Cookie and Meeko: A B-Town Luv Story La'Tonya West

Michael 'Meeko' Williams and his brother have relocated from Atlanta, GA to the small town of Boykins, VA in an attempt to start fresh. After doing so much dirt in the streets of Atlanta the only option left for the twenty-six year old dope boy is to leave or end up in an early grave but everyone knows that relocating doesn't change who you are.

Being a hustler at heart, it was nothing for Meeko to come to the country and quickly have everything on lock. Him, his brother, and their new team have money flowing in like water and with the money comes women, willing and ready to do anything for a chance at being the main chic of a well-paid dope boy.

Problem is Meeko only has eyes for one woman... Cookie.

Cookie's the complete opposite of all of the women that Meeko's dealt with since arriving in Boykins, including his baby mama Shy. Quiet, hardworking, intelligent, and simply determined to have more than what her non-supportive family envisioned for her. She's also been able to stay away from the BS of the small town. That is until her and Meeko's paths cross... she's exactly what Meeko feels he needs in his life but his fast paced, chaotic lifestyle isn't what she wants or needs, which causes her to initially ignore all of his attempts to pursue her.

After trying her best to deny and fight the chemistry that she and Meeko obviously have, Cookie finally falls victim to his southern charm. The two couldn't be a more perfect match but when the town starts talking and word gets out that Cookie is the new lady in Meeko's life, she will have to endure his ratchet baby mama and what seems like never ending drama in order to hold the title of 'wifey' and it won't be easy.

With everything and everyone against them, can love really conquer all?

Kitani says

I need Kelsey to get a life asap!

I read the story once before but I was glad a few of my questions got answered in this extended version. Here I thought Shy was crazy and thirsty but Kelsey sealed the deal. I wouldn't even feel bad if Cookie reacts to Kelsey's stunt, seeing as she has every right to. I liked Meeko and I was glad once him and Cookie got things on track. His only downfall was not putting everything out in the open to avoid the mess Kelsey created. I don't feel any sympathy for Kelsey because she was so pressed and thinking she could get Meeko but it backfired on her. This is one time I wished Shy was around because Kelsey would've definitely rethought everything. Shy was beyond childish and some of the things she did concerning her daughter had me wishing Meeko would go through with his threat. I didn't like Tink and how he never thought there'd be repercussions for his actions. He deserves everything that'll come his way and more. I had my moments where I was mad at Cookie but she finally got her head right and allowed Meeko in. I'm hoping she doesn't throw away what they've built so far without hearing him out first. I didn't like Hazel and I felt bad for Princess. Rasheeda played her one too many times and was just as confused as she could be. Toi is slowly turning into another Shy with what she has going on with Kordell. I am ready for part 2 and I'm hoping Kelsey's dumb behind will realize she'll never be a part of Meeko's life and move on.

Nicole Dodson says

Awesome story

I liked the whole book it was excellent can't wait to read part two I would recommend this book to any female who is desling with a guy who has a bmand multiple women from the past so they can be informed as to how much drama comes with them. I gave this a 5 because of the characters and the story itself was really good

Maya Gibson says

Great book

This book is drama filled, but in a good way. I loved this book. Cookie reminded me of myself in several ways. Meeko is flashy but he's a good guy. Somebody please do something with Shy. I couldn't stand her. There is not a character in this book that doesn't remind me of someone I know. I like the way the Author told this story. She brought my emotions out with this one. The issues the characters faced, I was in my own feelings about them myself.

Destiny Brown says

Amazing

There was a lot of drama and messiness going on but I loved it and can't wait for part 2 I think cookie and meeko is perfect for each other. Shy needs to stop acting crazy and petty and that girl meeko was messing with before cookie that's saying she is pregnant need to stop playing the victim and own up to what she did wrong by using that man's sperm to get pregnant to trap him thinking he gone stay around. That's why it's not good to hope around with crazy ppl bc you never know what they will do

Johnne Johnson says

That hood love!

