### Steven R. McEvoy says

This awesome activity book will be tremendous fun for fans of the Judy Moody books. It has 86 pages packed full of stuff to do, from jokes, quizzes, fun facts crossword puzzle and more. It draws from the first 6 Judy Moody books:

Judy Moody  
Judy Moody Gets Famous!  
Judy Moody Saves the World!  
Judy Moody Predicts the Future  
Judy Moody, M.D. The Doctor Is In  
Judy Moody Declares Independence

This book will draw children out. As they interact with the excerpts from the books, they will be drawn to learn more about themselves and who they are becoming. In many of the exercises, you find out about Judy and so the same for the person working through the book. An example is a poem that is an acrostic of Judy Moody, and then the reader does a poem with their name to tell about themselves. It was an incredible book and I know a number of youngsters who will get it for their next birthday or Christmas!
