### **Wanda (The Watered Soul) says**

A great story of love, pain, and forgiveness

---

### **Patricia says**

Re-read of first ever Christian romance I read featuring African American characters. Loved it then (2002) and love it as much now. Story holds up as does the writing.

---

### **Jeanette says**

I loved this book! The storyline reminds me so much of my own life. It's a good read for those who enjoy Christian fiction. It's a story of love, life's hard knocks, forgiveness, family and friends. You won't be disappointed!

---

### **Shawna Marks says**

Vertical Reach = 5

Cece and Nate are written with a window into their personal and corporate relationships with God. They are honest and grow in their area of internal conflict as they reach more and stretch more in their relationship with God.

Ministry Message = 5

Forgiveness and mercy are important to give to others and oneself in order to move on and live the best life possible. It is also reinforced in the lives of the Marvin and Shay.

Craft = 4

Benson is a seasoned author and it shows in the novel. She has well rounded characters, interesting plot activity and easy to follow dialogue. Setting and description are placed and tension paced well into the book.

Aesthetics = 3

I didn't like the cover. It just didn't grab me. If it weren't a Benson book I wouldn't have given it a second look.

Dollar\$ & Sense = 4.25

African American Christian fiction readers will love this book. Any reader who loves Christian fiction will love this story.

---

### **Sara says**

Typical Kindle Freebie, there seem to be 2 kinds, Christian Romance and the other end of the spectrum. This one is a Christian Romance. It's a fast read, a good way to spend a Sunday afternoon.

---

### **Kathleen Payne says**

"Awakening Mercy" is a well written Christian Romance novel about loving and forgiving your mistakes of the past, something we all can probably learn to do. I enjoyed the read, but I find I can't read too many books like this in a row, but rather I need to change around and read other types of books.

---

### **Adelle says**

A clean, cute love story.

---

### **Pam says**

My first read by this author and I thoroughly enjoyed

---

### **Debra Odom says**

This is a really good "make-you-feel-good" book. I like the characters in it CeCe and Nate and his friends. It is a breath of fresh air from the crime/mystery and urban fiction that I have been reading. If you are looking for a good inspirational book, this one fits the bill. This is a long book with 500+ pages but Angela Benson keeps you interested. I can't wait to read the sequel when Shay and Marvin get back together.

---

### **Amanda says**

I liked this book. I got it as a "free read" from Amazon for Kindle so I don't generally expect a lot out of those books. This book was well-written, had fully-formed characters and plot, and was just an overall enjoyable "good read." No sex, instead, courting- the way it should be, with Biblical truths blended in throughout. I would recommend this book to others with leanings toward this genre.

---

### **Sandra says**

I just started reading Christian fiction and this was maybe my 2nd book and I enjoyed it a lot. The Author seemed to have been rushing to write book so there were some details that she could have elaborated on but didn't.

---

---

**Lisa says**

Such a beautiful love story about two people who loved each other but more importantly they loved the Lord!

---

**Lindsay Foster says**

I just finished this book. It was excellent! I am glad I stuck with it because it was pretty slow moving in the beginning, and a little more drawn out than I typically like, but it was a wonderful lesson of forgiveness, humility, acceptance, and love. I loved the ending when the main character, Cece, used the thing that had held her back for so long to help others walking in her shoes.

---

**IB says**

Good story. Engaging all the way through. It did seem like the author belabored some things, choosing to go over and over them (mostly small actions and thoughts). But, I loved it anyway.

---

**Rose says**

I was in tears reading this book. The ending wasn't what I was expecting...But I still loved this book.
