Beth Anne says

Pread aloud to Emma and Will. Better than I expected! The movie Frozen, told from Anna's perspective.

Debbie says

This is the story of Anna and her sister Elsa. It is Disney adaptation of "The Snow Queen". It is a good story. There is romance, betrayal, funny adventures, and much more. I liked this story.

Holly Letson says

Everytime I read another of these books that is basically a retelling of the *Frozen* movie, I am reminded how much I HATE HANS!

Jess says

This gives parts of the story of Frozen from Anna's point of view and her thoughts on all that went on during the story. Really cute.

Katie says

My girls are 5 and 7. We got through about three chapters and they were done with it. We haven't picked it up since. I don't know if they are finally getting tired of the Frozen story or if it was something about the book that wasnt interesting.

Jane says

This is a Golden first chapters book recounting the story of Frozen from Anna's perspective, completely in first person. It's definitely a 5-star book because it goes above and beyond what you'd expect from a movie retelling. Anna's personality shines in this book and there are even details that you don't see or appreciate in the film.

"I feel Elsa's arms around me. I can hear her crying. That's weird for a lot of reasons. Elsa doesn't cry and she never puts her arms around me."

My 4-year-old loved being read to a chapter at a time, but it was a bit long for her. Older children who are making their way through chapter books should love this. Also included are a few well-done if simple illustrations.

Erica says

Good book...

this was a good book but they try to change the most important parts. but it is definitely worth 4stars

Ben Leovy says

I really liked the sings in this book

Carrie Asagiri says

It's a nice adaptation from Anna's point of view. The language is simple and it's great for kids who have started reading. I also recommend it for people who love Frozen and are starting with English.

Jerry says

It's great to see the story of *Frozen* told from Anna's perspective, but this book was so short, it felt like a *Cliff's Notes* version of the film.

Jamie says

A great adaptation of the film into an early reader chapter book. It is written from Anna's perspective, and it has a lot of humor and character--it is a great introduction for a young reader to a the world of chapter books. I read this aloud with my little girl and she has reread it to herself, too.

Natalia says

Really cute adaptation of Frozen through Anna's eyes. And the illustrations are wicked adorable.

Balters' 3rd Grade Class says
