Kindle Fire Tips, Tricks and Traps: A How-To Tutorial for the Kindle Fire HD Edward C. Jones

THIS IS IT! The best-selling title for over two months running in the Computers and Technology section! See why many reviewers have stated, "...this is the manual that I needed when I opened my Kindle Fire!"

THIS IS IT!

If you are buying a new Kindle Fire HD or have purchased a Kindle Fire HD since early October 2013, get the book that covers the design and features of the latest model! Many books about the Kindle Fire HD do NOT apply to the Kindle Fire HD currently shipping from Amazon. THIS BOOK has been written to cover BOTH the current ("2nd generation") Kindle Fire HD, AND the earlier ("1st Generation") Kindle Fire HD.

THIS IS IT!

"Fantastic..." "Great Help..." "Easy for a non-geek to understand." -Actual reviewer comments for Kindle Fire HD Tips, Tricks, and Traps: A How-To Tutorial for the Kindle Fire HD

"Fantastic..."

"Fantastic! I searched and searched for a source to help me better understand my new Kindle. I was about to give up and then I found this book. I have discovered so many tips and tricks! I am enjoying my Kindle so much more!"

"Easy for a non-geek to understand. Thanks for writing a book that I can understand. Very basic guide to the kindle fire that is easy to follow and makes it easy to implement any suggestions offered. The directions given matched what is actually on my kindle fire. I have read a couple of books that were supposedly updated for late 2012 or for January 2013 that gave instructions for actions on my kindle fire that didn't match what I see on my device bough in December 2012. This is hugely frustrating to a tech novice. This book told me exactly where to go and what to do."

"Great help. This was a big help with my first venture in tablet land. A lot of good ideas. A must read for any kindle user."

"Great help..."

So, you've got a Kindle Fire as a gift, or perhaps you bit the purchase bullet on your own because you wanted this impressive tablet. Do you want to get the most out of your new Kindle Fire HD? If you are looking for a top-notch tutorial at a reasonable cost, you've come to the right place! Here is the book that will teach you 100% of what you need to know. **Kindle Fire HD Tips, Tricks, and Traps: A How-To Tutorial for the Kindle Fire HD** is your detailed guide to getting the maximum benefit from your Kindle Fire HD.

In this comprehensive guide, you'll learn tips (ways to effectively use your Kindle Fire), tricks (ways to improve the operation of your Kindle Fire), and traps (things to avoid to prevent problems while using your Kindle Fire). You will learn-

• How to get around within the user interface, the home screen, and the carousel more efficiently

• How to make your Kindle Fire your own, customizing its display and operation for fastest and easiest use

• How to find THOUSANDS of FREE books, as well as movies and songs, for your Kindle Fire

• How to setup the security options to protect your account information

• How you can move your iTunes or other music library to your Kindle Fire

• How you can download YouTube videos to your Kindle Fire

* How to use the built-in camera and the new camera app provided by Amazon in a late 2012 software update

• Suggested apps that no Kindle Fire owner should be without

You will learn all of the above and more, with Kindle Fire Tips, Tricks, and Traps: A How-To Tutorial for the Kindle Fire HD as a part of your library.

Tells you what you need to know.

Easy to use tutorial on how to use you new device. I keep it in my library so I can refer to it as needed.

nancykeeling says

Very helpful

As a new kindle buyer, this book takes you step by step through the device and helps you understand all of the features. It is easy to read and easy to follow the instructions.

Great tutorial book!!!!

My Kendall wasn't letting me do anything on it! It kept crashing all my apps sending me back to home screen. So I remembered this how to book I had downloaded and immediately it helped me resolve my issue within 10 minutes! Great book!!! A must have for anyone who owns a Kendall Fire HDX!!!!

A book to answer your questions about using your kindle effectively.

this was a great book for the technologically challenged. not having a book with my kindle at purchase, this book was more complete and helpful than other books of this type I have read. I feel more confident that I can use my kindle more fully. Thank-you.

Dee says

This is a must have for being up to date with your Kindle. I had downloaded this too read just after I purchased my HD..then I forgot to read it, now do I wish I had. If I would have, I would have saved myself a ton of time and aggravation from the beginning. Even so there we're some really important tips that I had not done. Now I really know how to zip through the things I want to do in half the time..

Useful for everybody !

I really enjoyed reading this book as it is, written in a way that you won't feel bored or dull because of terms that you might not be aware of ; on the contrary it adds to my knowledge not only as a Kindle user but in general, love it and recommend it for everybody.

Tere Fredericks says

Ok for new user

I'm on my fifth Kindle, but just got the 2015 8" version. This really doesn't cover this particular version. I already have learned these things for my other ones - mainly by trial and error. If you have a version of Kindle Fire 2015 or later, make sure the book covers these versions.

Excellent source of information for Kindle owners

Excellent source of information for Kindle owners

Excellent guide for anyone interested in discovering the functions and techniques which make the Kindle the useful tablet it is today.

Alfred Sherry says

Concise

quick reference for fire. no specifics for geeks. has chapter on apps for free. would be nice to have chapter on reviews of selected paid apps. generally a good overview for the Fire.

Susan Langer says

Good tips

This book provides lots of tips and helpful information on the Kindle Fire HD. I admit that I didn't read this book when I first bought mine but now that I have read it I will be even more comfortable with my device.

Linda Fitzgerald says

GREAT APP!

I really enjoyed reading this book. I am by far the least savvy person when it comes to technology. This book was a great tool for me to learn how to get around my new kindle.

Kindle Fire HD Tips, Tricks and Traps

I found the information mostly easy to understand and well organized. It was fairly easy to toggle from the book to the device to try out settings. I particularly wanted to know how to shop using a different credit card than the one the account uses, since my husband and I both use the tablet. I want my purchases charged to my credit card, rather than his. Still looking for this info, as I know it must be possible.

Review

good book for beginners. but a little time with your kindle fire hd and you'll figure it out. I learned about the borrowing from library though. so it was worth skimming through.

Ginger Dockstader says

Great read!

Made the read very easy as well as descriptive and easy to apply. I'm not a "geek" per say, but have some knowledge but this was a perfect read for use with my first Kindle Fire HDX.

Comprehensive and Uncluttered...

This e-book is a treasure-trove of information written in a clear and concise style which facilitates readers' learning basic essentials for operating a Kindle Fire HD. I enjoyed reading the many pertinent tips, tricks, and traps included in this helpful guide. The price is extremely fair and I appreciate the expertise and knowledge shared by the author, Mr. E. Jones. Thank you sir!
