DOODLE ART HANDBOOK: The Non-Artist's Guide in Creative Drawing Lana Karr , Olga Dee
Welcome to the wonderful world of DOODLE ART.

With the help of this precious book, Doodle Art Handbook, we will guide you to the place of creative drawing and help finding your inspiration.

You don't have to be an artist to be able to draw and create your own masterpieces.

The book contains:

25 **original tangle patterns** and many variations, divided into 5 section: from beginners to expert level. Various **step by step lessons** on how to start drawing while having little or no experience. Numerous original **art works** from Doodle Art collaborators. Step by step guidance on how to **draw animals, flowers, trees and other objects** in doodle art style. Some detailed instructions and advanced techniques for using **shading, depth and drawing 3d objects**. Ways to **relieve stress and meditate** with doodle art.

The Doodle Art Handbook will be useful for all levels of artists. It gives easy and detailed instructions with many examples for beginners. It shares a lot of wonderful art works to bring more inspiration to experienced artists. And it provides results of detailed research of the history of doodle art and its modern trends.

We are really glad to present the book after many months of collecting and processing of everything related to **Doodle Art**. Please enjoy!

punit kumar says

Great help

Very nicely explained from basic to advance level. Its a good read and rest workbook too.

Recommend to all who wants to explore themselves.

Ann says

Enjoyed this book . Lots of idea and it also shows how to start out doodling designs. A bunch of cool looking art. Shows and explains different patters and designs to use. Very informant book.

Liz says

There were a few inconsistencies and repetitive information. I would have liked to see more examples of patterns. Not a bad intro though,and it did inspire me to start doodling more.

sherri jones-teachout says

This was an interesting book. It teaches you all the filler shapes and designs to create all levels of doodle art. While the book shows you in step by step illustrations how to create some shapes and designs to fill in your artwork, not everyone will be able to create complex designs such as people, animals, buildings etc. In order to create these designs, you would have to have some artistic capabilities in order to imagine a certain subject and be able to draw it. This book is informative, and for anyone wanting to create elaborate geometric shapes, flowers, astronomical designs, etc you would definitely be able to. I was given a copy of this book for an honest review.

Karyn says

Super easy to follow. Excellent results!!

This is the first time I've tried zentangle. This books clear directions made for perfect designs every time. It starts with easy designs and brings you to fabulous advanced beauties. It goes on to discuss a lot of extras... like shading and patterns. I loved this book.

Kat says

This book is a rip-off!

The author calls it "doodle art" but has lifted most of her work directly from the founders of Zentangle®. I am a CZT: Certified Zentangle Teacher and am trained in this specific art method. I'm angry that the author has plagiarized the work of Rick Roberts and Maria Thomas.

Melinda says

Welcome to the wonderful world of DOODLE ART.

The Doodle Art Handbook is a guide to inspire you and bring out your inner Doodle creativity. With the help of step by step lessons you will be able to create Doodle masterpieces with no experience necessary.

The Handbook contains:

25 original tangle patterns with many variations divided into 5 sections from beginner to expert level.

Step by step lessons on how to draw, while having little or no experience.

Guidance on how to **draw animals, flowers, trees** and other objects in doodle art style.

Many original art works from Doodle Art collaborators.

Detailed instructions and advanced techniques for using **shading, depth and drawing 3d objects**.

Doodle art is an excellent source of stress relief and meditation, and can be used by artists of all levels. Please enjoy!

Granville Howerton says

Relax before starting major work

Very simple concept and well developed from a line to impressive folk art. The process allows the development of calming feelings.

Nicole O'Connor says

Wow! Enjoyable and informative.

This book came as a free download. The information it had to impart was excellent. Well illuminated in black and white. As an artist, this is certainly a book that I will enjoy returning to browse. Lana breaks patterns down into bite size pieces that are easy to understand. She also has an array of exercises to offer her readers. The book is well-written and offers a deeper insight to the theory and benefits of doodle art. An excellent read.

Dorrie Baker says

Enjoyable and informative

I found this to be a pleasant read. Anyone who likes to doodle would probably find this to their liking. It covers the basic through doing more complicated pieces.

Dorothy K Anderson says

Nice!

Plenty of step by step instructions to get you started. Good instructions on how to get started, necessary equipment, etc.

Maurine Starkey says

Clearly written and inspiring

I enjoyed this book. Language is easy and the insights were inspiring. This allows a beginner to exercise from easy to more difficult patterns.

Jennifer Hodgins says

Excellent instruction for all levels

This is my favorite way to draw, and this book has helped me get ideas to take my doodles even further.