This book made me laugh so hard. I loved it. If sounding like anything about Meeko, you have to appreciate his honesty. This man is brutally honest and it's hilarious how he treats his sad excuse of a baby mother Shy. I like Cookie she is low key and minds her own business. Shy reminds you of the who're of the hood that's always sleeping around and getting beat up. She is nothing but trouble and when Meeko finds out all her dirty little secrets, it's going to be trouble and I can't wait. Kelsey smh, why? She definitely tried it at the end. I'm going to pray for her because when Cookie get to her and Meeko find out what she did, she will surely die. Princess mom was definitely team too much. I couldn't believe her. I liked Trell character too. If you want a drama filled book from beginning to end this is definitely the book for you!!!! I can't wait for part 2.

Kat says

Cookie & Meeko

This was my first book by the author and I will say it was good. Can't wait to see what happens in part 2

Ann Wallace says

I'm ready for part two

Ms.West this was a great story very realistic girl I mean like I fell in love with cookie reminds me of myself I love here character I hope meek can get it together and this shy girl omg ughh she just makes mad and this Kelsey I know she is going to die (I hope) she is just smh her and shy are acting like teenagers smh lmao I hope cookie and meeko stay together and be happy I love them together

Dee Cherry says

Cookie & Meeko

I enjoyed reading this story. The characters & storyline were realistic. It was a relief that despite Cookie's peaceful nature, she was not weak when it came to defending herself. I thought Meeko was good for her. Shy was the antagonistic character needed to make the story complete. Ready to see how Cookie & Meeko deal

with this new revelation that has crept into their lives

Ashley says

Good read!

I liked this story. Cookie deserves happiness and I hope Meeko can give her that despite all of the drama that comes along with him. I'm hoping they can work past the things that have arisen in the midst of them building a relationship. The last thing cookie needs is someone else to add to the insecurities that her mother that caused her to have. I'm looking forward to part 2 and I will be checking out more work by La'Tonya!

Pamela Johnston Ward says

Hood love

This book was a trip. I laughed so hard that my side started to hurt. That fight scene was off the chain. You absolutely have to read it to understand. Cookie doesn't bother anyone, but if you come for her, you better believe that she will definitely bring it. I love her and Meeko together. I hope that they can overcome all of his baby mama problems and have their happy ending in part 2.

Jasmin Watson says

Cookie and Meeko

This book was really good. I loved Cookie because I even though she a horrible past she still made sure to become strong and not let make her. I loved Meeko he was looking for love. Shy I don't know where to start with her because she is very childish and need to grow up. Rasheeda I felt got what she deserve. Kelsey is just as crazy and have no one to blame for her situation but herself.

ladyj says

Good read

This book was good. But I have to give it 4 stars because even though there's going to be a part two it was just to many unanswered questions or topics in the book that should've been brought up in this book instead of waiting until part two. Like it would've been nice if she a put chapter about his cousin in there after the shooting so that the reader could see where his head was at.....or the part when Destiny caught her mother having sex and That whole part....Then the they way it ended was crazy too. She could've just ended it with the girl telling them that she was pregnant. That way we the reader would have been more excited cause we woulda wanted to know what cookies reaction would be
....instead of ended it where they just got the fighting
...but. overall it was still a great storyline and it was definitely a page Turner so ill be waiting for part two.

Donica James-edgerton says

Wow Cookie is a trip I can't believe she said some shit like that to Meeko. Shy is so damn dumb like get over his ass already. I wish Meeko would keep his baby momma in check. Wow Toi is a Nasty bitch for wat she did to her cousin and then she always starting shit. Im so glad they got they shit together because Meeko and Cookie make a cute ass couple. Sheeda should be a damn shame because Princess didn't deserve that at all. Then for her mother to be that damn disrespectful is stupid. Wow Kelsey is a trifling

Reshemah says

So this is Love Without A Limit only with extra added to it. When I first saw the book, I thought it was part 2 and once I started reading I realized it wasn't. After going back and checking a few things realized exactly what it was so I continued to read it again with the extra added to it and I must say, all Mrs. West did was make a great book even better. ALTHOUGH, I'm still waiting on part 2 and after reading the revised edition, the story is just getting good!

Tera Taybron says

Addictive!

All I am going to say is: when I read a book and it's really good, I find myself wanting to fight certain characters because the book is so much like real life! There are a couple of folks in this book I would like to punch in the face! Lol but seriously, great read and as usual, Ms, West weaves a tale so life like, you can actually see it happening! Ready for part 2!
