Brotherhood

Together we have an undeniable bond.

We may not be cut from the same cloth, but at the end of the day, the same things matter to us: family, honor, and sacrifice.

All of our enemies are interconnected, and so are we.

The question is, who will win?

Them or us?

As our enemies draw closer, we must join together in a fight that not all of us are prepared for. The only thing is, we don't know that we need each other yet.

What will happen when everything adds up? When we discover that they haven't just crossed one of us, but all of us.

This is just the tip of the iceberg and they will pay for the heartache they have caused.

That is a promise none of us plan to back down from.

Reign

"Lines are meant to be crossed"

Redemption

"Forgiveness isn't always earned before it's given"

Revenge

"I've waited years for this, and I'll finally get it"

Relentless

"She's innocent...too innocent for me and yet I want her to be mine."

Reckoning

"Being selfish has never felt so good"

Tough as Steele

"The past always finds a way to haunt us"

Stripping a Steele

"I never thought a player could turn into prince charming"

Promised

"Promises aren't always meant to be broken"

The Trade

"I thought our trade would have been fair...little did I know..."

Blackjack

"The forbidden fruit has never tasted so sweet"

Healing Charlie

Great!

I chose this rating because this was a great set of books. I enjoyed almost all the characters in each book. This set of books was about compassion, encouragement, loving, finding the right one that fit for you and your personality, and just overall being a good person and protecting the one that you love. I really enjoyed these books that was in the series. Now I'm going to try to find the continuation of each one. Because you never get the whole story off the ending of the series it leaves you hanging a little bit, but that's alright I'll find them and try to read what's going on when they come out. If they're not out already, I'll just have to wait. There was also a lot of romance going in each of these books and finding the lost loves. Great reads. I recommend these romance books to all romance readers. ?

Wow

At first I thought that this was one set series. I was proven to be so wrong. It's the great start to some of Elizabeth Knox and KJ Dahlen greatest series. I was finally able to figure out what books came next by going to the authors page on kindle or good reads. These all turned out to be amazing moving heartfelt stories. So good ,not for the faint at heart. Plenty of alpha males we have come to know,love and oh so desire!

Leaves you wanting more!

Great intro to these characters and intertwining story lines. The MC portion gave us such strong female leads with some complete with babies. There is only two of the Mafia section, leaving me wanting more. My only quibble is if you will continually use Mariana Vasile, then editors shouldn't miss in one part calling Mariana Valise twice. Our last is the intro to the Reapers, where their Prez's daughter was unfortunately married to a severely abusive man. As it is the start of that series, there is a cliffhanger. Great story, but also poorly edited. I will try to continue with others of this series. Thank you for these characters.

This is a wonderful and unique collection of stories, which have tough alpha males, as well as feisty and strong women. These talented authors' have done a great job in penning these stories, and I was completely intrigued and hooked throughout. This collection consists of the following novels:-

#1 Reign

#2 Redemption

#3 Revenge

#4 Relentless

#5 Reckoning

#6 Tough as Steel

#7 Stripping a Steele

#8 Promised

#9 The Trade

#10 Blackjack

#11 Healing Charlie

So, so good!!

I've read the first three books in the series so far. Honestly, the first book, Reign, was pretty good. But the next two books, Redemption and Revenge, were both progressively better. The men seem to get hotter, the women more bad@ss, and the action and storylines more intense! Can't wait to keep reading! Here's what I think about the first three:

Reign

Elena is an undercover FBI agent who decided to go back into the field after finding out her fiancé was a cheater. Reed is the President of the Skulls Renegade MC that Elena is looking into. While there was PLENTY of steam and action, I really wanted to see how their relationship progressed instead of falling into the "two months later" scene.

Redemption

Daisy has suffered horrific things because of a loved one's actions and inaction. Seamus is the MC's Enforcer. He's huge and intimidating, but has a heart of gold, especially for Daisy. I absolutely fell head over heels for both Daisy & Seamus! Seamus was the definition of perfect. I adored how he stuck by Daisy through everything.

