Montana Summer Jeanette Miller

Life has never looked so promising for Shelby Hamlin. After weathering a lonely childhood, her father's death, and her mother's rejection for joining the Church, she is now engaged to someone who appears to be the ideal man: Brad Thompson, an ambitious BYU student who's stalwart in the gospel. And when Shelby travels alone to Brad's hometown in Montana while he's in California, she's warmly embraced by her future in-laws—with the exception of Cameron, Brad's resentful brother whose own engagement recently ended in bitter scandal. But as Cameron becomes Shelby's increasingly frequent companion in Brad's absence, their initial sparks of irritation become the glowing beginnings of a complicated romance. And as the two explore the breathtaking scenery of Big Sky country, Shelby's heart pulls her away from her carefully laid plans. Can she have the love she's always wanted without destroying the family of her dreams?

Tenille says

I couldn't put this one down! Great love story and shows that your true love may come when you least expect it! Shelby is engaged to Brad, a wonderful, temple worthy man. They plan to spend the summer together at his parents home in Montana, but his job starts earlier than expected, so she goes alone. She meets Cameron, Brads brother, and falls madly in love with him, and he falls for her. It was so wonderfully romantic!!

Pamela says

"Life has never looked so promising for Shelby Hamlin. After weathering a lonely childhood, her father's death, and her mother's rejection for joining the Church, she is now engaged to someone who appears to be the ideal man: Brad Thompson, an ambitious BYU student who's stalwart in the gospel. And when Shelby travels alone to Brad's hometown in Montana while he's in California, she's warmly embraced by her future in-laws—with the exception of Cameron, Brad's resentful brother whose own engagement recently ended in bitter scandal. But as Cameron becomes Shelby's increasingly frequent companion in Brad's absence, their initial sparks of irritation become the glowing beginnings of a complicated romance. And as the two explore the breathtaking scenery of Big Sky country, Shelby's heart pulls her away from her carefully laid plans. Can she have the love she's always wanted without destroying the family of her dreams?"

In the first chapter we learn that Shelby is engaged to the perfect man. It felt shallow and I thought that Montana Summer was just another typical, LDS novel - more than a bit irritating. I was wrong. Montana Summer is not the typical LDS romance. Jeanette Miller can write. Her talent is especially showcased in the relationship of Shelby and Cameron, with an emotional passion that each tries to deny.

If you enjoy LDS romance, this is a good one to spend your night with.

Amy says

This was a super fast and fun read. Not seriously deep or anything...just fun:0)

Cheri says

I loved it!! I couldn't put it down. I really enjoyed the descriptions of Montana and would love to visit one day.

Lori says

Wow...this was a great story. I think this is her first published story, but it was good to the end.

Rebecca Irvine says

My good friend Jen let me read this book, which was written by her relative Jeanette Miller. Montana Summer, published by Covenant Communications, is an LDS romance that addresses breaking up an engagement more seriously than any other book I have read previously. The author handles the challenging emotions of the situation in a believable and morally-grounded manner. And the emotional quality of the writing was potent without being overwhelming. I was pleasantly surprised by this debut novel and look forward to seeing more from Miller.

From the back of the book: "Life has never looked so promising for Shelby Hamlin. After weathering a lonely childhood, her father's death, and her mother's rejection for joining the Church, she is now engaged to someone who appears to be the ideal man: Brad Thompson, an ambitious BYU student who's stalwart in the gospel. And when Shelby travels alone to Brad's hometown in Montana while he's in California, she's warmly embraced by her future in-laws--with the exception of Cameron, Brad's resentful brother whose own engagement recently ended in bitter scandal. But as Cameron becomes Shelby's increasingly frequent companion in Brad's absence, their initial sparks of irritation become the glowing beginnings of a complicated romance. And as the two explore the breathtaking scenery of Big Sky country, Shelby's heart pulls her away from her carefully laid plans. Can she have the love she's always wanted without destroying the family of her dreams?"

Aimee (Getting Your Read On) says

This was a fabulous, easy LDS romance. I really enjoyed it. :) This book hit the spot for me the last couple days, like a good drink of lemonade. It was like brain candy. Or heart candy. I'll look forward to reading more books along these lines from this author.

Laura says

I loved it!!!!

Kathleen says

This is a great LDS romance by an author that is a great friend of mine. I hope she will write another soon.

Katie W says

Shelby had an unstable upbringing and when she joined the church, her mother disowned her. She sets some lofty goals for herself and finds herself engaged to BYU's most eligible bachelor. He sends her to Montana

for a few weeks in the summer to meet his family and have his mom help with wedding plans. While there, she meets his older brother, Cameron, and sparks fly. What is she going to do??

A story of self-discovery and love. I liked how Shelby was insecure and lonely, yet came off across as happy. Cameron was really amazing, taking the blame for someone else's mistake at the risk of his own reputation.

Christy says

I LOVED IT!!! I haven't read a real romance in so long! (mainly because they are all so naughty). This was a good, exciting romance. Even though I knew what was going to happen in the end, by the middle of the book I couldn't put it down. At 2:30 when I decided I needed to go to sleep, I dreamed about it all night and read it first thing this morning until I finished it (but, now I'm sad it's over). Loved the familial twists and turns, the deep, multi-faceted characters and I've never wanted to trip someone who uses a cane so badly (read it, you'll see what I mean). I wish there were more stories by this author, she obviously has a gift (and I don't say that because I know her). LOVED IT!!!

Aubrey Adams says

I usually don't enjoy LDS fiction because they tend to be over-the-top and (strangely) I usually dislike the characters and find them very hard to relate to, but I really liked this book. The characters were great, it was clean, and just a fun feel-good book.

Casey says

When you have those days when you really need a good clean romance this one will hit the spot.

The Sweet Bookshelf says

OhmygoshIlovedthissomuch!!!!!! THIS is exactly what an LDS romance should be. Period. It made me feel all of the things. The romantic tension is unreal you guys! I was practically jumping out of my skin the fire was so hot. When I finished reading I immediately checked to see if author Jeanette Miller had written any more books. If she had, I would have bought every single one.

From page one I liked Shelby. She is a very likeable character. She seems like she could be me, you, or any of us. She's...normal. Her reactions felt real. The dialogue flowed. I like it when I can put myself in the shoes of the main character.

Cameron, oh Cameron! I have the hots for you. I do. He is so down to earth and I love that he's a forest ranger of types. I love all of the outdoors-y things he does. He is desirable and I loved his mannerisms and that dimple of his. I can picture him in my mind's eye. Oh, yes I can!

The plot of very good. I mean, it takes you OUT of Provo. Finally an LDS book outside of Zion. Every

character was important. You got to know them all and you felt something for them. I had no trouble turning the pages. There was always something keeping the suspense going. It was awesome. There were enough surprises to keep me interested and moments that took my breath away. Kisses that made my whole body feel warm and instilled a longing inside me for these characters.

I enjoyed this so very much. I needed a good book and I'm so glad this was the one I picked up. It was worth every penny. I can't wait to read it again!

Rachael Dorrnsoro says

This book was really nice, I loved the forbidden love, although couldn't imagine how a family could handle it in real life, the characters were amazing so real and life like, the story is set in Montana, I have been to Montana and it really is lovely, Loved it
