Modern Sex Magick: Secrets of Erotic Spirituality

Donald Michael Kraig

Modern Sex Magick: Secrets of Erotic Spirituality Donald Michael Kraig

Master a variety of powerful practices that heighten and amplify magickal energy raised during sexual activity, and discover how to use the energy to transform your magick and your life. This one-of-a-kind book is the first to clearly reveal the secrets of Western sex magick without relying on Tantric theory.

Straightforward and accessible, this illustrated guide to sex magick shows you how to take your magickal rituals and sexual abilities to amazing new levels.

- Reveals for the first time the sexual secrets of the Kabbalah dating back to the Temple of Solomon in Jerusalem
- Includes a summary and analysis of the rarest of Crowley's sex magick instructions: "IX? Emblems and Mode of Use"
- Shares the powerful secrets of women's little-known erotic areas, including the AFE Zone and the U-Spot
- Explores the outer thresholds of sex magick: sensory deprivation, bondage, and beyond

Anita says

Do I really need to give away all my secrets?

Kathy says

I really hate calling books "eh" because it's not descriptive or helpful. I honestly can't think of anything better than "eh". I was really excited to read this book. By the end of Modern Sex Magick I had to force myself to finish it. I have never been so bored in my life reading about sex. The beginning was so brilliant and the end was so incredibly dull. I felt like the book sucked my will to read. All in all this book was a massive disappointment. Here are the pros and cons of this book.

Pros:

1. Mr. Kraig is sincere and modest. Most authors believe they have an authority on a subject. They believe they are the master of what it is they are writing about. If the reader doesn't listen to them then it is the reader's fault. Kraig says that one should do whatever is comfortable to the reader or whatever feels right. Many of the spells or rituals can be changed according to the needs of the reader.
2. Mr. Kraig is very understanding that most sex magic in the occult has been biased or very anti-woman. He puts a humanist spin to sex magick. Sexual orientation or gender does not matter in this book . The only exception being the type of the "fluids" needed to complete a task. Other than that every spell or steps can be performed.
3. I really enjoyed the history of sex magic.
4. Kraig doesn't use silly words like chalice or sword to describe reproductive organs. A penis is a penis. A vagina is a vagina. If one can't read those words than one probably shouldn't be reading this book to begin with. (Although, if one has a sense of humor than one may enjoy the Joy of Sex drawings.)
5. This book does a marvelous job at explaining how magick works rather than how sex operates. If I was teaching a beginners class on magick I would use these sections for my students to understand how the laws of energy function. Kraig's explanation is the best I have seen thus far. Superior to what I have read in the past.
6. Kudos for including poly relationships and s&m since those two subjects are like walking on eggshells with regular people.

Cons:

1. If you're a Gardnerian, Alexandrian, or work with "High Magick" than this book will be a perfect fit. Not my thing. It doesn't click with me.
2. Shouldn't people who are experienced in working magick and now sex magick always be shielded. From the second one wakes up one should be shielded. Always be prepared if magick is to be done. So why is Kraig reminding people to invoke a circle or a shield? This should already be second nature.

3. As cool as reading about Masonry and Kabbalah is. This is not my reason as to why I picked up this book. Even if I did the spells or rituals relating to the Kabbalah I would get nothing out of it because that's not what I am interested in. Nor is it my path.

4. Kraig claims that this book shares all the Western sex magick secrets, but there is absolutely nothing Western about it. That's fine. It's just not what I was looking for.

Eyre says

I was interested in this book b/c I have enjoyed some of this author's online writing, but the problem with this book is that whole thing reads like a really long blog post. I gave it an extra star for being an lgbtqk friendly occult text and for hilarious ritual/position 'joy of sex' style illustrations.

Teleri says

Kady Nema has a chapter in this.

Cazangelcat says

I thought this was a great book as it certainly has given me food for thought or should I say "sex for thought". I enjoyed this book as well as the straightforward writing herein. Nothing is kept back about Sex Magick which is one of Witchcrafts and Mages best kept secrets and this book tackles most of what is practiced although not all.

Alia Makki says

Remember that time when there was the five of us in the house? And all of us were witches and we felt the energy tweaked even though nobody did anything sexual?

A quote on from the potential concerns of sex magick:

"This type of sexual/energy work is not the same thing as regular intercourse. One of the results of this type of work is that it may bring up feelings and emotions from the depths of the people who practice it. This can release long hidden anger, fear, rage, depression, fears, and other upsets.

When these emotions come out, they must not be ignored. They must be dealt with by talking and working through them."

I'm like, whoops.

Kiki says

Great research book! Can see a lot of stories coming out of this one! LOL
