Girl

Eden Bradley

Girl Eden Bradley

In those breathless moments between pleasure and pain lie the most poignant truths...

I have signed myself over to The Training House: my devotion, my obedience, my body. It is what I have always yearned for—to lose myself in powerlessness. To be made to. But this place is more than anyone could possibly prepare for, especially the Master of the House. He is too stunning, too commanding, bringing out a yearning for submission in ways I have never imagined, and I am lost in nearly unbearable desire. He uses my body until he brings me to tears, then tenderly wipes them away, enslaving me to him instantly, body and soul. I cannot imagine existing without him, without his wicked touch, his strict and sensual command...

Until I meet another slave, and he changes the game of kink for me forever. How can I decide what my heart wants most, without risking losing it all?

From Reader Review Girl for online ebook

Gail says

This book is a look into the mind of a submissive. Pain, humiliation and degradation are facilitators of fear and contentment and it rules her mind and body. This is erotica in its nitty-gritty best.

Girl is a submissive. She only feels complete when all choice is taken from her. She craves a master who can take control of her body and her mind. This story is a journey through her inner thoughts and cravings that took me right along with her.

Aimee' has signed a contract that will make her a personal slave and the property of the Training House for a full year. She will be known as 'Girl'. Her first day, her first look at her new Master takes her breath away; the power he extrudes as well as his stature and beauty.

As her training progresses, a shift occurs and the Master takes a personal interest in her, and takes her to his room as a personal slave. Girl is not sure if this change is a good sign or not. She is completely content to serve and be used by him but wonders when it will end, and how it will affect her...

As a reader I found this story more of an experience than just a narrative. It made me want to know more. I hope to find out more in Book Two: Boy.

This book was given to me in exchange for my honest review

Tonya says

Very well written, intense. This is on more of the pain aspect of BDSM which isn't my favorite, however I found it fascinating. I will finish the trilogy because this one is left with a huge cliffhanger.

Laurell Grey says

I was given this book to read in exchange for review. This was the darkest BDSM book that I have ever read. I highly respect the author for going above and beyond with this very unique story. I enjoyed this book very much, I can't wait to read her next book "Boy"!!! I am HOOKED!! 5 stars, high respect for the BDSM lifestyle as well. Loved all the characters, looking forward to seeing them again.

Vasiliki says

3.75 stars

WARNING: This book is not for everyone. There are triggers that may offend you and it's an adult book. Please take the warnings seriously.

This is a very unusual book. I love kinky, dark, BDSM books but Girl is all of these and 1000 things more. The story is not obvious in the beginning but Ms. Bradley made me to keep on reading until the very end. The plot is slow but strong in a daring way. The setting of the story is extreme. And still, I couldn't put down this book. I needed to know what will happen to Girl. Ms. Bradley wrote a very kinky story full of emotions that kept me glued in my seat with this book in my hands. I felt like I was actually hearing the thoughts of a true submissive, the reasoning of the need for the pain. Totally insane but on the same moment, it made sense.

Girl needs to submit. The whole story is written by her POV and it's really intimate. Her personality is unique as I have never met a person like her but this is fiction and I love the possibilities of a book. .

Master is everything that Girl needs in a Master. I like him, especially towards the end that he makes more sense to me but not enough to have me under his spell.

The intimate scenes were totally crazy! They were a bit too painful, too cruel, too intense for what I am used to read but still they made sense in this concept.

The story ends with a cliffhanger. I mean a totally mean cliffhanger. I don't know if I can read immediately the next part of the story. Everything is so intense and feels so real that I need time to recover.

I recommend this book to the ones who love a kinky, deep BDSM book with attention for the emotions as well.

Elizabeth says

OMG Eden Bradley has done it again but on a whole new level. I was given this book for an honest review. Here goes...she placed me on my knees and made me feel every strike, every slap, every inch to even the fibers of the carpet. Eden do it again with Boy!

Cat says

Girl is the very first Eden Bradley book I've had the pleasure of reading, and I was gifted with an ARC from Ms. Bradley herself in exchange for my very honest review. I am truly humbled by this gift, as I was not at all expecting what I received. This is not a book for the faint of heart, and it is most definitely not a book for BDSM dabblers. It is a deep entry into the very heart of the BDSM lifestyle. This is the life's blood of the community, and it is unseen by all except those who deliberately search it out and prove their worthiness to enter into such sacred space.

It is *not* in any way a romance novel, even in the BDSM sense. Rather, it is a stunning and evocative entry into the depths of the mind of a consensual sexual slave. Yes, you read that right. Aimée is not just a submissive, not at all; she is a bona fide slave – she yearns to be told what to do and when to do it, craving the pleasure of servitude to her master's every whim at the complete loss of her own free will. The Training House grants her the inner peace she desires while demanding everything her body and mind have to offer. Short in physical length, this novella nevertheless draws you in and refuses to let go when you are finished.

The only drawback to me regarding Girl is that it is not a standalone novel. It does contain a cliffhanger, which to me is an instant downgrade in stars, but still a very strong 4.5 star rating. The writing is so rich and

the content is so redolent with imagery that you cannot help but be enraptured by the sheer decadence of the book.

Olga therebelreader says

A copy was given to me in exchange for an honest review.

