Smiley LeAnn Ashers

Adeline

It was completely unexpected. I'd never imagined he would come into my life. From the moment I met him, I knew there was no going back. He made me feel things I had never experienced before:

Safety

Love

Happiness

I was floating on air. Nothing could touch me with him by my side. He became my everything.

Smiley

I'd never expected my life to change upon walking into the Devil Souls MC. At first glance, I almost fell on my ass, and I knew I had to have her. She was everything I never knew I wanted, and hell if that didn't stir something in me. Adeline gave me something I had been missing my whole life:

Passion

Desire

Contentment

I'm the retired president of the Grim Sinners MC but, in the end, you never really leave. The Devil Souls and The Grim Sinners clashed and were brought together to fight the biggest battle yet.

We had to protect our families at any cost.

Review to come!

Brandy Roberts says

Wow I really loved Smiley it drew me in from the first page and didn't let go till the very end , this can be read as a standalone characters from past books are mentioned . The heroine is the mother of Alisha her man is Techy and their story is the second book in the Devils souls series , the hero is the father of lane his book is number one in the Grim sinners Mc and also Smileys daughters story is her romance with Butcher and that's book three in the Devils souls series . So if this is the first one that you have read by LeAnn Ashers then you really need to check out her other books you definitely don't want to miss out . I loved the story line the connection between the couple was super intense liked the way they were with one another , Smiley was swoon worthy adored every thing about him and Adeline is such beautiful person her kind soul just drew me in no wonder every one loved her .

Cassandra Hall says

Smiley is a emotional rolercoaster. The love that he gives to Adeline is the most perfect love. Love that heals. Adeline is such a strong, but wounded warrior and to see her transform under his love is beautiful. I can not wait for more from LeAnn!. If you have never read LeAnn's books, I highly recommend!

Elizabeth Neal says

This author writes something rare, in my opinion...an MC series I adore. While I love the idea behind them, there are certain reasons (safety) I won't read the majority of them. I know I never have to worry about that with LeAnn.

Smiley is an older man, one of the original Grim Sinners, their former president actually, as the series title

implies, and while he does have kids, those we've been introduced to in earlier books, he's never loved a woman before and in fact has been celibate for a long time. When he meets Adeline, courtesy of the Devil Souls, he knows his life is forever changed.

Adeline has suffered, and suffered even more on top of that. But instead of letting that change who she was at her core, she overcame it and maintained the sweetness that was an innate part of who she is. Though she survived, she can't help but wonder what her future holds...she just had no idea it would end up revolving around a man.

Both Smiley and Adeline have been married before, though they ended for different reasons. Smiley's wife abandoned him and their kids. Adeline's was literally tortured in hers, her husband deciding she had to do whatever, and whoever, he commanded. Adeline has missed so many years with her daughter, Alisha, who is now happy and in love with Techy. They're both trying to make up for lost time, but the past is still between them.

As Smiley and Adeline get to know one another, both instantly knowing they've found what they've always wanted, she begins to heal from what happened and they fall deeper in love every day. But danger isn't through with Adeline yet. Not only did it shape her past, but now it's trying to steal her future.

Can Adeline trust the feelings Smiley brings out in her and claims to feel for her? Will Smiley take a risk, this time with his heart? Will Adeline and Alisha be able to move forward and find closure with what happened before? Is a HEA possible?

One-click now and follow along as two people, both lost for different reasons, find a love that nourishes their hearts and souls.

I voluntarily read and reviewed an Advanced Reader Copy of this book.

?Tonya? says

4.5 stars!

I've said it before and I'll say it again, Leann Asher rocks a MC story! The fact that she can get a great MC story going and keep it as something I would read is great. I appreciate that not only is the current story free of all the cheating/ ow/om drama but she keeps them well behaved in other books.

HERO~ Smiley was awesome. Older, alpha silver fox. Yes, please. He, at almost 50 had never loved before. However, he wasn't a manwhore. Never saw him with another woman throughout the series and he was celibate for years prior to meeting the heroine. That is a hero in my eyes.

