The Fated Dragons Box Set Emilia Hartley

Get the complete Paranormal Romance Series packed with Romance, Action, and lovable characters throughout! The Fated Dragons Box Set is complete with all the steamy romance and suspense that you've been waiting for. These dragons do NOT mess around!

Mated To The Dragon (Fated Dragons #1)

All her hard work had paid off. Dakota was *finally* going to be studying Art History abroad at Bangor University in Wales. It was a dream come true, everything was going to be perfect. Or so she had hoped. She knew about the dragons of Snowdonia, how couldn't she? The whole world knew dragons existed ever since The Occurrence. It's been years since then, but the one golden rule of the university was never get involved with a dragon. Dakota knew the consequences, she'd be sent home if she was caught even looking at one. Yet... here one was, standing in front of her in all it's glory. ***There was absolutely no way she could tell anyone about this!***

Wesley was a bit of a show off. To be fair, he was flying home when he heard the girl gasp. His beast took control and flew straight toward the pretty little vixen. There was something different about this woman, he couldn't quite figure it out. She clearly thought he was magnificent, she wouldn't have gasped otherwise. Then why didn't she pay attention to him when he approached her? ***Even hours after he'd left, she was all he could think about...***

Freed By The Dragon (Fated Dragons #2)

After the his cousin's mate had been nearly killed by the Guardians of Existence, Gareth knew he had to do everything to protect his kind, no matter the consequences. Even if that meant going against his clan leader's wishes. All he had to do was prevent this pretty little GOE official from going through with a terrorist attack that they would pit on his dragon clan. No sweat... ***And to make matters worse, his dragon decided to choose this dangerous woman as his mate!***

Rhiannon had been practically raised by the Guardians of Existence after her parents were killed by dragons at a young age. She hated dragons, and she would do everything she could to eradicate them from Wales. It would be better for the human race. At least, that's what she'd been told for her entire life. ***Despite all of this, why couldn't she bring herself to hate this red-headed dragon stud that was trying to prevent her from going through with her mission?***

As she learns more about her dark past, and the true corruption driving the Guardians of Existence, she finds herself falling for the handsome dragon man trying to protect his clan. ***Will she go through with the mission, or will Gareth and his dragon be able to persuade her otherwise?***

Seduced By The Dragon (Fated Dragons #3)

This pretty young lady is the Witch of Caernarfon? Well that makes my job much more enjoyable. Who would have known that a witch of 150 plus years was this fucking sexy. What I would do to take her right

now. But that's not the plan. I need to get her to trust me. My family needs her to trust me. This powerful little witch is going to be the one to turn the tides of our battle against the white dragons. *All of our lives depend on me seducing her...*

No pressure!

Falling For The Dragon (Fated Dragons #4)

Golden eyes? *Not again...*

What's up with all these shifters coming to interfere with our territory? *We've finally gotten one threat under control, but here's a new one staring me right in the eyes!*

Tall, thin, and tanned. She's damn sexy. I can't help but wonder what her dragon looks like. No, I need to find out what she's doing here. *I can't let my emotions get in the way of protecting my family!*

Claimed By The Dragon (Fated Dragons #5)

Ever since the attack, Liana had been different. Not different in the way Rhys, her brother had worried. She was stronger than before. She didn't need everyone to baby her that's why she couldn't stand Dane, the American Dragon babying her. What's more, she hated that she was being taken from her family. There was no way she'd enjoy America. *She just knew it!*

What are you waiting for? Jump right into these steamy books of strong dragon men and their fated mates!

Warning: *This series contains lots of sexy shifter action, irresistible mates and steamy love scenes. Tons of mouth watering Paranormal Romance bonus content included!*

From Reader Review The Fated Dragons Box Set for online ebook

Esther Alayeto says

Great series all in one collection! Each and every book is wonderful and I love having them all together. I love following the characters from book to book. Great storylines that are all very well written and developed. You don't want to miss this fantastic series!

I voluntarily reviewed an advanced reader copy of this book.

Jara Beaubien says

Mated To The Dragon

Dakota finally made it the the University of Wales, it had been her dream, well it was what she hoped for. She also knew about the dragons of Snowdonia, would have been hard not to know about them.

Yet... here one was, standing in front of her in all it's glory. There was absolutely no way she could tell anyone about this!

