Ghostly Holiday Lily Harper Hart

Christmas is here, and Harper Harlow and Jared Monroe have big plans for the holidays. Harper is ready to move into their new house – and find him the perfect gift. And Jared? Well, he’s gearing up to propose and he’s making Zander ring shop with him.

All those plans go out the window when a little girl named Zoe Mathers goes missing and her traumatized mother is zero help in tracking down the culprit. Suspects are few and far between, although Zoe’s deadbeat father is of immediate interest.

Between his most recent ex-girlfriend and potential sex offenders in the area, Jared and his partner have their hands full. Harper doesn’t make things easier when she stumbles upon the ghost of one of their suspects, and a whole new world of possibilities opens up.

Between Jared’s mother visiting, Harper’s ex-boyfriend asking for a visit in jail, and Jared waiting for the perfect moment to pop the question, Whisper Cove’s favorite ghost hunters have their hands full.

Jared, Harper, and Zander are determined to get a little girl home in time for Christmas, and celebrate their first big holiday together.

They just have to survive first.

It’s going to be a wacky Christmas, and if everything goes right, dreams are about to come true. Come along for the ride.

Another fantastic book!

I always look forward to each book in this series. I know I'm going to be entertained and I love the characters. Harper is one of a kind and so is her best friend, Zander. Harper and her boyfriend worked together this time to solve the mystery. It was good and I look forward to more.

Guenevere Garrity says

A delightful and heartwarming story!

While this mystery is one of the grimmer ones to date, there are so many special and funny moments in this story that you really do end up laughing while you're desperately trying to figure out what happened to little Zoe. Expert storytelling, characters you will love and humor fill this book. A definite must read!

Mushy but lovable (Spoiler alert)

Harper & Jared are so cute together, mushy but lovable. Harper sees & talks to ghosts which helps in this mystery. It involves murder & a missing little girl. By the end, 2 murders are solved, the murderer behind bars & a happy outcome. I stayed up all night to finish this story to find out I was right in who "did it". Sigh, I love happy endings!

Patrea Beard says

Loved it.

I loved this book. It has so much going for it. The character relationships were great. The story was sad and happy and romantic and even hopeful. Side characters finding peace, love, and happiness. Main characters growing and being their great fun, caring, argumentative (slightly in this book) lovable selves.

Highly recommend this book and the others in the series. I recommend all Lily Harper Hart books and her Amanda M Lee books. Happy and fun reading.

Fantastic Christmas Surprise

Spoilers ahead!

The friendship between Harper and Sander makes this series. But a Christmas Proposal made this book the best yet. The mystery was heartbreaking and heroic. Great wrap up before Christmas!

Elisa Hordon says

I have to say this one was an even more fantastic story than every other Harper Harlow book and I have just loved every story so far.

Ghostly Holiday took this series to another level for me. Harper, Zander, Jared and Shaun all stepped up a level in their characters it was just wonderful to read especially when Jared's mother arrived Pam was a blast she nailed Zander more than once...lol

The mystery was a doozy wrapped up in a horror story and just not what I expected at all and just proves even living in a small town you really don't know anyone even if you have known them forever.

I really enjoyed everything about this story

This was a great addition to the series. Yes, the mysteries are fairly simple and the characters are a little silly, but I read them for fun and Harper and her friends are definitely that. It would have been nice if this particular installment had been published before Christmas, though.

Awesome book!!

This story was tugged on your heartstrings.

It is christmas time. Jared is preparing to propose to Harper. Jared mother is coming to stay for christmas. It will be the first time Harper meets her.

During this time, a little girl goes missing. When one of the suspects is murdered, it causes all sorts of trouble for Jared and the ensuing investigation.

Will the little girl be found safe and sound in time for christmas? Who took her and why?

All these questions are answered.

I really enjoyed this book.i laughed alot during some scenes. Other scenes were heart wrenching and very sad.

I had an inkling as to who the culprit was that had taken Zoe from halfway through.

In this book you get to see Harper emotional side and her anger which is awesome.

Fantastic book from this awesome author as always!!

Exceptionally Good!

I really enjoy this series and this particular story was above and beyond, in my opinion. The mystery was good, Harpers actions were so sure and full of determination, how could she fail?
Well done!!

Best yet!

This series keeps getting better with each new book! Zander is so lovable even though he acts so spoiled. I love the chemistry between all the characters. Just want more ghosts!!!
All the story lines and plots are fantastic and this one was just right for the holidays. Hope we'll be seeing book #12 soon!!!!

Great Book

I love this series, especially the heroine's male best friend. But this time it wasn't the great characters that kept me enthralled, it was the storyline. I could not put the book down once I started reading it. I wanted to be out there searching for little 3 year old Zoe. And the ending of the book, wow. Intense. This was a great read.

Linda Franklin says

Great Christmas story

A new mystery and an old one are solved, thanks to Harper's ghostly abilities. Full of favorite characters, with a few new ones, Ghostly Holiday is a welcome addition to the series.

Philip Caracciolo says

Another wonderful one!

I absolutely love this author! I look forward to everything she writes! The only criticism I have is I want MORE! Thank you for these wonderful stories! A faithful fan!

One of my favorites

Loved this addition of the Harper and Jared series. A young girl goes missing, a cold case solved, Christmas miracles and surprises, this book has a lot of action. Zander is coming to terms with the move, sort of... This book is fun, quirky, sexy and sweet.

If you follow the series you'll enjoy this

A nice way to spend a rainy day. Wrapped in a cozy blanket, a good cuppa something hot& a pet or 2 snuggled soundly in my lap, as I read the paranormal adventures of Harper & Zander. My idea of heaven. In this one, it's Christmas time when it's supposed to be the most wonderful time of the year ...well it would have been, except for when an adorable little girl name Zoe goes missing. The single mother is beside herself with worry. The father?...wellll he's the most hated man in town for what he did to the mother years ago. Harper & Jared vow to find Zoe before Christmas arrives with any luck. Though the list of viable suspects is short & is about to turn cold as a corpse.

Meanwhile as the search of Zoe continues both Harper's & Zander's relationships move forward with their significant others.

Jared wants to surprise Harper with a ring for Christmas and keep a surprise. Unfortunately or fortunately depending on you look at Harper's bestie was with Jared when he bout the engagement ring. As we all know (if you've been reading) Zander can't keep a secret & is a tad bit shall we say dramatic. Will he keep it secret or spill the beans & ruin the romantic surprise?

Will they find Zoe before Christmas? Who the heck took her anyway & why?

Not to mention, will Jared propose to his ? Heart?

Read Ghostly Holiday by Lily Harper Hart and find out. Trust me you'll have a Ghostly ? good time.