HEROINE~ Adeline broke my heart. She had been through the worst of the worst. It may cause triggers for some the extent of the torture she endured. The fact she came out on the other side as sweet as she was is a testament to her strength. She was so kind, loving and motherly. Not in your face alpha, kicking everyone ass (not an fan of that)

SEXUAL HISTORY~ Smiley had been married but she took off and he hadn't been with anyone. Adeline had been married and was tortured and pimped out by her dead ex.

OM/OW DRAMA ~ None!

STEAM There was some steam but not a lot.

VIOLENCE club violence. Recollection of her previous torture/rape that was not excessively detailed.

SECONDARY CHARACTERS Loved seeing the whole gang. Again I will say I love that Leann does not have the secondary characters (future heroes and heroines) being skanky. I have stopped so many series because of their actions in previous books

SAFETY Safe - neither are with anyone else the minute they see each other

ENDING~ A fantastic epilogue! Leann knocks it out of the park with her epilogues! Definitely leaves me wanting the next book!

Emily says

Adeline was kicked out of her home at 18 with nowhere to go she moved in with a man who destroyed her, the only bright light in her life was her daughter who she tried to protect but failed as a mother. Forgiveness is a powerful thing though and Adeline has worked hard to do right by her daughter earning a place in her daughter's husband MC as the MC's faux mom.

When Smiley arrives after an attempt to kidnap his granddaughter he meets Adeline and he is hooked. He sees something fragile about the woman and knows he needs to gain her trust before he can claim her as his. Will Adeline take a chance on happiness or live in fear?

This was wonderful. Loved Smiley he is gruff but so sweet with Adeline, he treats her as his Queen. I look forward to the next book and am thrilled to see this author has a new series I can look forward to.

Stories in Review says

I received this ARC for an honest review. It's due out on Oct. 4th. It's a great read and a great addition to the series. I do recommend reading the Devil Souls MC series and the other ones in this series first, or at least Techy, Butcher and Lane. I love Leann Ashers writing. Safety gang: There is talk of the h being raped, but it's not descriptive, but it's still hard to read. Great read. <https://youtu.be/1zCxhflSY6Q>

Ana Rita says

I've been wondering about how to start this new review. I mean, I know what I want to say but I don't want to sound repetitive.

I've been reading non stop these couple of years and each book as been better than the last one. Dayum... I'm an MC fan, everybody knows that and the more I read, the more I want. I'm addicted.

LeAnn Ashers has been a constant in my reading life and let's just say that I can't get enough. Each book made me see things and feel things... Oh boy. Her writing is intense, wild, hot and breathtaking. Each scene will hook you up.

Smiley is her latest release and tells the stories of Adeline and Smiley.

Adeline had suffered horrors but that made her a strongest person. She never thought of love for a while

until...

Smiley isn't new into the MC world since he's the former President from the Grim Sinners MC. He's been alone for a while now but that didn't make him a manwhore.

We had glimpses from these two from previous books and it was amazing to have a book for them.

I'm amazed and super happy because I've been waiting for this book for a while now. It was all and so much more. Dayum...

The plot is magnificent, very well written, super engaging and intense.

We had the answers we were looking for. It was fantastic to be able to fill the blanks.

It was a joy to read this book and once I started it I couldn't put it down.

Dayum LeAnn... You rock woman. This series is getting so much better.

When will we have more? Soon I hope.

I voluntarily reviewed an Advance Reader Copy of this book.

Missy's Book World says

This book was absolutely AMAZING!!!! LeAnn Ashers is one of my go-to authors because all of her books are great. Smiley and Adeline's story was perfect. Smiley is a complete badass and was super sweet to Adeline. Adeline was a very strong heroine I liked her character a lot. I cannot wait for the next book. Fingers crossed that it will be TRAVIS's book!!!!!!!!!!!!

HEA- Fantastic seriously all of LeAnn Ashers books have amazing epilogues.

Hero- 5/5

Heroine- 5/5

Plot- 5/5

Overall Rating- Wish I could rate it higher than 5 Stars.

Nerdy Dirty & Flirty says

4.5 Stars

~Tiffany

Smiley is a retired president for the Grim Sinners MC. Even though he's not the president anymore, he's never left the club. Walking into the Devil's Souls MC one day, he's stopped in his tracks when he sees Adeline. He's determined to have a date with her. She's all he's ever wanted, and he'll do anything to win her over.