Wesley was a bit of a show off. When he spotted this girl as she gasped, and he tried to really get her attention . She clearly thought he was magnificent, why did she not pay attention to him, yet hours after he gave up all Dakota could do is think about him.

Would they meet would they manage to avert all that was coming their way?

Freed By The Dragon.

After his cousins mate was almost killed by the Guardians of Existance, Gareth was aware that he would have to do everything to protect his kind, not latter what would happen. even if he were to disobey his leaders orders.

All he had to do is to prevent the pretty little GOE from going through a terrorist attack that would pit him and his Family, and to make matters worse his dragon decided that this woman was his mate.

Rhiannon had been practically raised by the Guardians of Existence after her parents were killed by dragons at a young age. Not only did they raise her but she also hated Dragons because they had killed her parents long ago. No matter what she could not bring herself to hate this red-headed Dragon.

Little by little she learns about her dark past and the true corruption that guides the GOE. And true to everything she finds her self falling for the handsome dragon man, that is trying to protect his people.

Will she go through the mission or will she finally connect with the dragon man???

Seduced By The Dragon

The Witch of Caernarfon? interesting mix here, we now have witches and dragons. Her abilities would be the salvation of the Red Dragons makes my job much more enjoyable. I need to convince her to trust me to come back with me, but she does not want to fully trust me, and now I know she is my mate, things go a bit off the line here, and I almost loose her but will the end be what we both need, will she accept the fact that she is my mate and I am hers

This powerful little witch is going to be the one to turn the tides of our battle against the white dragons.

Falling For The Dragon

Golden eyes? Not again...Why are shifters interfering with our territory ? We finally got one threat under control and now there is a new one staring right at me.

She is Tall, thin, and tanned. She's damn sexy. And here I am wondering what her dragon looks like, but

dang it I can't allow my emotions get in the way of protecting my Family my Clan. But bigger forces are at play here as I get to know her and I also come to realize that not only is she my mate, but she is far more then I deserve.

Claimed By The Dragon (Fated Dragons #5)

Liana is different since the attack, her brother Rhys is worried about her, she has not changed into her dragon since the attack . She was strong before, but now she is far stronger then all of them, everyone is trying to baby her to take care of her and she does not want the , this is also why she can't stand Dane the american dragon. Yet she is being sent back to America with Dane, will she overcome what she is hiding will she accept her feelings for Dane?

david I hutchison says

It is crazy

Some how we started with dragons then into wolves and bears. Following that a novella(sp) on love , death, and a curse. The dragons were good, wolves were okay and bears not bad. The writing was excellent up to a point. The mixture did not blend well. As individual series it either of them would have been very good but together conflicted.

Slb says

4.5 the story of the red dragons read through books 1-5. Was very good reading and satisfying, I did want more though. This is filled with a storyline and plots of Dragons trying to live next to and with humans. Of course villains sabotage, white dragons, evil gov. men, Egyptian Dragons with their own agenda, Dragons with PTSD coming out the other side stronger and loving. American Dragons joining the fight to bring a peace for all Dragons. The Dragons setting up agencies of their own to handle dragon problems. Good plots, well written. Romance and Sex but not taking away from story. I have read these 1-3 separately and find I prefer to wait for the series so I can read the continuing story through. Fresh content doesn't bog down.

Emily Pennington says

I have read most of the books in this collection and really enjoyed them! Below are reviews for the most recent release (Book 5) and two earlier books of the series to give you a sampling of the stories. You won't want to miss this great set!

>> Reviewing "CLAIMED BY THE DRAGON - BOOK 5" (NEW RELEASE) <<

The Red Dragons were meeting to make some decisions. Wesley's father had died and he was to step up to the leadership role as heir to the red dragons. But he was devastated and needed some stern coercion. Liana had been ordered to go to the United States with the visiting American dragon, Dane, to start an embassy; but she was hoping Wesley would rescind that command so she could stay in Wales. Dane took Wesley outside to talk and, when they came back inside, Wesley was ready to listen to the others and make the necessary decisions as their leader.

Liana had been hurt in the battle with the white dragons and now a monster lived inside her. She feared shifting because that monster craved blood and she did not know if she could control it. But Dane recognized her suffering, and he knew that now was not the time to tell her that he was her mate.

