Pearl's Blaze G.M. Scherbert

They almost took her away from me. When I find them they will pay and be put to ground. I will let her heal, but I will not live without her for much longer. She will be mine and there will not be a day that she questions who she belongs to.

I don't know how I will do this alone, again. My body, heart, mind, and soul are broken and I just need to feel something, anything. I have to find a way to get what I want, no need before I go insane with this pain.

Once again GM Scherbert did it again with another amazingly written book. This one took you on the crazy ride of Pearl's emotional repair and keeping a level head for the sake of her family and the new one to join. Blaze swooped in to be the man that Tank was supposed to be all the while of staking his claim.? Just as things started to feel normal again, another traumatic event happens. As if Pearl hasn't been through enough already, at least she got to heal some wounds on her own. Just when things were progressing along, a certain someone pops in to stir things up. Revisiting feelings and wounds that we're starting to scar over, all of that down the tubes! What is Pearl going to do next? That is the next question and I can't wait to find out! Thank you GM for another amazing ride! Excited for the next!

Cynthia Villarreal Ortiz says

Pearl is too distraught when Blaze comes in to save her. She wants to forget what was done to her not only the rape but also Tank's departure and his belief of her being a whore. She is trying to regain control of her life and her new found pregnancy when Blaze comes into her life.

Blaze knows he wants to claim her as his own. He knows she is not available but he will try to help her forget about what Tank left behind about the rape and he will bring those responsible to justice. Devil's Iron Justice.

They both need each other so much that they both want to make a normal life for each other even though in e back of her mind, Tank still lingers. Blaze will submit her to his will make her his Pet, his Old Lady and even his wife. She gladly accepts and that is when he returns. To reclaim what is his, what he thinks is his, but Blaze tells him other wise.

She again is left wondering and doubting...

Highly Recommended!! Loved Blaze for his command and Pearl for her no nonsense attitude. Tank needs to grow up.

** Received ARC for truthful review.**

Now she wants time alone!... Who has sex as soon as getting their kidnapped girls back. Her kids are just a background only coming out when convenient.

Maria York says

Just damn! If you thought that the first book was good, you are in for one hell of a treat! Book 2 is so much more!

Pearl is finally getting through the issues that have had her tore to pieces and then bam something else happens to mix everything up! Her and Blazes relationship is taking off, the girls are doing great and they find out what the sex of the babe is! But then BAM again things change and Tank is back!

What a wild ride and I can't wait for more! I need more and like now! Lol amazingly written, brings you

right in from the first page and one of my fave series of 2016!

Shawna Marie says

GM Scherbert really knows how to take you for an emotional ride! Once again, she had me on the edge of my seat, anxiously reading to know what would happen next. I couldn't put it down. Looking forward to her next installment :)

Love this series? Give me more. Blaze and Pearl. These endings insane.

Michelle Brace (Wicked Babes Blog Reviews) says

So I wasn't sure if I would like this one because I was so set on Pearl being with Tank but OMG I LOVED Blaze. GM did an amazing job writing this one for sure. I like the first book but I LOVED this one. There are things in here that might trigger some if you aren't into the D/S lifestyle than this is not for you.

Pearl is trying to deal with her rape, her unexpected pregnancy, and raising her kids. Her attackers haven't been caught and just when she thinks she can trust in Blaze he says hurtful things to her. She isn't sure what to do and just wants to be able to forget their touch but Blaze denies her so she sets out to do it on her own. She is surprised when Blaze comes charging in and laying claim to her. Will she let Blaze in? Will she enter into a relationship with Blaze? What happens when her attackers come back? What will she do when Tank comes back?

Blaze never thought that he'd want an ol' lady but after the one time of being with Pearl that all changes. He wants Pearl like he's never wanted anything before and after finding out what she went through and Tank's abandonment he sets out to be there for her and to take care of her. He also plans on making her his when she is ready. He messes up and says stuff he didn't mean one night and after Pearl tells him to leave he has to be there for her secretly. He won't let anything happen to her or the girls and makes it his mission to find those who hurt her and make sure they never can again. What happens when the attackers get one of his own to join them? Will Blaze be able to keep his promise of keeping them safe? Will Blaze be able to stay true to Pearl? What will Blaze do when Tank comes back?

OMG the ending is killing me. I NEED more NOW!! Well done GM your books just keep getting better and better and I'm waiting on pins and needles for the next one. Please hurry!!!

Amazing! I actually started backwards and am currently reading Tank's Pearl, but it is so well written that I don't feel like there are holes in the story. Pearl's trying to get her life back on track after the events at the end of Tank's Pearl. Markus aka Blaze or Prez is determined to right the wrongs done to Pearl and claim her as his in the process. Get yourself ready for super steamy scenes as well as having moments where you'll feel

like getting punched in the gut and not being able to hold your tears back.

Danielle says

Good second instalment, I don't have the same emotions as I did with the first book but it doesn't mean it's a shit story.

She's a Lip Biter says

An ARC was received for an HONEST Review

After events occur in the first book, Tank's Pearl, Pearl is left broken. She feels like she will have to overcome the tragedy she has suffered alone, just like she gets through everything life has thrown at her.

