Sacrifice

R.M. Gilmore

Sacrifice R.M. Gilmore

Dylan has found herself in quite the conundrum. Locked in her apartment with an unknown voodoo beastie hot on her tail. She's tits deep in death and it's knocking down her door. Literally.

Endless Night left you with your heart pounding and your stomach in your butt. Sacrifice will flip you upside down and take you on a ride that will leave your knees quivering and your head lying on the floor...literally.

Kristina Bonham says

Dylan, Dylan, Dylan, what have you gotten yourself into? This book had me holding my breath, scared, mad and even crying. My heart broke but I so look forward to the next book. I cannot wait to see the path that Dylan takes.

Charisse says

For those familiar with the series: Naked Cyrus!! Nuff said.

For everyone else: Sacrifice, book 3 of this series doesn't disappoint. Dylan is not you average girl. She is a self-proclaimed fat*ss with a bad mouth and attitude to match. She is always getting herself into all kinds of mess but this time she has two, yes TWO hot guys trying to get into her pants and willing to risk life and limb to help her out of it (the trouble not her pants).

Shona Booky Ramblings of a Neurotic Mom says

I straight up loved this book. There was so much going on the story was constantly moving so you didn't have a chance to get bored in between big scenes, because everything felt like a big scene. I honestly did not want to put this down for anything for fear that I would miss something important. With the non stop action I started to feel like Dylan, anxious and a teeny bit scared. OK so maybe not exactly like Dylan but close enough.

One of my favourite things about this book? The addition of Mike. I know he has featured in all of the books so far, but he doesn't get much page time. Until Sacrifice. As much as I like the underwear model that is Cyrus Attosa, there is just something about the manly man that is Michael Peterson and it makes me want to b!tch slap Dylan and make her realise this awesome guy (sure he has flaws) is sat waiting for her.

Like the earlier books in this series there are a few twists and unexpected turns and events that will keep you guessing until the very end (and beyond).

Nicki says

Dylan Hart isn't your typical heroine. She isn't a skilled fighter. She's a self-described "fat-ass" and has a mouth that is constantly getting her into trouble. In a genre where most of our leading ladies are tall, beautiful, and can ram a dagger through a heart in the blink of an eye, Dylan Hart doesn't have all the answers and regularly makes mistakes that she has to pay for, sometimes in horrific and painful ways. I applaud the author for giving us a character who behaves as most of us probably would if thrown into these situations. Although, it's always fun to live vicariously through the uber-fighting, supermodel characters, it's a nice change to have a character that is easy to relate to.

After the evil cliffhanger of Endless Night, I have been on the verge of madness awaiting this book. With such anticipation, would it be possible for the book to live up to my expectations? Let me tell you, it did not

disappoint! It grabs you by the throat from the opening lines and doesn't let go until the very end. I truly feel R.M. Gilmore hit her stride with this installment. From the sarcasm and quick one-liners to the down and dirty brawls, not a moment is wasted keeping the plot on course. We do get a few answers to questions that have been hanging open from the previous installments but this one reveals more mysteries to explore. I have two words for you- Cyrus Atossa. Seriously, what is up with that dude? The author gave us a little insight, but left this reader desperate for more of his backstory. However, it seems I'll have to wait to get it. Here's to avoiding the padded room while impatiently awaiting book four!

Julia Mills says

RM Gilmore has done it AGAIN!!! Sacrifice is irreverent, crass, in your face, laugh out loud funny and scary as hell all wrapped in the ONE TRUE BAD ASS BITCH!!! This series is a MUST!!! Grab your copy and buckle up baby, it's gonna be a bumpy ride!!

RM GILMORE YOU ROCK!!!!!!!!!!!!

Bex 'n' Books says

R.M. Gilmore has truly out done herself in her latest instalment of her sassy Dylan Hart series. To put it simply, I loved Sacrifice, so darn much. My stomach is still funny - nervous excitement I assume, if not I just may need to fart. It is everything I hoped it would be and so much more.

I was left a little shell shocked by the events of Sacrifice, but I think it was an amazing turn of events! How the story unfolds will really impact on the kick-ass heroine, Dylan, massively so and I think this is a good thing. Lots of the unanswered questions in this series are really coming together and we're finally getting some amazing answers.

At the end, I sat for a few moments. Confused. Not about the book, but wondering why in the hell, R.M. Gilmore's series hasn't been snatched up by a big publishing house. It's original, and ballsy, and flippin' amazing.

I just don't get it.

R.M.'s writing, while fabulous before, has tightened so much. Her descriptive detail especially has become beautifully finely tuned. It really is a remarkable follow up. The author has one hell of a book on her hands, one that you should definitely be checking out.

Tara Dawn (Colourful WordWench) says

WOW! JUST FUCKING WOW!

I am so blown away right now I don't really know what to say. I can't really say much without giving away

the story but I will say these few things.

After finally making it through her endless night Dylan has another one to endure. The majority of this book takes place over a 24 hr period. she doesn't sleep during that either but she does get knocked out.

when she finally makes it back from NOLA only to have been chased down metaphysically and chased and tortured by Azelie. On top of this Mike and Cyrus are having a cock-off trying to stake their claim on Dylan when news comes that Tatum is missing. Dylan refuses to let Cyrus go rescue Tatum without her. neither mike nor cyrus want her going but mike will be damned if dylan goes off alone with cyrus headed toward trouble without him. we do finally find out what happened between her and mike and why dylan seems to tick the way she does. the three of them return to NOLA facing enemies they didn't know they had in the hunt for Tatum.

vampires, magic, and voodoo....Ooooh myyyyy.....was that a decapitated head? with questions answered and more thrown out there we are once again left with a what the fuck just happened here and when do I get more?!?!

