Sea Shadow

Terri Farley

Sea Shadow Terri Farley

When an earthquake sets off a tsunami on the shores of Wild Horse Island, the mustangs of Crimson Vale are chased by the waves and left stranded on a dangerous hilltop.

Darby knows the lead mare, Medusa, will do anything to save her herd but will she let the ranch hands bring her to safety? Or is it up to Darby to save Medusa and her band before they're lost forever?"

S. says

I read this one before reading the previous books in the series. I decided I needed to go back and start at the beginning. So, I read the first in this series--and will read more AFTER I finish the Phantom Stallion series. The reason being, there are spoilers in the Wild Horse Island books that refer to things that happened in the Phantom series. So, if you don't like spoilers to your novels, start with the Phantom Stallion series first! That said, I am enjoying the books and have been zipping right along with them.

Nicole says

While the book was alright, I think it was my least favorite of the series so far. I was pumped that I got to hear from Sam from the Phantom Stallion series again, but I really wish that I would have loved this book more. I think that two natural disasters in two books in a row was a little much for me. Also, I thought that Darby was excessively whinny in this book compared to other ones, and she was really hard to sympathize with. I liked her much better in the last few books.

I did a video review of the book here: <https://www.youtube.com/watch?v=6C-hz...>

Jessica says

See the first book in the series for a full review.

Deb says

What can I say differently. This time Darby must deal with an aftermath of the earthquakes...a tsunami. Just pick these books up and enjoy.

Kris Niña says

.....i will love this!
