching His saints to never trust themselves? Not even for a single moment! You see, PERFECT SELF-DISTRUST is what He has taught to all of His saints! For didn't His word says, "That the human heart is deceptive and exceeding wicked above all else... who can know it?"-- Jeremiah 17:9. So, "Trust in the Lord with all your heart and LEAN NOT ON YOUR OWN UNDERSTANDING."--Proverbs 4:18 "For there is a way that seems right to a man but in the end, leads to death."--Prov. 14:12 That if one fails to see this with a keen eye, he is bound to a state of delusion and not really discovering God's true calling for his life while believing all along he is! Do we really want to live in a lie? Well, I don't! Second, among saved Christians and those who are already growing in the faith, you already know that the 'good' is always the greatest enemy of the 'best'. So, when you fail to really listen to His PERFECT will for your life which is the best, or if you're the type who upon knowing God's will in whatever area of your life, you try to accomplish it in your own way, and not His way... you're still the loser. God sees beyond what you can't see my friend. :) He only asks your perfect confidence in Him. :) If you do, trust me... you'll never regret it. :), or ask God's greatest saints for themselves. Read their writings... they have much to say. :) So, let me just end it here... though there are still a lot of nitty gritty details to be discussed at, and the lies and deceptions in this tricky task of discerning God's will for your life.

I just really hope Bro. Bo would correct this because some of the higher authorities and a few Marian priests, one whom I personally know, an Exorcist himself, and who happen to be my own personal Spiritual Director WHO HAVE REALLY TRIED TO PRESERVE THE DOCTRINE OF OUR FAITH, had already called up his attention on this... telling him TO NOT VEER AWAY FROM THE DOCTRINE OF OUR FAITH. And not only this book but some of his other books as well. But he keeps on reasoning out. His attention was already called several years ago, behind closed doors... but until now, it comes into naught. I just really hope he would correct it, this time. And publicly renounce it so that he can help more people. I love you Bro. Bo... I just hope you won't allow yourself to be corrupted with what 'popular christianity teach, nowadays.... so that you can shine even more for the Lord and PRESERVE THE PURITY OF OUR FAITH. As an avid fan myself, I've learned this one thing, though... that no matter how wonderful is the wisdom of one person, it will still be lacking and even still... it pales in comparison to the fullness of God's truth! I have nothing against you, Bro. Bo. I love your spirit and charisma, but I hope you will also have the courage of a profoundly humble servant to admit and correct your undoing when you're really at fault. If you will be able to do so, you will shine even more for the Lord and give Him a much more greater glory! And I will be a greater fan once more. :) Again, everything is right in the book. It's just that it's still lacking. That one crucial element that's so dangerous to souls! I wanted to give it a 3-star but then, after several years, because they still made this available to the public, even and in spite of the calling up of his attention, I gave it a 2-star.

from Sir Bo's relative essay:

"We think that God's will is found out there, somewhere in the stars. That's not true. God's will is found within. Ultimately, God's will is your deepest desire." - Fr. Manoling Francisco

*What did he say?*

*Wham! It was like a missile that had my name on it.*

*My gosh, what are my deepest desires?*

*What do I really want?*

*No, not my shallow desires.*

*But the desire from the deepest core of who I am.*

*What do I really, really want?*

*Everything made sense to me. Of course, God's will is my deepest desire!*

*Sometimes, it takes years to discover this. But through the sharp scalpel of discernment, you peel away your superficial desires, layer after layer, until you touch base with the deepest desire of your heart.*

*God's will is your deepest desire.*

*Because when He created you, He planted it there — deep within your soul.*

Another Bo Sanchez! HAHAHA! I'd never get tired of him. Kase alam mo yun ang seryoso nung mga tinatalakay niya pero ang witty at humorous ng approach niya. Hindi nakakabato basahin, ganyan. Maikli lang naman 'to. Very helpful and insightful. Para sa mga taong naliligaw ang landas. Chos.