RM Gilmore lady you just keep getting better with every book. with every installment you've taken us deeper, your writing has gotten darker and at times the poetic feel I get from it just takes my breath away. looooooved looooooved loooooooved sacrifice and I couldn't see it written any other way! brav-fucking-o woman! *mwah*

Tonya says

I was lucky enough to be able to read this book before it's release. I love Dylan Hart and her tubby ass. Where to start with this review. Wow, it was amazing. She's thrown her fat ass right back into the occult scene in New Orleans. This book picks up right where Endless Night leaves off basically. She has an evil voodoo witch after her. Will she survive it with the help of pretty underwear model Cyrus and the hot ex of hers, detective Mike? Full of twists and turns, some questions answered, but only to have more questions pop up. So many Oh my God moments in the book. I will be re reading this series. It has become one of my favorite ones!! I love RM's writing. I'm already (im)patiently waiting for book 4 now!!

Siobhan says

Okay, so I'm going to be totally honest here... I finished the book late last night and really wanted to review it right then and there. But it was past my bedtime. And now, I have been sitting here for almost 30 minutes trying to think of what to say. This book is amazing and I don't want to give anything away (and yet, I want to tell you everything!) So here it goes...

I had the honor (and I do mean honor) of reading this as an ARC reader (see, contests do have great prizes sometimes!) I devoured this book like a fat girl vs a hamburger. It took me less than two days to read this from start to finish. Is it a short book? No! Is it an easy read? Depends on your meaning. What it is, is ADDICTING! I could not put it down. Okay, well it was on my laptop so it was always on my desk, but you know what I mean...

For all of you that have been following the Dylan Hart saga, this is the one that answers questions you've been poking out your eyes to know. Of course, it doesn't answer all your questions and poses even more in

the ramp up to the follow up book. Want to know why Dylan and Mike aren't together anymore? DONE! Want to know if Vamps are real? DONE! Want to know if dead bitches can hurt you? Well... I've got to leave you guys some kind of cliffhanger right?

Once again Dylan is out of her element, but does that stop her quick wit and sharp tongue? HA! Of course it doesn't! If you haven't read the previous books, pick them up now (and I guarantee you won't be able to put them down)so when Sacrifice by RM Gilmore comes out in February you'll be ready!

Caissy Boudreau says

OMFG... I loved the first 2 books. this book beats them completely. it is no stop throughout the entire book. i had a really hard time putting this one down. it is oh so good. dylan goes through more mind blowing shit in this one. A MUST READ!!!! i really hope their is more in this series. Awesome job RM Gilmore.

Deb Carroll says

I have been waiting for this book! I have had the pleasure of getting as ARC before it comes out in February! I knew there would be twists and turns but I was in awe of how everything came together!

First let me just say I love having a strong female character! Dylan Hart is everything real that a woman can be. She is smart, sassy, has a wicked mouth on her, is her own person, she is not scared to be who she is, she can admit when she is a dumb ass and she owns her own butt sweat!

I really want nothing more than to spill all the juicy details of this book but I just won't do that! You have to read it for yourself!

I can tell you this though, things change, people change and you won't believe what happens from one page to the next. I truly felt myself gritting my teeth and wishing I could climb into the book and start a fight of my own.

If you have read the first 2 books than you must know that this book is going to rock your world. If you haven't read the first 2 books then you really need too.

Dylan Hart is one Bad Ass Bitch!

Sarah says

RM Gilmore has done it again. Given us a great action packed twist turning edge of your seat book. I thought the first two were great this one beats it by far. For every answer you get there is another question which makes me happy because that means there are more books to come. <3 Dylan hart and RM Gilmore. Cant wait to see what happens next.

Peggy Frese says

I received an Advance Reader Copy prior to the release of this book in exchange for a fair and honest review.

Oh my goodness! Is Dylan Hart one strong, feisty, determined woman, or what? The answer is yes she is. She is a buxom beauty that has the mouth of a sailor and the determination of a bulldog. She has come face to face with evil that no one wants to ever see. This book is the third in the series and it won't be the last. *wink* If you have not previously read the first two books in this series, I strongly suggest you do. This story picks up where the last book stopped with only a few references to previous events.

The book is a very dark story filled with evil in the guise of witches, zombies, and vampires. Dylan has gotten herself into very serious trouble through actions that anger and insult a New Orleans witch. Now the witch will go to any lengths to get revenge. In addition to violence, there is also humor and passion. Dylan has two very hot guys lusting after her while helping her locate her missing friend Tatum.

Ms. Gilmore has written a very fast-paced story filled with nail biting action. Her characters are real and flawed. The plot is well thought out with twists and turns on every page. I highly recommend this book with two cautions: 1- this story contains graphic violence, 2- the profanity is extensive, explicit, and frequently just plain vulgar. Because of the profanity, which for me, on occasion, was just too crude, I give the book 4 stars.

Cindy Barton says

I have had the privilege of reading Sacrifice before it is actually published and thought it was awesome!!!! Ms. Gilmore forces the reader's mind into the world of the occult. What do you believe, what is real? Who are friends and who are foes? Those are some of the questions you will have to ask yourself. New Orleans is filled with dark secrets and when you put yourself in the middle of them, you better keep a good head on your shoulders, you'll need it. Come on, join us on this ride, I dare you!

Stacey says

I can proudly say I cheated

I was a very lucky girl and got to beta read this book

Ms. Gilmore forces the reader's mind into the world that you can't imagine .

What do you believe, what is real? Who are friends and who are the enemy .

Those are some of the questions you will have to ask yourself.

New Orleans (I need to go now) .

Secret that are very dark can take you place you don't want to go , I think keeping a straight head is going to be almost impossible .

Sit down buckle up and get ready for the ride of your life