Adeline has had one hell of a life. With a family who didn't want her, and the only man who was interested in her becoming abusive and making her do unspeakable things, she never thought she'd get the chance to be loved. Now all she wants is to find the kind of love and happiness that her daughter has found. When she sees Smiley for the first time, her heart jumps into her throat, especially when he tells her he's taking her out on a date. Can she truly be getting the chance at the one thing she's always wanted?

I was so happy to read Smiley and Adeline's story for so many reasons. It was nice to see the story told of someone who wasn't officially part of the MC anymore, an older member. Smiley dedicated his life to his son and daughter, and with them grown, it was time for him to find his happy. He was an amazingly sweet man, patient and kind to Adeline. Of course he had his super protective side and wasn't about to let anything happen to her and avenging her from her past.

Adeline held so much guilt and pain over her past and her daughter. She couldn't have been happier that she found the happiness she deserved, the kind she now craves. This woman was probably the strongest I've read in a while. The love she had for all the children at the MC, and her own daughter made me root for her to

find a way to have her own.

I have to say that so far, this is my favorite book in the series. While you can read it as a standalone, I think it's beneficial to read the series in order. I encourage anyone to pick this series up and dive in. You'll be happy you did. This book kept me entranced right through the end and made me want to go back and read it again. Job well done!

Tee loves Kyle Jacobson says

Smiley oh Smiley..... he is the man. All bad a\$\$ when he needs to be and all loving when he needs to be. Smiley meets Adeline when he goes to see his daughter at the club house. As soon as he see Adeline he almost falls on his a\$\$ because he is so taken by her. He continues to stare at her and then says we are going on a date tomorrow and Adeline is floored because she never thought she would date let alone go on a date with the hottest man she has ever seen.

Adeline is nervous about her first date with Smiley because she has a lot of baggage that comes with her and scars she wants no one to see. But one their first date Adeline knows she is in trouble because Smiley is such a gentleman to her. She is smitten with him and they decide to go on another date the next day. On there second date out the have such a great time that they spend the night together. In the morning when Smiley brings Adeline back to her apartment when she goes to unlock her door she realizes it is open and she gets scared and Smiley puts her behind him and goes to check out what happened to her apartment.

Once the apartment is checked out Smiley decides that Adeline is not staying there until they find out what happened. That is when Adeline tells Smiley about her horrible past and Smiley vows to protect her from those who intend on harming her. This is where the story takes off and Smiley and Adeline will go through some things and Smiley will do anything to protect Adeline. But can he save her from her past? Or will the past come back to kill her? This story was so fast paced and so true to a bikers life I could not put the book down. I needed more when it ended because I could not get enough of these two and especially Smiley. Lord Smiley is a man I need in my life!!!!!!!!!!!!!!

Tpagirl says

Smiley was the first book in the Grim Sinners MC originals series by LeAnn Ashers. It was an extension of the Grim Sinners MC and Devils Souls MC series and should be read after Wilder and Liam respectively.

Smiley was the retired President of the Grim Sinners MC, and the father to Lane (Grim Sinners, book one) and Shayla (Devils Souls, book three). He was known for being fierce and feared but he always smiled regardless of his words or actions, thus his name. The moment he spotted Adeline in the Devil's Souls clubhouse he knew she was his.

Adeline was the mother to Alisha (Devil's Souls, book two). Adeline had a terrible life where her former husband drugged her and kept her drugged for years, never coming down off the high until after he was killed. She found her daughter and was starting over but the demons still found her in her dreams.

In true Ashers form, it was totally insta-love alpha and over the top MC drama mixed in with a badass sweetness shown only to family. The MC bond and loyalty remained strong with fun bantering. As the relationship was building, Ashers simultaneously took us through an action filled MC plot that will continue as a common theme as each series progresses.

Although I'm not sure where Ashers will take us next, it was obvious there will be a story soon for Derek/Brittany, Travis/Bailey and a spin-off for the MC children. Where she leads, I can't wait!

