Fear II

Amarie Avant

Fear II Amarie Avant

Luxury's sole desire is to love Victor, a man that cannot love her. She once feared him. Mysterious and dark, Victor's cerulean eyes hypnotized Luxury's mind and commanded the drumming of her heart. The Duke has claimed her. Victor will keep Luxury against The Queen's order.

As the palace echos with footsteps, the English dare to whisper the horrible truths.

Suspense crescendos along with intoxicating sex.

The beast has made it clear who Luxury belongs to and how much of him he will allow: Money. Sex.

Nothing more.

The stakes are high. Now fear... love.

BWWM, interracial romance, suspense, thriller, erotic, drama, alpha male

Nancy L Thompson says

Loved It

But I'm pissed at the ending. And then you tell me that the next installment won't come till June.....I loved this installment and the series Thus far. I hope the next installment is worthy of this series. Very few typo's in this book. But there were a few added unnecessary words here and there. It made things a little hard to decipher some times but for total context I still give it 5 stars

Sophia says

.....Okay

Okay first off this story had me confused. I don't know if it was the grammar or the sentence structure but I couldn't figure out what I was reading or who was speaking most of the time. Second, half the book was a bunch of nonsense to me. Where it was leading to took forever. But when it finally got there it was on. Now I'm pissed because.... Well I can't really say. To me this really didn't measure up to the first book.

Nicole Dunlap says

Even better than the first. Victor and Luxury have already been through much right from the start. Book 2 jumps right into the action. The sex is steamy and heartbreak is inevitable. For two people who seem to have nothing in common, Vic and Lux made me root for their love.

Katara Johnson says

This is book two of the thrilling relationship between Lux and Victor. I love how the author takes the reader deeper in Lux's and Victor's past. This book answers some questions but brings up more questions such as will their relationship be able to last? I am anxiously waiting for book 3 to come out!!!!

DivasoftheSerengeti_Lioness says

Amazing read!! I really enjoy watching how the relationship between Victor and Luxury continues to grow. Victor is the ultimate alpha man, my way or MY way type of guy. Luxury is a young woman that wants to just be loved by Victor. Amarie Avant did a great job weaving this story of mystery, intrigue, hot, hot, hotness and family secrets. Great job and I highly recommend this read.

Tracy says

Wow need more

Another awesome read by this author. Can't wait for part three have so many questions.

Wow this book has so many twists and turns that I did not see coming. I thoroughly enjoyed this book awesome read.

Sandra says

Unfearful

I had forgotten the premise of the first "FEAR" novel when I started the second. It was not as I expected! The story between Lux and Victor was not only HOT, but maudlin and sorrowful. Interwoven with her mother's tale, this was an EXCELLENT story!

Moneka says

Amarie Avant you have done it again,another #5StarRead!!! I absolutely adored Victor & Luxury' s relationship. I enjoyed this book soo much, I can't wait until July for Part#3!!!

Review:

"Fear 2: Falling in Love with An Alpha Billionaire [BWWM]" by Amaire Avant

What I loved from this read...

There is only one thing I can say and that is this author did it again and that is giving a reader a second read that will keep you entertained till the end.

What I liked from the read.... Drama, drama and more drama from these two main characters and let's not forget some of those amazing secondary characters that will keep you on the edge of your seat turning the pages! You, the readers are really getting a story of a erotic romance, suspense, mystery, thriller, action, family secrets, twist and turns but in the end wow what a alpha male. This author really worked her magic

with this storyline with all of the details she presented...you will have to keep up!

What I hated from this read....

It's a Cliffhanger! We, the reader will just have to wait for part 3 to see how this story will unfold!

Nene says

All I can say is Awesome.

Tameaka Looney says

Awesome

I have no problem with sequels as long as their good and you seem to have no problems with writing a good sequel so I'm not at all disappointed. I loved fear and fear 2 and I'm sure book 3 will be equally amazing.

Rita Ames says

I enjoyed both books in the FEAR series so far and would have liked to have given this five stars. However, being English, I found the story just 'slightly' far fetched in a couple of places which made the read not as comfortable as I like.

That being said, there are some amazing characters in the sidelines just waiting for their chance to shine so I hope that Book 3 will be bringing them out a bit more. Lake was an interesting character and I wondered which way he was going to lean. He could go either way at the moment and I hope he has some presence in the next book as I would like to see more of his story.

oooooh, I see Book 3 is available. Bought it and now I'm off for some quality reading!

Keionna Harmon says

I usually do not write reviews. But the author is very interactive with her fans, and humble to respond to almost everyone, I just hope i could help her in her writing journey!

After setting a reminder that I needed to buy this, I had this programmed into my phone (I wanted it that bad). I am happy to say I enjoyed the book! Mrs. Avant went into great detail with the story. It was a comfortable read. When I thought I figured something out, turns out I was surprised! And I loved everyone! I loved how (spolier) she allowed Gina views, even from the dead, come back into play. I rather read a book with each person emotion, personality, etc coming through. I feel more connected, therefore more interested that way. Its not the typical love story nor is it the typical BW/WM or even billionaire alpha love story. It is a breath of fresh air. Even though I hate cliff hangers for my own selfish reason (I NEED TO KNOW WHAT HAPPENS) she ended it perfectly. Its unfortunate that July is so far away!! But I am now a loyal fan who awaits July! And look forward to many more from this author!

Layeshia says

Lack of control equals fear!

This is the second book in the Fear series. And it continues the love story of Victor and Lux. He's a hitman for hire and she's a college dropout. They meet when Victor is hired to expire her father. But before he can execute the hit he meets her and is completely intrigued by her. Lux is also very intrigued by Victor his looks and his alpha maleness. However both of them are fearing the one thing that they both need in their life which is love. This edition of fear is a page turner definitely five stars. I totally recommend this book also please read fear book one first.

Janice Ross says

So much drama & so much hotness rolled into this awesome read! After the end of Fear I, I was curious to see how the author would make it work for Lux and Vic, but I wasn't expecting all that I got in Fear II. The emotional connection between the two of them was so deep, even though their lives were worlds apart. Moreover, the way that Ms. Avant allowed things to unfold...Wow! This series is so much deeper than two people meeting and falling in love. The Fear series encompasses the sum of all things that make us tick, in relation to how we love, forgive and cope with the realities of life. Amarie Avant is simply awesome pushing the limits. A must read for those preferring a read with depth!
