## **A Hustler's Tears: A Haitian Love Story** Natisha Raynor

Sexy Haitian and former hustler, Truth is officially out of the game and ready to live a legit life with Emilie Baptiste and their twin sons until a ghost from his past drops one heck of a bombshell on him. Emilie is devastated and is unable to hide it. Her devastation pushes Truth away because he feels that she should put her feelings aside and ride for him. The more Emilie acts out the more it pushes Truth away and the both of them begin to fear that the damage isn't able to be undone.

Samir Adams is happily married and faithful. His only flaw is running the streets, but he has no intention of stopping any time soon. Going for a short visit to North Carolina to visit his God brother, Jules Baptiste, changes Samir's life in more ways than one. On top of being shot, he discovers that his wife, Charity, isn't who he thinks she is, and it rips his heart from his chest. Samir vows to never love again, but once he meets a sexy pharmacist, he has to ask himself if that vow is actually a realistic one.

Crucial and his girl, Kennedi, are settled into their new home in Miami and waiting for the birth of their child. Life is great until a freak accident breaks both of their hearts and changes the course of their relationship. Crucial doesn't know how to handle his grief, and it's not the first time that he pushes Kennedi away, but it could be his last. Fed up with his treatment of her, Kennedi begins to question if they are meant to be.

Truth, Samir, and Crucial play no games in the streets, but their women are their weakness, and they all learn the hard way that hustlers feel pain too.

## **From Reader Review A Hustler's Tears: A Haitian Love Story for online ebook**

### **Aleisha says**

#### **Great Read!!!**

Great book, loved reading more on Jules, Lyric and the crew. I hope Diamond and Samir give each other a chance. Charity was something else. I hope Emilie doesn't shoot Truth, but he is dead wrong. Akira knows what she is doing. Crucial has lost his girl acting crazy. Can't wait to start on part 2!!!

---

### **Sabrina says**

Like always , you put your soul into every word . Charity didn't know how good she had it . I know Emilie was hurt but did she really do what I think she did . I could go on forever about this book , but you just have to read it to find out why it's so good .

---

### **LITerary Queen Chels says**

??

Jesus be a fence... Emilie is just to childish for me. She pushed Truth into another womans arms because she couldn't accept his 7 year old child that even he didnt know about... then crucial is just selfish and he is becoming obsessed with Kennedi yes he loves her but he only cares about his feelings... & Charity is just a mess she is mad because she messed up her marriage with Samir and now she done called the cops on him after she vandalized house and cars and done ruined her twin sisters marriage by sleeping with her husband for a year... just wow

---

### **Shirley Mcqueen says**

#### **This author is very good**

Man every book i've read by this author so far has been dope. I can't wait to read part 2. I don't think she shot Truth but who knws.

---

### **Peggy Barnett says**

#### **I just could not put this book down!!! I felt the pain for both the guys and gals.**

This book was awesome in every way. All of the characters were relatable. Excellent must read book. I cannot wait to read the second part in this series.

---

## Taz Will says

Alright for the most part but all the characters drowns out any luck of a story because you're being pulled into so many issues. It seems like most of what's going on comes from another story I hope it does but with so much going on I'm kind of over it.

---

## YVETTE RIVERS says

### Shugar just got real

Wow a large side of drama's definitely on the menu the storyline has to connect it and I love it the characters Shamil only allow it I'm Lemmingham get Ocheyedan wifey #gets what she deserves I can't wait to see what happens next she had her husband locked up what a web. we weave when we practice to deceive out freaking standing noun truth how you going to get out of this one see you Navapache the grass is never greener are you going backwards out freaking standing I got to get on the pot to check out

---

## Leona Woolfolk says

It been a while since I've read an Urban Fiction story and I'm glad, somewhat, that *A Hustler's Tears* was the first I dived back into.

When *A Hustler's Tears* first started I immediately became glad that its story wasn't going to bog me down with multiple storylines right off the bat, leaving me to utilize my multitasking skill to keep up with who's who and what drama encompassed their world. In fact Natasha Raynor did a good job of slowly easing her readers into who each character and/or couple's storyline was so that confusion wouldn't be the first thing we would be hit with.

The first couple we were introduced to were Truth and Emilie, then the next couple was given their in-depth introduction, and from there Raynor continued on with this trend throughout the beginning of *A Hustler's Tears* until all four couples were revealed. In doing it this way Raynor was able to break down the intricacies that made up each couple so that as we read we would know their background and present situations that would then explain their battles as the story went on.

I will say that there were some couples I didn't care for, but the characters that kept me the most entertained were Truth, Adrika, Jules, Lyric, Samir, and Diamond. With the other ones I'm not saying they weren't entertaining or interesting just that their storylines were too out there for me to take seriously, especially when a few of their actions had major consequences.

I do want to continue on to see what happens to the characters I liked more but I'll wait, the synopsis for part two doesn't seem all that appealing right now especially after the way things ended in *A Hustler's Tears*. This review was originally posted on Literary Treasure Chest

## **Shawn Hawkins says**

### **Desperately need par**

I enjoyed this from the beginning to the end. Chastity turned out to be a piece of work, cheating on fine ass Samir. He loved that woman with all his heart...hope he fin a love with Diamond. I'm glad Kennedy is making Crucial hurt. Hhim e keeps on messing up. Oh and Truth was dead ass wrong for what he did. I hope she didn't kill him, but make him suffer. Oh and I hope she beat his baby mama's ass.

---

## **LATINA WILSON says**

### **Great Read**

The storyline was well developed. The characters are some old ones and there's new ones. The new characters were introduced in the story and enough information was given to understand their role in the story. I love how the author went from one couple/person and how all of their issues was entwined with each other. What love can make one do. There's betrayal, broken hearts, and love all through this book. Once again this author has what it takes to keep the reader wanting more.

---

## **Leontyne S Washington says**

### **The heffas are trifling**

Dammit!!!! This book has me all on the floor. These heffas are the devils playmates. 1st Emilie is so spoiled and childish. I can't believe she wants everything her way right then and there. She is dead wrong for acting that way about Truth's child. It was not like he hid the child and it happened before her so now she just pushed that man into the arms of another woman and doesn't see the error of her ways. Charity is a hoe and that's that on that. Kennedy is hurt and I hope that her and Crucial can work it out. Diamond and Samir need to fall in love and make it work. I can't wait for part 2.

---

## **Neka Bellamy says**

### **Loved it**

I loved this book part 1 was good I can't wait to read part 2 to find what happen I hope everyone get it together.

---

## **Stacey Nelson says**

### **What a guilty pleasure!**

This is a great series to read. There were some grammatical errors as wrong character names in some scenes

---

however you are able to finish the story. I will be reading part 2 to find out what happens next. This authors ability to tell a story is fantastic.

---

### **Ladii Zig says**

**Oh MANNNNNNNN**

This book was a page turner from beginning to end I really enjoyed it. I love this book because all of their situations was different but at some point had the same outcome and you get to experience each couple trials and tribulations with them. I knew what Truth did with Akira was going to come to the light sooner or later. I'm rooting for the Samir and Diamond to get together because I feel like their relationship will go a long way. Charity is just nasty sleeping with her own sister husband and Adam ain't no better. Can't wait to read part 2 to see how this will end.

---

### **Peggy Barnett says**

**This is a very good book to read after the Baptiste Boys sega.**

So far, so good in this continuing saga about the various characters and I am enjoying the reading. Hopefully, part two will be just as good.