Blaze is the President of the Devil's Iron MC. After finding Pearl alone and broken, he tries to give her the space she needs to heal and work through the tragedy she has suffered through. Even though he wants to be with her, he tries to give her space.

Throughout the second book, I could feel and understand what the characters were feeling and going through. I didn't think I could love a book more than I did Tank's Pearl, but I was wrong. I fell even more in love with the characters. I highly recommend this book to anyone that has not yet read this series. Please, take a chance on reading the books GM Scherbert has written about Devil's Iron MC. You will not regret picking these books up. You'll be taken on a ride that you won't forget!!

My mind is going a thousand miles each direction. I love Tank and Peal together but I also love Pearl and Blaze together. I am almost a little nervous to see how it will turn out.

As you already know for the previous story Blaze has made his claim on Pearl. Don't get me wrong I love Blaze. He give Pearl something different then Tank. Blaze like Tank is good with the girls as well but there was something in this story that had me questions his loyalty to the girl. There was something Blaze did that I could never see Tank doing. For this I think Tank is better for Pearl.

Pearl as we know has been beaten and raped. I do feel she jumped the gun really quick when it came to getting with Blaze. She is also having to deal with being pregnant again and not know who the father is. I have to wonder if she will do the right thing and get test results so the real father can be apart of the child's life.

I loved how protective the club was of Pearl. They have taken her in as their own along with her girls. Her being in danger it was good to see.

Oh, the drama when Tank showed up. I can only imagine the hurt and betrayal he must of be feeling. Don't

get me wrong, the way he handle the whole situation with Pearl was wrong but I still feel sorry for him.

I am wondering how things are going to turn out. I guess I am still rooting for Tank and Pearl but I would like Blaze to be a part of their life as well. It will be interesting to see how this is going to turn out.

Cliffhanger Alert!

How I hate myself I kept reading to see if the fool was going to change her attitude and create a backbone. But she just traded a jerk on the other asshole.

She jumped from one relationship to another without even breathing and logically that led to the disaster.

I'm still impressed as a woman is raped and assaulted the way she was and then are wanting sex again shortly thereafter.

She is a poor excuse for a woman. And bareback too that's a DealBreaker. She hardly knew the man and was already having sex without a condom and without any kind of birth control. It's pretty irresponsible. And now she doesn't even know who is the father, because the supposed hero in the first book did she have sex with a bunch of guys as a means of punishment. Very dumb!

And she leaves the children with anyone who is available to take care of the kids so she can fuck.

I told you that I hate myself, Yes, here's proof.

I can't get enough of this series! After finishing Tank's Pearl I quickly wrote my review because I had to get on to this book to see what was going to happen with Pearl. . At the end of book one Pearl locks eyes with Tank that fateful night he leaves her there to be brutalized by two men.

After feeling more than he knew he should after having Pearl at the Dungeon with Tank's permission, Blaze has come in as Pearl's knight in shining armor. What does Blaze have to offer Pearl that she just can't refuse after being left at the lowest point in her life by the man she loved?

If you want a read with a lot of hot and dirty sex that has you, along with Pearl, falling for yet another biker who happens to be the Prez of the Devil's Iron MC this is just the book for you. Now I'm off to read Pearl's Awakening and hopefully get my fill of yet another MC read that has me turning pages as fast as I can.

Tracy *To the point Reviews* says

No words. Too many words.

Weird writing style. Weirder concept. It's a Biker, BDSM, secret dungeon, voyeur sex play shitstorm, combined with some of the worst dialogues and unrealistic moments I've ever come across in my humble

romance reading history. I so laughed the whole time. Well, not the whole time but when I realized how unbelievable this whole thing was. Could have sworn this was written by a 14 year old. And also, I never heard such well spoken bikers. They must have all gone to private schools in England.

I am trying so hard to not flog this bad book repeatedly that I have to give myself a safe word

...NOT!

Drama was there granted, but OMG!!! Did I already say OMG? I DID! But what I meant was OMFG!!! I don't want to insult those who enjoyed this, because we all have our personal taste. But this reaches beyond the realm of twilight for me! I found it entertaining because it was so out in the left field of WTF valley. I was going to stop but... I had to see where this train was going. I couldn't NOT finish it.

So I took the ride to the end of craycray town. Holy batshit guys! Am I insane? Yes, I am or I'm a masochist. I read parts, skipped parts, skimmed parts and re read the stuff that was batshit nutballz. I actual reread some dialogues out loud to myself just to see how off they sounded. Many examples of writing where the wrong words are used, or too many words used, words missing, wrong word at wrong place. no punctuation, repetitive topic... It goes on.

More so than anything, The heroine lets all the men around treat her total shit. They control her life and she barely has time for her kids bc she's always having sex. Its gross. Even pregnant from lord knows who she goes to the BDSM club? Seriously? After being raped? Please.

This is rubbish Ya'll. Not reading anymore of this tripe.

This story showcased Pearl's badassery. It was softer, sweeter, but incredibly hot. Some jaw droppers, and the author continues to weave the story such that you are dying to know the answers. The stark differences between Tank and Blaze really show in this one, keeping you from figuring out which one she'll actually choose.
