Daria's Heroes

Cooper McKenzie

Daria's Heroes Cooper McKenzie

When Daria Tate loses everything—house, job and best friend—Gage Mulligan and Roman Foster step in. The two firefighters had promised their foster mother not to declare their love until Daria turned twenty-five. But their girl needs heroes, and they are just the men for the job.

Daria has loved Gage and Roman since the first time she'd met them. But Gage and Roman were gay and totally devoted to each other, or so she thought.

When they tell her the truth of their relationship, Daria thinks her dream of being with them has come true. Then they share the secret of their Master/slave BDSM lifestyle.

Will Daria be able to accept them and join in their fun and games? Will they be able to help her over the guilt of not being home the night of the fire? Will their feelings fizzle or blaze into a firestorm of love?

Julianna says

Not my favorite menage book, but still an ok read. I have read it a couple of times now and was worth the additional read.

Judith says

Just released and a short novel that begins another series for Cooper McKenzie, a writer who has an impressive portfolio of publish work. The characters in this story are all linked by an elderly woman who had the uncanny ability to see past the surface facts of life and spot the inner strengths and worth of foster kids. She has now been killed in a fire, and Daria, her companion and latest triumph as a rescued person, is now homeless, without anything other than what she had at the time of the fire. Two firefighters, also having been "rescued" from the foster care system in past years, have long loved Daria and now is their chance to bring her into their lives as their third. These two men have been in a monogamous committed love relationship for ten years, are now living the BDSM lifestyle in a D/s configuration, and are worried that even though they believe Daria loves them, she won't be able to accept their lifestyle. It is a story that is a bit different that Ms McKenzie's previous work but a very intense love story filled with caring, authentic friendship, and mutual respect.

Mike says

A short, basic piece of mmf bisexual erotica, with a pleasant "rescue" theme of a vulnerable woman. It was nothing particularly enticing but a nice smutty piece for those looking for mmf menage action, with a simple story woven around the heat.

A??ela W. says

This book was good it was short and although Roman was a dom it wasn't a lot of BDSM in the book like it is in a lot of her books but overall I enjoyed it

Diane says

It was okay.
