Touched Sabre Rose

– **Lauren** –

Instead of walking down the aisle, I was starting over.
New home. New job. New life.
Blocked memories.
There was no choice.

But I wasn't expecting him.

Gabe was nothing more than a fantasy. Young. Irresponsible. Charming.
I wasn't looking for anything, too busy licking my wounds.
Nothing could happen. Nothing should happen.

But it did . . .

– **Gabe** –

After spinning out of control, I was determined to make it on my own.
My money. My terms. My life.
No family.
It was the only way to be free.

Then she appeared.

Lauren was a point to prove. A challenge. I was supposed to feel nothing.
But when I took her in my arms, I couldn't help it.
It was fate. I fell.

Then he came back . . .

Omg... I'm so hooked. What an amazing first book. Gabe and Lauren..... bought book 2 and ready to commence the reading... I can't wait. I can already see that this is going to be a great series to read xx

Nikki says

DNF I'm afraid, not for me at All ?

Punkin says

Uhhh

I'm confused. Who's brothers?...hmm odd. The mother was atrocious everyone else was ok. Poor allistar. Kind of insta love. No real depth till the last chapter. And who was random stranger? Is he important? Grr. Unsure if I'll bother with the second.

Kim F says

Very intense, entertaining, captivating, and interesting read. I could not put it down. Wonderfully written with strong characters. I want to read more from this author.

Anita Chaney says

Good read

Enjoy the story and the characters, i can not wait to see what is instore for Gabe and Lauren, im glad shr didnt go back to Derek but i was worried at on point..

Claire says

I honestly can't tell you what it was that made me love this book - the whole series infact- it was pretty much a boy meets girl kinda thing but I guess it was just the way it was written!

This one concentrates mainly on Lauren and Gabe.

We see what happens in Laurens history and her struggle with everything Gabe shaped!

The whole reason for Gabe being interested in Lauren is instigated here and it's surprising how quickly it creeps up on him how he falls for Lauren.....

Where did you come from, Sabre Rose?!? This book left me breathless and wanting more!! I'm pretty sure I found a new favorite author.

JoAnne says

loved it!

Mouse Diver-Dudfield says

I was totally engrossed by "Touched" from start to finish and, truthfully, the day just disappeared the moment I started. There was so much about the story of Lauren and Gab that I found delightfully refreshing and different, I just couldn't help myself. Count me in for the long run, can't wait to read the next in the series.

Peter Carlstrom says

Angsty and sexy

It was intense, painful, angsty and sexy. I wish the boy was more mature - lots of high school type of behavior. The heroine was not very strong - didn't face her problems nor honestly discussed them with the family. Also quite needy.

Maggie says

Sweet romance

I really liked this, older woman younger man romance and all the pitfalls therein. It's always other people and their judgement and comments that put pressure on the relationship. It's really well written with good believable characters and dialogue. The situations and storylines are also realistic and you get swept along in this sweet but troubled romance. Left me wanting more.
