Matt says

Whoa, I thought this was a small short series at first. Is he going to try a Black Hammer style universe?... music was great again!

Amber says

Had the comic begun on this concept from issue #1, it would get the success it was striving for (and deserves!) but the lead-up was just... terrible.

The art was stunning and what the team wants to do is genuinely cool, so I do hope to see more from this universe they've created.