Revenge

Just when I think the series can't get better, I learn all about Jenna. Jenna is a mystery with plenty of secrets. Dmitri has secrets of his own. I loved how Dmitri was patient and understanding with Jenna and how he stood by her side and helped her with her goal. There's so many twisted secrets that get revealed in this book!

I voluntarily reviewed an Advanced Reader Copy of this book.

Stole my Heart

This collection put all of the pieces together. It gives you background and insight into the stories you might already have read. You'll meet Fist and Ashley. You'll meet Natasha. You'll like her - it might confuse you since she's hardly mentioned in the Sergei, Katya & Slash story.

Come on in, the water's fine! The characters are interesting and well developed. The story will carry you along.

I stumbled onto these books and to my surprise they were great!! I very much enjoyed every book!! I was definitely surprised that after a book there was another one next and I was so excited because I didn't want it to end! I gas not realised that I bought all of them but was so glad I did!! Elizabeth did an amazing job!! I absolutely cant wait till I can buy the next set of books she comes out with!!! I hate I have to wait! I loved that I stumbled across all of them because it also felt like a long book that was not going to stop!

Her books was great there was romance,sex,horror, and I was sad and then I would laugh. I really can't wait till the next book comes out to see if the bikers and the mobs go to battle together to take some people down!

DAHLEN AND KNOX HIT PAY-DIRT!!!

Wow! Talk about one hot, exciting, nailbiting adventure with all the twists that keep your attention on this page turning collection. When these two authors team up its nothing short spectacular. I loved every single storyline and the characters are realistic and believable. The scenes are so descriptive and detailed it flows smoothly creating a sizzling backdrop. All the drama, fear, suspense and danger add to the thrill as the plots unfold. These guys did us a huge favor when they put this treasure trove in easy access. Grab your copy and enjoy all the spenders that will no doubt rock your world. Thanks guys for pulling these gems together for us.

If you like bad boys that run with motorcycle clubs, gun runners and feisty women then this is the box set for you. This is a fantastic compilation of stories from two talented authors. The stories are filled with drama, danger, passion, intrigue, suspense and prove that family does not always have to be related by blood. I volunteered to read an advance copy of this box set and it was so good I purchased it.

Becky says

This set covers them all

Bad Boy bikers or mob bosses...take your pick with this box set. There are enough twists, turns, and intrigue to sate anyone's need. Each story is excitement personified. Be ready for in your face dark gritty situations and the uber alphas that will go to any lengths to bring their women home.

Awesome Love It

Holy smokes I just finish reading this box set and let me just say that I love it. I posted a review for each book on this box set individually so I could keep this short.

Let me say that every book that's on here is awesome. Love the characters and love how each book turn out to be. I wanted more, I love the chemistry between the characters, and the Sex Scenes are hot ?. I couldn't put this book box down I wanted more. Each book on here will have you wearing at the edge of your seat that's how awesome this box is. In each book you going to find action, comedy, got sex and romance you will truly will enjoy reading this. I know I did

Kasey McCarthy says

If you love hot alpha men and strong women you'll love this series! You have hot men riding motorcycles and the women they love! There's powerful executives who fall for a woman and hold on with all they have. You have hot strong military men willing to fight for the women they care about and fellow soldiers. Every book in this collection is a great read! It allows you to know the author and her writing style!

janice todd says

Confused

I started reading this book and it was about a MC club and I was really enjoying it even when it started to tell you the individuals stories but none seemed to come to a conclusion. It then moved on to the steel brothers who did on occasion refer to the MC Club. It then moved on to the Clans which showed how some characters from Brotherhood began. To me there was no conclusion, why couldn't the Brotherhood loose ends be tied up first. Now I have to try and find the follow-up to it. I have still given the 5* because I enjoyed the storyline but I just don't understand why they do this.

Carla says

Carla's Five Star Review

Brotherhood is a great collection of stories filled with a lot of action and heat! Talk about getting your money's worth..you get eleven stories in one!

Each one of these stories features an alpha male who is sure to make you swoon! My favorite out of all eleven would be Blackjack, but they are all really great! If you like a story filled with tons of action and suspense, you can't go wrong here!

Obviously, when these two authors come together, the result is gold!
