## Switcheroo Margot Batrae

After Sabrina accidentally casts a powerful switcheroo spell, she and Libby change places. Little by little, the kids at school start to fawn over Sabrina the way they used to Libby. Sabrina spends less and less time with her real friends and more time as a social butterfly...and eventually wants to return to her own life. But the spell is not that easy to reverse. For every 12 hours Sabrina has spent as Libby, she has to do a good deed -- and she's been Libby for two whole days. Can she pull off four good deeds? Or is she doomed to live the rest of her life in Libby's shoes?

## From Reader Review Switcheroo for online ebook

### **Anita Bakhtiar says**

Same old teenage drama story. Good girl is done taking anything from bad girl, loses control, does the 'ol' switcheroo' bit. Except this time, everything gets topsy-turvy in Sabrina's world; and to find her way out of it; she must do what she never wanted to... join forces with her arch-nemesis. Bits of this book get tedious and monotonous (sort of fable-like and lecture-y) but then I enjoyed it quite a bit.

I used to love this T.V. show, along with the books.. now I don't care for both much anymore.

### **Lauren says**

I loved all of the Sabrina tales full of magic. Every story was a different adventure and some new and exciting challenge to overcome. These books made me want to have magical powers too but the ending results were hilarious.
