....

When Shy meets Jock, he finds everything he ever wanted, as well as things he had no idea he wanted. Hot and fun.

Amy Spector says

Trashy! :D

Funzee Shu says

That was how I wanted my first time to be. Forceful. Rough. Unforgiving. I wanted to be seduced by a guy who didn't give a shit and wouldn't call me in the morning. Who'd leave me used and dirty and feeling like a hungry slut with a gaping ass...

“So, you're one of those,”

“One of what?”

“A dirty little twink who needs a daddy.”

Well, what do you expect from this kind of book?

Yup, no doubt it's *trashy* and definitely PWP.

But sometimes we do *need* trashy reading as a snacks, right?

I don't care with the slutty-horny-virgin-twink who crave for pain & rough sex.

But no condom and safe word? Really?

Dude, you're smart guy, right?

Let's find out what happens next...

Ofelia Gränd says

Mindless filth, but I knew that when I started reading. I would've liked to see a safeword, though.

Sunny says

I may have winced a few times, but, holy crap, that was *hot!*

joani says

It was hot!!

These two Authors should just stay in bed together and Keep these boys at it. They are incredibly hot together. Josh knows what he wants and I think only Damon knows how to give it. I would love to read more of them together, I believe it shall be a very interesting relationship.

Annery says

Oh why did I just not buy the bundle!!! This was amazing but short and now I have to speed buy the rest of the story as I can see this was all set-up. It can only get better.

J says

DNF 39%

"I don't do safewords or any of that shit. If you want this, you want it, and you do what I say."

No safeword is not ok.

Arch Bala says

1.5 stars [<]

There's not much of a story here. Just a pain sl*t asking for it. The other guy was creepy as hell. A safeword would've been a redeeming factor but nada...

Got this one free from Amazon.

An additional .5 star for the cover which I really liked.

Joanne Jones says

I don't even know what to say about this one as I didn't even finish it, it bored me and I can't get over the whole *pain slut* stuff, I don't mind pain.....**BUT** it got old real fast and for a virgin it seemed unbelievable that he basically wanted to be kinda raped for his *first time*!!! BORING!!!!

Now I'm not saying that kinda stuff doesn't happen but I felt like it was over the top and that the author was just looking for anything to whip up and sell but hey at least it was free!! I would of been pissed as hell if I had to pay for that.

I don't mean no offence but I'm just being honest.

T.M. Smith says

When super smart Josh points out an error that super jock Damon made on an essay in their English class, he gets something he's wanted more than anything for quite some time. Damon's undivided attention. The problem is Josh is sometimes shy and has trouble speaking his mind. While he wants Damon in the worst kind of way, and wants things rough, he has trouble verbalizing it. Good thing Damon is a take charge kind of guy that wants nothing more than to put Josh in his place, tied up and underneath Damon.

If you are looking for a short BDSM light novella to wet your feet, then this is the perfect book for you. Josh is book smart, but his inability to voice his opinion probably holds him back. Damon is polar opposite and he recognizes the lust he sees in Josh's eyes, he also recognizes the need Josh has to submit to him. While their encounter is brief, it's off the charts hot and sexy. I would have liked just a skoch bit more passion between them, but overall this was just a fast, fun read that I devoured during my lunch hour.

Optimist ?King's Wench? & MANTIES Champion says

Werd.

I've read Misha Horne before and been thoroughly entertained, but apparently this collaboration with A.J. Sisko takes it NEXT LEVEL!

"A dirty little twink who needs a daddy."

This little freebie is crazy, stupid hot!

^^^Me. In my office. Reading this.

It was that good. I'm not even ashamed of my antics.

What more can I ask for than a horny, virgin twink that's a **pain slut** who wants to be ruined by the dumb jock from his English class? So much so that he, the English major, has taken to hanging out in the science

building because rumor has Damon, alleged dumb jock (I'm not completely sold on the dumb.), has reserved the bathroom as a sort of ruining ground zero.

Smart boy, Josh, sticks his foot in it and gets noticed by the jock and gets **GLORIOUSLY RUINED!!!!**

Like I was just another stop on his fuck train for the night.

I swear I heard angels singing.

The BDSM isn't exactly SSC, but it's not too far off the reservation. I find myself liking (as Jane Davitt calls it) DIY kink more and more. The size difference is used splendidly and Josh is a bit of a brat, though I like this form of pushing the envelope brattiness. Just to see what happens.

Damon is more than capable of shutting that smart mouth.

twirls

He's a newb. A newb who got his virgin, twink ass pummelled in spectacular fashion and, god willing, will continue to do so.

Wild boars couldn't stop me from reading the rest of this series.

Trio says

Damn, that was well written and hot as hell, I can't wait to read the rest in the series.

Maiko-chan says

Dropped at 30%.

"Are you seriously correcting my grammar?" he asked me.

I could correct your grammar. So many typos. Admittedly I skipped through a bit of the book to this point, because it just isn't turning into my kind of story, and mostly because for a book focused on correct English language usage it should really strive to *not have such simple typos*. I don't even care to skip to when they start having sex. And yes, I'm leaving this unrated.

I don't think I'll be trying anything by either of these authors again. Unless someone can tell me Horne's Rookie Mistake is really worth it? And I mean **really** worth it. As in error free.

Arlyn says

This was pretty hot. A young, shy college boy wants his first gay sexual experience to be impersonal, brutal and humiliating. He knows this isn't typical and he has no idea how to go about getting what he wants. He hears about a studly Jock in his english class and his reputation for roughly taking the virginity of young boys in a bathroom in the science building. The young virgin starts loitering in and around this bathroom. The jock notices this and eventually approaches him...though not in the manner or for the reasons one might think.

The jock turns out to be everything the boy wanted and many things the boy had no idea he wanted!