More challenges will face them in America. Will Liana ever be able to gather courage and shift? Will her dragon return or is it lost to the monster? With secrets and an enemy at home, will Dane get Liana to trust him?

This is a wonderful concluding book for this excellent series. This is an excellent time to purchase the box set and satisfy your love of dragons!

>> Reviewing "HEALED BY A DRAGON - BOOK 2" <<

Eight-year-old Ella woke up in her dark bedroom with a feeling of fear. The house was silent, but she didn't feel like she was alone. The light was on in the kitchen, so she quietly made her way downstairs. She heard odd sounds she could not identify. She peeked and saw her parents in a pool of blood on the floor while two lizard-type creatures appeared to be eating them! She gasped and they moved toward her. She was rooted to the spot! Then the front door burst open and a man in a cloak ran past her and killed the creatures with a sword. The man, Jacob, then took her by the hand and led her away before the rest of the creatures arrived.

Now, 16 years later, Ella is a Hunter for the Order of Midnight. It is her job, along with Jacob, to hunt the Scales, the creatures who killed her parents. Normally, their hunts were kept out of the public eye. But now the Scales were killing and, instead of dragging victims to the sewers, were leaving half-eaten bodies in plain sight.

Zarik, a Dragonborn Ranger, was also out prowling the dark streets to protect humanity. He knew something was killing and eating people. He found two Chokan creatures in a field. Unfortunately, he soon found their skin was armored and his blades bounced off. With weapons ineffective, he breathed out his own dragon fire which brought down the first creature. The other ran and escaped into the sewers. Zarik followed and located a room full of dozens of the creatures. A Japanese throwing star whizzed past his head from behind! Would Zarik be able to escape this attack? He couldn't use his dragon fire in the sewers with the dangerous gases and his knives were ineffective! And who was the enemy attaching from behind?

This was a great story, very well written and fast-paced. The world-building was amazing, so well incorporated into the story that the reader was barely aware how seamlessly the story flowed and their understanding was expanded. There are even some good life lessons to be learned throughout, which I'll leave for the reader to discover. Definitely worth reading.

>> Reviewing "SEDUCED BY THE DRAGON - BOOK 3" <<

Gwen sat at the kitchen table, reading the cards. She flipped the last card over, then ran to the bathroom to be sick. Her time there was over.

Drystan, the dragon leader, had an assignment for Cameron. He needed to find the Witch of Caernarfon so they could join their forces, become stronger, and be victorious if they had to fight with the white dragons. The witch had been in hiding for many years. Not only was he to find her, but Drystan expected him to win her heart as well! This could likely be a death sentence! He didn't like being deceitful. And he didn't want to give up his chance of finding real love by pursuing this fake attraction.

Cameron was able to track the witch to a small bookstore and was startled to see how lovely she actually was! He asked her to read his cards – but when they presented the same reading as her own the previous night, she jumped up and slipped out the door to get away from him. He followed her and was confused at how protective his normally calm dragon was toward her! He began to suspect she might actually be his mate!

The two of them spent the evening together. He gathered what little food she had available and made them a snack. Her fear started to fade and she was happy with him... until she saw a text message on his unattended phone asking him to complete the mission and bring the witch to them. The betrayal was too much for her to bear. Is this the end for them? Can he convince her they are truly mates and he was not faking? Or will she leave him? Has he failed in his mission to save his family? Has he lost his mate forever?

The characters, already familiar from the previous books, were well developed so the reader cared about what happened to each of them. The plot covers a gamut of emotions, anger, love, and sensitivity. The theme of love, family, and relationships brought it all together for the reader. I would definitely recommend reading this one. (And who doesn't adore dragons!!!!)

Denise says

I have read and reviewed all the other books in this box-set separately, except for the last one. Claimed by the Dragon is the story of Liana, a Welsh dragon, and Dane, an American dragon.

Liana has had some bad things happen to her during the war between the Red and White Dragon clans. She was badly injured and now is afraid that her inner dragon has turned into a monster. She has not "changed" since her recovery because she doesn't know what exactly she might change into. She has been picked to travel to America to open up another Embassy for promoting human-dragon relations. She so does not want to leave Wales and travel to America, but the leader of the American clan is a bit interesting...

Dane knows that Liana is his mate. The deceased leader of the Red Dragons knew also and that is why he chose her to go to America, that and the hope that it would help her heal inside. Dane is trying to move slowly in his pursuit of Liana, but it is not easy to convince his dragon.