This is one of those books that probably works better for other readers but just didn't for me. This book is dark and for mature readers only. The story talks about a girl's life as a willing bdsm slave 24/7 in the Training House. Control is given up completely to her Master. As a slave she lays at the feet of the Master all her fears, hopes, dreams and aspirations. She wants to be a well-trained and well-behaved slave and expand her limitations.

Girl has a darker side to it, it's not the darkest one I've read but still has a nice edge to it. This is a bdsm story but one of the heavy ones. Romance isn't widely explored; it's mostly touched near the end of the book. I liked it just fine, but not as much as everyone else seemed to. It was too short, I'd like to know more about the lifestyle, and some sex scenes to have been more elaborated. I loved slave Christopher and the mystery surrounding him.

Book One, GIRL, ends on a cliffhanger. Book Two, BOY, will be out this winter

My Review 5 Stars

Eden Bradley is a master with words. She weaves a story that keeps you captured until the end and even then you want more. "Girl" should be started with an open mind. It takes you on a journey through another side of BDSM that most aren't accustomed too. Just because you are not familiar with certain aspects does not make them wrong. Aimée "Girl" goes to the "Training house of her own free will." At the beginning of the book there is a contract. Reading it is very important. I feel that sexual preferences can go as deep as you wish and know one has the right to judge. As long as you are a consenting adult and are not in harms way. Eden is not only an excellent writer she is an amazing teacher. If you truly wish to learn about life like situations and proper technics, Eden is your girl.

"Girl" truly opened my eyes to a whole other side of BDSM. I have read other books about slave kink, but nothing as in depth and open to possibilities. Aimée has a deep need to submit in the purest form and the Training House never fails a victim. "You love it, don't you, little slut?" He asks. I want to answer that I do. But his hand slips between my thighs and finds my cunt slick with need. "Ah, yes. You fucking love it." The classroom fascinates me. What an excellent motivator to learn. Dildos, bondage, orgasms, canes, butt plugs, paddles, metal claws, and whips are just some of the exciting toys used in "Girl". The human mind is amazing; it can be everything or break you. "We all need something, Aimée. That's why we do this. It doesn't matter what it is, as long as there is no intent to damage anyone. Fetish is a coping mechanism as much as it is sexual. It's the fulfillment of needs." I am absolutely hooked and cannot wait for book two. Thank you Eden Bradley for all the hard work you put into your novels. You truly are a master!

Anne says

Wow! This is one dark, twisted story yet brilliant story. Eden Bradley nailed it with The Training House: Girl. A book with heavy BDSM themes and told from the perspective of the Girl, a slave. I have never read anything like this before and I was hooked from the first page as Girl meets her new Master and discovers just what awaits her at the Training house. The characters are detailed, the story is magical and it left me wanting more.

I will even forgive Ms. Bradley for the cliffhanger at the end, only because she does give a glimpse into book 2, Boy. Damn. I can't wait to read his story.

Jim Lyon says

This is a novella-length segment of a series focused on a somewhat fantastical "training house" for hardcore submissives of both genders. It is told from the point of view of Aimée, a new arrival who has signed a contract for a year in order to fully experience total submission. Despite the premise being fairly overworked in BDSM erotica, Eden Bradley's writing skills and superlative use of language make it a fresh and enjoyable read.

In no way could this book be accused of being BDSM-lite. Harsh punishments and rough sex are the norm throughout. Even when Aimée and Master Damon's relationship evolves into something resembling love, it doesn't diminish the intensity of their pleasure-pain play.

Readers who crave backstory should be pleased with the ample glimpses into the main characters' pasts that

are scattered throughout the story. The first person point of view provides both an intimacy and authenticity to the story as Aimée's inner dialogue touches on her reactions to her experiences at the training house as well as her absolute need to serve. Since this is part of a series, it has a short story feel to it—the storylines introduced are left unresolved. Overall, *The Training House, Book One: Girl* is a well-written book with enough D/s action to satisfy all manner of BDSM readers.

Donna says

Taboo, kinky, dark, confusing, hot, holy godness!!!!
This was fantastic and I can not wait for more

littleKitten says

3.5 "Everything" Stars

Morgan says

Disclaimer: I am friends with the author, but that doesn't affect the honesty of this review.

Girl is an incredible adventure into the darker world of BDSM... Not the occasional play session at a club, but insight into the perspective of a true lifestyle slave (which is not the same as a submissive). You can see how someone has unconventional needs that can only be fulfilled in handing over complete control of all aspects of her life to someone else... her desires and motivations for doing so, and the elite few who can actually satisfy those intense cravings and the charisma needed to actually do so.

This is not a light and fluffy book, it smolders with sensuality and shows how deep the mindfuck actually goes. Eden's years of experience in the scene clearly show on every page, ringing true with authenticity. I can't wait to read the next book and see how the captivating cliffhanger is resolved. :)

Paganalexandria says

Well that was...different. This is great BDSM fantasy, just not the type I'm into reading about. It reminded me of the classic film "The Story of O". A woman willingly entering a world to be trained into being the perfect sexually submissive slave. Hard core S&M is the ruling flavor here. Sure some of my other friends will like this a lot more than me. My rating reflects personal taste, versus quality of story. It does end in a cliffhanger, not in a drive you crazy type of way though. You just have to go the next book to follow the couple.

Read as part of the boxset.

Trish says

Loved this book!! Beautifully written and engaging. I woke up on the middle of the night and had to finish it. The kink is extreme (to my eyes), but we get to enjoy it through her enjoyment. Can't wait for Boy.
