Kingston "King" Henry is the city's hottest, wealthiest bachelor playboy. Known to date A list Hollywood actresses and leave a trail of broken hearts in his wake, he's not the kind of guy a girl like Britt should be tangled up in.

But when their parents shock them both with the big news and the two are unwittingly thrust together, sparks will fly and hearts will ignite and many, many rules will be broken.

Will Britt survive her clash with this bad brother, and will King ever come down off his throne long enough to admit his love for her?

And most important of all, how will he handle the news that she's having his baby?

Another hot and steamy stepbrother short. Part 2 in a serial.

Yo también me sentí virginal al encontrar al rey en el vestidor. Pero luego muy sexy todo en el momento caliente. A donde los llevara todo esto. Solo puedo esperar un buen final.

I really, really enjoyed this Series! I read all 6 book in one sitting so they are short stories. But the volatility of the Romance was alluring. Couldn't put it down till it was over! Olivia Hawthorne you will be one of my new go to Authors! Must Read, if you like a good HEA and benefits of erotic story telling. Very descriptive scenes.

I am writing this review for all 6 books... (I didn't find the complete 1-6 book here on Goodreads so I decided I would just write one review and post on all books..lol)

First of all this is my first ready by Olivia Hawthorne and it definitely will not be my last. OMG this series was a quick read and Lawd...Lawd I couldn't put it down!!

I just loved King!! He has a very cocky dirty mouth, dangerous, tattooed and hawt as hell ladies. He will definitely be your next book boyfriend!! lol

The book starts off with Brittany and her friend-Cherry (which she is a whole lot of fun herself!) making a bet and Brittany lost. Cherry told Brittany that they were going out that night and Cherry would be picking out Brittany's man to get her laid, she wanted her to lose the big V!!

Soo see where this is going?? It is sooo much fun reading about these two sitting in the bar being silly and trying to find her a man who is worth giving it up for. And then to read about all the drama that follows the said hookup.. : )

I gave this book 5 Stars!! I can not wait to read more books by Olivia because if they are anything like this one I know I'm going to love it!!!