Things in America are even worse for dragon-kind than they are in Wales. Liana will have her work cut out for her as she tries to fit into a clan built not on family, but on trust. She will also have her work cut out for her when it comes to her feelings for Dane.

I received an ARC of this book. My review is voluntary.

Lynda says

Oh Wow !!!

Imagine my complete surprise when I read the book and discovered that there were at least two more books attached . And I love them all . I like the way that there were no loose ends at the end of each book, but the next book picked up where the previous one left off. Thank you so much for the wonderful surprise. I cannot recommend you enough

Jessica says

Glad I bought this as a boxed set, I wouldn't have liked these books as much had I read them separately. Not

enough depth into the characters... right when you get to where you are emotionally involved the book ends and the next book follows a different couple. Overall, entertaining, but recommend buying the box set.

Rickie says

I didn't read the individual stories but opted for the book bundle. This is a 5 book compilation of stories that are quickly read and enjoyed. Dragons just waiting to be collected in more ways than one. I read this box set voluntarily and couldn't be happier that I did. I love all things dragon, especially when they end up with women that show that dynamite comes in small packages and should never be underestimated. They surely are when pitted against their new family's nemesis between White and Red. Why are males so dense that they have to take everything the hard way? Enter their small but feisty females. Truly entertaining, laughter, suspense, and heat. That ticked all my boxes.

C. Erani Kole says

voluntarily and honestly reviewed the ARC I received from the author

This was an overall entertaining read of a boxed set. I liked the world that the author built, with the dragons and the wars and all the things going on between the humans and each individual dragon. I thought it was all fast-paced, interesting (some more than others). If I had to choose a favorite, it'd probably be the last one, because of how different it was from the rest. It was a new setting, a new chapter in the big book of Let's Go Dragons. Pretty funny, pretty hot, and an overall fun read of dragons and their mates.

Raina Collins says

An exciting and wonderful dragon shifter romance series. Emilia Hartley has written one of my favorite PNR series. I just hope she writes more about these wonderful dragons. I highly recommend for anyone that enjoys paranormal romances. There is a lot of action and a lot of steamy scenes. So I recommend for mature readers only.

Please write more dragons Emilia!

I voluntarily read and reviewed a copy of the series.

Cassie says

Must read series in order to understand!

*** 1 ***

Dakota has always been warned that the dragons are brutal and only care about themselves. Wesley longs for a mate, but knows the chances are slim of finding one. One meddling mother changes both of their lives. Will Dakota be able to see past the rumors to the facts? Will Wes be able to rescue Dakota before it is too late?

Good quick read! Loved how determined Dakota was, but she wasn't going to let what people told her go past what she saw. Wes was a complete sweetheart in his need to take care of her and prove her wrong regardless of their relationship status. Definitely cannot wait to see what comes next for the Red Dragons!

2

Rhiannon had always been told that her parents were killed by dragons and that dragons should no longer exist. Gareth is known as the wild and hot-headed one. Neither can forget the other, but forces are at work against them. What happens when Rhiannon discovers her true heritage? Will Gareth be able to help her discover her true self?

Rhiannon proved that she had more of a conscious than what was required for a GOE agent, but I didn't think she handled her past as badly as she could have. Loved Gareth's unwavering help and how despite what she had done he was determined to help. Good read!

3

Desperate to save his clan, Cameron does as asked and set off to find the Witch of Caernarfon. Gwen has a healthy hatred and fear of dragons due to her past. Neither expected the instant attraction. Will Gwen agree to help? Will Cameron be able to rescue her before it is too late?

Good quick shifter read. In book 3, I have to admit I was expecting for Cameron to get hurt by the witch when she discovered the truth, but I loved Gwen's determination to do right regardless of what it cost her. I do think that Cameron once he messed up started to do right when he admitted openly what she was to him. Definitely recommend this series to anyone who is looking for dragon shifters.

4

Rhys is given the job to protect Rhiannon when they start to rebuild the Embassy. Farida has been trying to escape the destiny her parents want her to have. Drawn together, but trouble brews. Will Rhys be able to keep her safe when her family comes calling? Will Farida get her happy ever after?

