Instant Teen: Just Add Nuts, Vol. 01 Haruka Fukushima

Meet Natsumi Kawashima, a homely fifth grader with a craving for curves of her own. One day, after eating a packet of mysterious pink nuts, her wish comes true and she is transformed into a beautiful, sexy woman! Now endowed with a mind for recess and a body for supermodel glitz and glamour, will Natsumi find happiness or heartbreak as a result of her newfound adulthood and sudden legion of fawning admirers?

Chantell Petrell says

It was all right. Kinda made me feel creepy though, that such a young girl was instantly so much older. o.e
Like, everyone who hit on her was a pedo, so to speak. Idk.

Lucinda says

It was cute.

Lisa says

awesome...
and so funny!!!

Victoria says

It is a great book to read

Ash †Reviews of a FearStreetZombie† says

Good grief, are you kidding me?

This book gave me one heck of a headache .

The story line is really good and interesting but, since I have seen 13 Going On 30, I can say I have pretty much heard all this before.

The writing... oh my gosh the writing so so terrible. One second it makes sense, the next, it jumps to something else like three pages had been ripped out or something.

Yes, I read the book correctly, no this isn't my first day at the rodio. I've read manga before and so far this is the first and only one that annoyed the heck out of me.

Ceejay says

This manga by Haruka Fukushima is an excellent entry in the "be careful what you wish for"category. A fifth grader, Natsumi Kawashima, wants to be an adult. When she accidently takes an experimental drug, she becomes an attractive young woman. The drug is in the shape of a peanut, and each peanut gives her eight hours of adulthood. Problems follow. How does a 5th grader react to romantic advances by young men, a

possible career as a model, the kids her actual age, and the chance to go on a photo shoot outside of Japan?! In addition to this story, an early work by Ms. Fukushima, Fruit Cake, is included. The manga is rated age 10+, so almost everybody can read and enjoy it.

Reader17 Der says

This is a cute series. The girl in this makes me laugh with wanting to be a grownup. I also like the boy in this.

Satriani says

readng a book

Ayupurivi says

:d

Wee!wawaLAA!!! says

It is not the best story she's written, but one of her largest hits. But what I find totally strange is a fifth grader is already URGING to become a "women" as in totally developed. Strange things happen, now a days.

Brenda Shields says

~review by j~

this book is the very reason why I don't take nuts from strangers. you end up being an adult.

Teetee says

3.5 stars, I rather enjoyed this series. Its geared towards a younger audience but I liked the premise and its one of the earlier series I read so there's sentimental attachment to it as well.

Alyssa says

Series Review: This is a cute and funny story about a girl who can't wait to grow up, and her best friend who just wants to enjoy being a kid. Natsumi doesn't understand it takes more than size to be an adult, but that's a common misunderstanding for kids. I wish Asuma had used the adult nuts at least once.

Read via scans by chocofansubs, good quality, but in volume 4 they omitted an extra story, which I don't think is right, because it should be the entire book scanned and translated regardless of if they think it's necessary. Some people really like the extra content sometimes.

Orchid says

When I ordered Instant Teen: Just Add Nuts from my library, I had absolutely no idea what it was going to be about. So when I found out that the main character, Natsumi, was only in the fifth grade I almost didn't read it, but decided since I had it checked out I might as well give it a shot. I'm so glad I did because her crazy antics were just what I needed to lighten up my reading.

While the plot line is fairly (dare I say it...) predictable, I still found myself enjoying reading it none the less. I liked reading about Natsumi and Asuma and the trouble that she kept getting them into. It was as I said earlier a nice light read, but oh so easy to figure out how the whole series would play out without reading all the volumes.

My favorite scene in Instant Teen: Just Add Nuts would have to be when Natsumi finds out that Asuma had taken a picture of her and submitted it to a magazine for a contest. If I'm remembering right, I'm pretty sure she hit him.

While I can usually peg what I don't like in a manga, I don't have really any negative thoughts for this one. The artwork was nice and the story thoroughly entertaining. Though I am sad that my library doesn't have the other three volumes and even worse it's out of print.

Instant Teen: Just Add Nuts, volume 1 earns 4 out of 5 pineapples.

Rowena says

Super cute!!

Remembered this one from my primary school years and it definitely didn't disappoint!! Love the cute story line and the gorgeous pictures. Really a manga to read when you don't want to think too hard and just want the sugar laid on thick. Absolutely a favourite.
