After receiving this book as an ARC here is my honest review. I really enjoyed catching up with Devil and Lexie it's great to be reminded how over time even through lifes changes your souls mate will always love you for who you are.

Dawn Pressel says

This was ok for a short read, just over 60 pages I think.

Devil and Lex are amazing together, they are a very strong couple but like all women Lex is beginning to age and doesn't feel as attractive as she once was, this is wearing on her self-confidence. The problem I have with the book is that instead of tackling the issue with her, Devil took it all to mean she thought he was cheating or would cheat. Not that Devil didn't convince her that he still worshiped her but it felt off.

Simon and Tabitha...I can't wait.

Stephanie Bedwell says

Sam never disappoints. ... loved Devils Promise! Devil has been my favorite MC Alpha for a while now. Good to see "more" of him!! Great teaser for Simon and Tabby! ! Loved it!!

Fabiola Cadet-Destil says

I could totally relate to Lexie as to how and what she was feeling but Devil showed her that his love for her will never die ?

Don't get me started on Simon and Tabitha!! I can't wait to read their story. They are the cutest most real love I've seen between youngsters and I simply love it

Thank you for sharing this awesome book

Thank you Sam Crescent for writing this sweet sexy story for Devil and Lexie. I can never get enough of this couple. You are such an amazing storyteller!

Neringa Neringiukas says

OMG I'm so happy for this story. Devil is my fav in this series, so to have more of him is always fabulous. And this story made me to remember (If I can forget lol) once again, why I love Devil so much.

Rhonda says

I loved this book. It focused on mainly on Devil and his wife, Lexi!! In the first book, Devil was a real jerk to Lexi but he redeemed himself and ended up winning her over. This time around, Devil has forgotten their anniversary and is determined to make it up to her. Calling in a favor from one of the Billionaire Bikers, Devil whisks her away to a private island and begins to try and figure out why she has changed her attitude towards him. This is a beautifully written story about a couple who has been married for years now, has children, and is always doing something else instead of focusing on their relationship. Will Devil find out what is bugging Lexi? And then the author has to tease her fans with a bit about Simon and Tabitha. If you follow Sam Crescent, you know what I'm talking about. Anyway, get this book, sit back and enjoy some more of everyone's favorite MC Prez!!!!

Eva M says

I tried to gage Devil's age when I first started reading this book and then I said to myself it didn't matter, because whether Devil was 42 or 72, Devil was going to be the meanest SOB around, except when it came to Lacey. Lacey can literally bring him to his knees. He is obsessed over her. His love for her is so deep that he has made plans that if something was to happen to her, his kids would be taken care of and then he would follow her into death.

A love like that is beyond anything the majority of people will ever know, yet Lacey, after having several children is starting to feel like every other woman in her 30's. Her body is not the same as it was when she was stripping and first met Devil, so how could he possibly stop from taking one of the "sweet butts" on the side. Devil sets out in this book to prove to the one woman who completely slays him, that there will never be anyone else for him, and Sam Crescent proved to us, why Devil is the husband we all want and fight on her Facebook page to lay claim to!!

I love the snippet that she gives us into Tabitha and Simon and I love seeing the future Chaos Bleeds and Skulls stories starting to take shape.

Devil and Lexi!!!!!!!!!!

This was an exciting quick and sexy read whereas Prez Devil is still running the show in Piston County with Chaos Breeds MC. "Devil's Promise" was a fun read because Devil is as charismatic as ever while staying true to himself as 'the man' but he has to get Lexie to see that she's still his everything while celebrating their anniversary away from the kids, the town and of course the MC.

“There’s something there, and I don’t know what happened for you to think that I wouldn’t notice, but I do. When it comes to you, I notice everything. Our time together, it’ll give us a chance to straighten these things out between us. I want you to pack all the things Natalie tells you to and don’t argue, okay.”- Devil

Remember the young'uns, Simon and Tabitha... well they're still as cute as ever and will be a welcomed addition to the next generation of Chaos Breeds!

“Simon, son, don’t treat me like a fucking idiot. I remember what it was like to be a kid your age.”
-Devil

“I heard Mom muttering to herself that she’s old and you don’t want her anymore.” Simon shrugged. “That’s all I know. Later, Dad.” -Simon

“That’s right. I made you a vow and a promise. I will keep them, Lex. For better or for worse. I will love you for the rest of our lives.” -Devil

Still, Devil is my all-time favorite MC Prez out of all the MC books I've read in the last three years!

TEAM DEVIL!

I give this short read 4.5 MEMORABLE stars!!!!!!!!

Isolette Chaves says

Theresa Willett says

Loved this.

From the very beginning I was able to identify with Lexi, the fear, the self confidence that she lacked and the duty to family and I was rooting for Devil while he figured out what Lexi needed. I am so in love with this

couple I will follow them wherever they lead.

Leeann Pule says

Devil can sense Lexie isn't feeling like the sexy person he sees her to be. So Devil sets out to show Lexie she is still the love of his life and no one can change that. Not even her!

Elysian Fields says

Devil is the biggest and baddest of them all except when it comes to Lexi and his family. If you are a fan of this series and this character specifically, then this is a must read for you. Devil is the way he is, without apology. Lexi is his heart and so much a part of his soul that any reader could just read this couple for eternity and never be bored. What I love about this story is that it deals with real life issues of a couple who have been together for years and some of the things that they have to deal with. It is both romance and realistic.

This was just a hot, feel good story of how well these two are together and how after all these years they still make us readers swoon. You cannot go wrong with Devil and this just proves he gets better with age. I also love the little snippet of the future MC characters. I received an ARC and am leaving an honest review.