Good read. This book showed what the clan was really about in how they handled the losses dealt. Love how Rhys is this tough guy, but he can't help be drawn to Farida. Farida surprised me in how she was raised and how she was determined to stand on her own feet.

5

Liana suffered a brutal attack, but is determined to never be weak again. Dane is determined to lead his ragtag group of dragons to the best of his ability. One little girl draws them together. Will Liana give in to the mate bond? Will Dane get closure for his past?

I think the biggest change in this series has come from Liana. Before her attack she was bouncy and after she becomes this darker creature. Love how despite Dane's past he was determined to protect and keep his clan together. Great book and great ending to the series!

Steph says

Fated Dragons is a paranormal romance series comprised of 5 amazing and fast paced standalone. Recently, the box set for the complete series has been made available for quite a cheap price. In my opinion, this is to the benefit of the reader because once you start the series, you won't want to put it down. The main plot of each of the 5 stories is different but hold certain similarities. For example, in the first three books (Mated to the Dragon, Freed by the Dragon and Seduced by the Dragon), the heroine fears dragons to

a certain degree due to different reasons. On the other hand, their dragons try to make them realize everything they were told about dragons might not be true after all. Sure, some of the heroes and heroines are way too stubborn for their own good and a couple of first meetings could have had a better start but I love the way the plot evolved. A plus side of the series is that the main of the characters never truly leave us. Characters from the first books take small appearances on following books. That let us experiment happily ever after for a while longer. Yes, each book of the series has a cute HEA.

I don't want to talk about specificities of the plot. After all, no one likes spoilers. Nevertheless, I can tell you that each of the stories will make you laugh, grin and smirk. Each novel offers quite the package: comedy, romance, drama and a spark of action. I highly recommend this set of books to any paranormal romance addict and to any newbie that wants to introduce him/herself to a whole new world of romance fiction.

Reviewer of Romance Authors That Rock

4 ♥

Jennifer Soppe says

I received a free copy of this book via Booksprout and am voluntarily leaving a review.

I am a little odd in that I like to read series in order. (Meaning I read the entire series again every time there is a new book. I know OCD much.) So when an author comes out with a boxed set for a series that I have read the first or more book and loved, I will purchase the boxed set to calm my inner freak. This boxed set was wonderful compilation of all the elemental dragon stories. Emilia does a wonderful job of creating lovable but realistic characters for the reader to enjoy. Each book builds the major story line with enough heat and action to keep one engaged and wanting to know what happens next. A great way to get your Elemental Dragon hunger satisfied.

Bunny says

This is a great collection of stories, I have reviewed each book individually please see below

Mated to the Dragon

This was a sweet shifter romance, the plot had an interesting premise and was steady and easy to read, the characters were fun and interesting. The story centered around a dragon shifter trying to win his mates affection, there was love, action and adventure. overall a very good book. If you enjoy a shifter romance with a bit of everything to keep you entertained then you will like this book.

Freed by the Dragon

This was a great continuation in the series, this story is based around Gareth and Rhiannon, both are on opposite sides of the ongoing conflict it makes for a fun and interesting romance story.

This book is well written and fun to read the characters are interesting and it is easy to enjoy both the characters and storyline.

If you enjoy a shifter romance with dragons intrigue and excitement then this book is for you.

Seduced by the Dragon

This is a great continuation of the series, to try and save their home the red dragons seek the help of a

powerful witch. This is a sweet and enjoyable read and I am loving this series. If you enjoy a story with love, intrigue and a good battle or two, I am sure you will enjoy this book.

Falling for the Dragon

This is Rhy's and Farida's story and it was great, in this book we meet a new group of dragons, the gold dragons, a fierce, fire breathing distant cousin but will they be friend or foe. A great continuation to the series with fun and enjoyable characters and an entertaining plot that is a good read throughout. If you enjoy dangerous dragon shifters and a sweet romance then you will enjoy this book.

Claimed by the Dragon

This Story is the final in the series and is the story of the American dragons leader Dane and Liana, the little welsh dragon who was badly beaten in book 3, her road to recovery is a long one, will the American Alpha be able to help her find herself again or will she remain guarded and scared of the beast within, If you have enjoyed the previous stories in this series then this is a must read.

If you love dragon shifters and the chaos that seems to surround them then this box set is for you.

I received a copy of this book and voluntarily chose to review.
