Tony Rees says

I remember reading and loving this as a child, so now my own children are old enough I've taken great pleasure in reading it to them again

Kelly Wignall says

My all time favourite book!! Been reading this book several times a year since I was 10 and even though knowing absolutely everything about the book - it does not bore me. Excellent, fun mystery. Aimed at younger readers but can be enjoyed by all. Lovely illustrations :-)

Gadgette says

This is my childhood favourite read! Had to add as I have find memories of it.

Alessandra says

Irresistibilmente comico, non riesco a smettere di leggerlo! Colpo di scena piuttosto prevedibile, ma vabbè.

Emma says

I read this book about three or four times when I was younger cos I loved it so much. Philip Ridley was one of my favourite childhood authors.

Siihen taitaa olla syynsä, että kaikkiin lapsuusajan kirjoihin ei kannata palata vaikka periaatteessa Ridley'n Dakota oli ihan mukiinmenevää luettavaa. Hämmennyin kuitenkin nimihenkilön ärsyttävyydestä paljon, mitäköhän olen tästä aiemmin ajatellut? Olen nimittäin lukenut kirjan useita kertoja ja tapahtumat olivat melko hyvin muistissa juurikin tätä luonneasiana lukuunottamatta. Välipalalukemisena kuitenkin ihan mukiinmenevä teos.

Read this aged about 9/10. Though not what I'd term fantasy, it does combine some completely inconceivable ideas with a backdrop of a fairly rational, economically deprived area and its locals.

Very entertaining and comical, though perhaps dealing with slightly more issues such as relationship breakups, but I guess kids are quite aware of these nowadays.