Joelle says

I really don't know where to start with this review other than to say the minute Smiley looked up from his phone and into Adeline's eyes and said "Your having dinner with me tonight." I fell head over heels in love with him.

Warning-This story touches a lot on subjects such as abuse, rape,torture,prostitution , vengeance,pain suffering and trauma all this things that happened in Adeline's past that lead her to having PTSD and nightmares.

Before reading this story you need to read the other stories in which Adeline was introduced to get the full background of the horrendous life she had lived prior to this book.
(Recommend reading Techy at least first)

I love a book like this all about second chances especially when you think that it is a not possibility and that your never going heal from your past but, it is possible when you have the love of a large mc family named the Devil Souls.

Most MC's do not co-habitat unless its with their affiliate chapters but, Adeline's daughter is the old Lady of one of the Devil Souls members and Smiley's daughter is married to a member also so the MC family for Adeline is a combined one. That's one lucky Gal!

This time around its hard to pick a favorite but, I have no choice than to pick Smiley hands down !

What made the choice for me to pick him was that Smiley at every turn surprised me not only with his deeds but, with his overwhelming protectiveness and kindness and love that he showed his woman as well as his children and grand-children.I loved how patient and kind and gentle he could be but, he had a whole other dangerous side to him where he put the fear in god in most people.

Omg! Just thinking about the pain ,suffering and torture Adeline endured her entire life broke my heart each and every time her past was brought up.She became a women to be admired for her strength kindness and courage and the determination to survive the horrors she endured and still walk away with a mind intact, this alone was a milestone in her recovery of taking her own life back.

I loved the nicknames they had for Adeline but, most of all I loved how the entire club of children called her Gigi and they all loved her as much as she did them.

I loved the romance between Smiley and Adeline and how it slowly developed and just by Smiley giving her experiences she had never thought she would have and making some of the little things she wanted to enjoy out of life come true we watched a small miracle of this women being re-born.I loved being on her journey of healing and finding herself once again.A character that you could not help but love as she was nothing but goodness personified.

For me the most heart breaking moment and turning point in the story for me was the moment Adeline aka Gigi stepped out on that beach with all those children in a two piece bathing suit. These children all saw her

as their grand-mother and vice versa but, for me I saw a moment in time that Adeline had finally let go of her past once and for all.

All in all we loved the story from cover to cover. I loved the little miracles that occurred throughout the story as well as god interventions and his little gifts as some would say this just made the story more endearing and more lovable.

Recommended read to all who can handle a book with the subject matter as this one had !

P.S. My final thoughts would be I would want a guy like Smiley to have my back each and every time .Adeline was full of so much kindness and goodness that she not only had Smiley at her back but each and every member of both The Devil Souls and The Grim Sinners....

My kind of Gal!

5 stars full review @<https://angelswithattitudebookreviews...>

Jennifer says

I was so excited to start this book! Smiley and Adeline are both characters that were introduced to is in previous books. Smiley is the father of Lane and Shalyn, as well as the retired president of the Grim Sinners MC. Adeline is the mother of Alicia, who is Techy's wife, from the Devil's Souls MC. We were given bits and pieces of Adeline's story in Alicia and Techy's book, and I knew it was bad, but I could never have imagined how bad!

Adeline has got to be one of the strongest characters I've come across in a story in a very long time. The sheer horror that she lived through, the strength that she had to have to not only live through it, but to come out stronger on the other side is nothing short of amazing. And this was all before the story really started! Her absolute joy in the simplest of things brought a smile to my face. We knew from the other books that she and Smiley ended up together, but their story is so much more! Smiley has his own past, one that we really didn't get much of from the other books. But his personality really stood out, even as a peripheral character.

This story filled in a lot of holes that were left from Alicia and Techy's story (not that that one felt incomplete, but this one answered questions I didn't even know I should have asked!) As with the other stories, there was plenty of action, lots of surprises, and enough heat to set a house on fire! While this book could probably be read as a stand alone, there is an ongoing connection between the other series written by this author, and they are best read in order. I'm so glad Adeline finally got her HEA, it is one that she definitely deserved!

C.M. Steele says

Review to come.
