## **Lydia's Passion** Melody Snow Monroe

Lydia Nestman has her sights set on two rugged men—Sheriff Justin Bradford and Deputy Tom Carnes of Pleasure, Montana. She can't resist these hot, broad-shouldered men in their uniforms, but because of her less-than-flawless past, she's afraid neither man will want to be hers forever.

When a former lover begins to harass Lydia, she wastes no time in using her newfound confidence to turn him down. He exacts his revenge by threatening her life, but her two lawmen come to her rescue. Promising to protect her, Justin and Tom insist Lydia stay at the station and be under their watch at all times.

She's more convinced than ever these are the right men for the long-term commitment she's always desired, but she isn't sure how to read their protectiveness.

Are Justin and Tom simply fulfilling their roles as policemen, or is it something more? What more can she do to entice them to make her their own in a ménage relationship?

## From Reader Review Lydia's Passion for online ebook

### April says

The story here is nice a small town girl who is drawn to the wrong kind of guys and thought slutty changing her ways. And oh the sexy lawmen she gets with!!! Hot, even though the handcuffs don't make an appearance!

Lydia is actually rather sweet, if super naive. Some of her actions seem kinda dumb, but they are needed to move the story along.

I am enjoying this series and very interested in what will happen next. The story could be a little more solid but it was enjoyable in the end.

The steam was hot and heavy!!! Plenty of one on one and hot ménage action! No MM here, it is all about the lady.

### Lindsey says

#### Good beginning, but fizzled out

I really liked most of this book. there was great groundwork, the heroine was imperfect, and not a virginal sex goddess, and the characters had different personalities. the story had tons of potential, with conflict that wasn't overdone and kept the pace moving quickly, but once emotional entanglements were introduced, all other elements disappeared. the end is set, but too sudden. part of the conflict was too easily resolved, and the introduction of the brother really needed more attention; while h e u s near noncommunicative, there isn't much description of mannerisms, or where he fit into her life. and for someone who has a bad reputation, we never see any gossip about her, no confrontations. so, what made her different in the beginning was forgotten by the middle and she became more saintly cookie cutter. as the romance progressed, she lost her personality.

### Yvonne Crawford says

loved it

---

### ForbiddenFruit says

Awesome book

---

### Mariana Bezerra says

I liked Lydia from the first book but had no idea her story would come so soon. It was a darker story,

because Lydia has a stalker, but I liked that she could finally be alone with the two men she loves. Sheriff Justin and Deputy Tom became responsible for her security and they had a hard time keeping her safe because her ex was crazy.

I really liked these three together, but the guys need to learn more about sharing feelings and the way Lydia was kept in the dark made things more difficult than necessary, but it was a fun story.
