Her Firefighter SEAL Anne Marsh

Discover New York Times and USA Today bestselling author Anne Marsh's sexy SEALs series!

For former Navy SEAL Kade Jordan, coming home is a miracle. Captured by insurgents in Khost, Afghanistan, he survived months of captivity when his SEAL team believed him dead. Now he's back in Strong, California—ready to rejoin the local smoke jumping team and rejoin the living. Falling hard for a team member's pregnant widow isn't part of the plan.

Abbie Donovan isn't ready to move on. After a fast-moving fire kills her husband, she's left alone and with a baby on the way. She doesn't need another husband and dating a firefighter would be crazy, but her rough-around-the-edges SEAL has a way of getting under her skin... and into her bed. Her life. And her heart.

All of the books in When SEALs Come Home are standalone books:

Her Firefighter SEAL

Kade and Annie were high school sweethearts but broke up and there was bad blood. Several years later Kade home from service and Annie's husband getting killed in fire. Kade tried to pull Annie out of her rut and old feelings come to surface. Can Kade and Abbie find their way back after their horrible break up?

Good book

Part of a series but stands alone. Kade and Abbie get their HEA.

I've been waiting for this story for a while; I'm so glad that Anne finally wrote a happy ending for Abbie and for Kade; I was hoping that they would end up together. Although this book is part of a series it also stands alone. However, if you want more background on Abbie's story you might want to read Sweet Burn. Reading Sweet Burn is totally not necessary to enjoy this book but I wanted to let you know about it. Kade's story kind of starts in Smoking Hot but, again, it's not necessary to read that to enjoy this one.

Abbie doesn't want another relationship but pregnancy hormones are really ramping up her libido. She's wants to do the "friends with benefits" thing with Kade. Kade doesn't have any interest in a relationship either but he and Abbie had a thing back in high school. The sex was the best he's ever had; so he's willing to accommodate her request to be "friends."

This sounds like a simple romance trope but Anne Marsh has woven a compelling story about these two people who have faced difficulties that most people can't even imagine. Their path to an HEA isn't straight but following the twists and turns in their relationship kept me glued to my ereader – I couldn't put it down.

If you've read the other books in the Smoke Jumpers / When SEALs Come Home series you MUST read this one. If you haven't read them it doesn't matter this is a great story about a smoking hot SEAL and I loved it.

I received an ARC of this book in exchange for an honest review but I also purchased a copy because I loved the book.

Note: as with the other books in this series there is liberal use of the F word. I only mention this because some people are offended by the use of strong language and then leave negative reviews.

3.5 for this one... Hot sexy hero with a cranky, whiney heroine. Loved Kade but disliked Abby for most of the book, so this let it down for me.

Kade has his demons. He has come home to heal. He hopes to become a fire jumper but his knee was messed up. If that doesn't work, he doesn't know what he will do. Abbie is pregnant and her husband has died. She has gone inside herself. Friends are worried. So Kade has been chosen to bring Abbie back to life. She was the one that got away. Will he be able to just stay platonic? He had me laughing at times. The back and forth between the two was fun to read. In the end, he messes up again. Only Abbie comes to realize maybe it was her fault this time. Love the ending.

Too Little Time, So Much To Read....

Made is an adventure, and after reading this book, I want so much more. The love is flowing, and it all starts with being friends. Benefits find there way into our life!

I LOVE this series and this book might be my favorite yet! Kade and Abbie: Abbie is pregnant and knows Kade from high school. He has returned from fighting in the desert with a bad knee but with a job to do: get Abbie to accept everyone's help. Abbie'e husband is dead and she just wants to be left alone.

This story is so cute but sexy at the same time, plus includes Stan, a mutt that is now Kade's dog. From him doing yoga at her studio and taking her fishing against her wishes, this is another wonderful addition to the series, which(and I think is important)you don't have to read in a row to enjoy this story. Wonderful!

Kade Jordan is a trained SEAL but nothing prepares him for an unexpected second chance with Abbie Donegan. Back then Kade thought Abbie was the one, however, she didn't believe his unromantic proposal and they split up. Years later, Abbie is a pregnant widow in need of a wake up call from her grief. Kade, recuperating from an injury, is corralled into being the one to coax her out of her funk.

I liked Kade. He's a gentle giant, doesn't take no for an answer, and knows he can help Abbie if she would just give him the opportunity. He's in denial about his knee injury he sustained in captivity. He knows he will be smoke jumping in no time and the whole firefighter/EMT gig-it's just a temporary fix to pass the time. But an unexpected second chance with Abbie has him completely reassessing what he's been looking for.

I admit I didn't know what to make of Abbie in the beginning. I realize she was grieving and hormonal but..wow, she could be cutting! Kade perseveres and worms his way into her life giving Abbie the opportunity to have a "friends with benefits" relationship where we see the shell start to crack around her heart and a thoughtful, tough, and deeply loving personality emerges. And their sex scenes..(phew!) pregnancy can really bring the creativity out in the bedroom!

This is a sweet second chance romance by Marsh and I really enjoyed it. This is the first time I've read the author and I am happy to learn this is part of a series-a new author and more books to add to my TBR pile!
