Combust Drew Elyse

Once a Disciple, forever a Disciple.

Man whore. Ex-con. All-around asshole.
?Daz is called a lot of seedy things?
But his brothers know there's more to him?
even if it is buried deep beneath the surface.

??A Disciple will fight like a savage and never give up.??

As a stripper, Avery is no stranger to judgment.
That doesn't stop her from assuming Daz is nothing more than a hot body, though.
?But when tragedy lets her see behind the cocky-jackass exterior,
there's no denying the truth.

For this biker to go down, there has to be more than sparks—he needs full combustion.

This novel contains explicit sexual situations, violence, and offensive language, and is recommended for audiences 18 years of age and older.
It can be read as a standalone.

I love a good MC story/ series. This is a great read and has just the right amount of heat (sexy time) and once it starts it just keeps happening.

Daz runs the Candy Shop, a strip club, and it's where the one stripper he wants but he can't have.

He pursues her at any time he's at the shop and she shoots him down each time.

Avery hasn't had a great life but, she is going to make it. She has been stripping since she was legal and saving every penny to be able to open her own bakery. She keeps baking, like her granny taught her and sometimes she bakes for her friends.

The club is having a birthday party for Daz at Candy Shop and Avery is one of the five strippers that will be performing and when she taking the stage Daz sits at the edge of the stage and holy hotness is going to happen.

Grab your fan because you will need it and let the hot sex begin.

This series just keeps getting better! The writing is outstanding and captivates you from the beginning!

Daz & Avery story is filled with magnetic chemistry & heartbreaking tragedy! Daz finally meets his match in Avery and it is complete perfection!

I can't wait to see what happens in Stone's story, I am crossing my fingers that we already know who he will fall in love with! Fingers Crossed

It seems like the entire time I was reading this book I was waiting for something to happen. Nothing did. It was an easy read, boring storyline, MC lite.

Combust was the fifth book in the Savage Disciples series by Drew Elyse. I've been waiting to get Daz's story and it was worth the wait!

Daz had been one of my favorite Disciples since Shift, book two. I absolutely melted every time Daz was with Emmy (Sketch and Ash's daughter). Although he was always and forever the gorgeous jokester playboy, he was wonderful with Emmy and they developed this Uncle/Niece bond. He was also loyal to his brothers and their women. Very few saw underneath the exterior, but his family - both by blood and the MC bond - knew there were gentle and caring layers beneath all that laid back humor.

Avery was the manager at the strip club owned by the MC. She didn't mix business with pleasure so she kept the flirty Daz at bay, until it was too much work to continue fighting it.

Combust had a sweet vibe between Daz and Avery once they agreed to play out their attraction. However, Elyse also included secondary plots that were heartbreaking and realistic. No spoilers here, just know it's incredibly emotional mixed in with some mild dark themes.

The storyline was well developed and multi-dimensional. There were quite a few editing errors that took away from the storyline; otherwise, the story itself was well written.

Elyse continued to draw us in with the strong supporting cast of characters within the MC, some that were highlighted in previous books, as well as others that will hopefully have their own story. Stone, the Disciples President, is up next. And with all of the MC children running around, hopefully Elyse will gift us soon with an offspring spin off.

Well hells bells, I wasn't expecting our Razzle Dazzle to waltz in like he owned the joint & steal my beating heart, but I'll be damned that's exactly what he's gone & done. My cheeky, charming, insanely sexy manwhore of a biker, has dazzled me with his passion, loyalty, love & respect, making sure that I fell hard & fast for him.

I have loved his character through this whole series - he's brought many a laugh & a smile to my face. Knowing he was getting his own story, well I knew his match would have to be one hell of a firecracker who

was strong enough to give his ego a run for its money. Hawt damn did I get that in Avery.

Avery worked in the strip club owned by the Disciples, technically Daz was her boss. She knew not to get involved with the management. He knew he had to find out just how sweet she tasted. They say denial is futile & in their case that was sooooo true, because crikey when Avery stopped denying him & he finally had her in his grasp - well you got an explosive, intense, electrifying connection, one that left your heart racing & your panties melting.

I loved how their story played out. I laughed loads, sighed plenty & actually cried a whole lot as the true Daz began to shine. Our feisty Avery, even with past hurts & lack of trust gave her all to the one man who was strong enough & man enough to love her how she needed it. All while, this beautiful man, learned what family, friends & that all important loved one can bring to your world & just how good life can be, even when faced with the saddest of circumstances.

This series is & will continue to be one of MC favs. The men, their kick ass women & the kids who bring so much colour, feel like old friends I hook up with on a regular basis. Roll on Stones story!!

Combust is book 5 in the Savage Disciples MC and I loved it from beginning to end. Daz was awesome, he went from man whore to an amazing one woman man. I loved the connection between him and Avery. This read was definitely emotional and my heart broken several times. Avery was great. She was so much more than just a stripper. She had dreams and goals that were taken away from her but never did she feel sorry for herself. She was also a sweet and loving woman. The relationship between her and Daz was great mainly because they were always honest with each other and there were no games or misunderstandings. It also didn't hurt that the sexy times were super hot and Daz is super naughty. I'm really looking forward to the next book in this series since it appears to be Stone's book. I was hoping that the older members would find love too.

Oh, Drew Elyse! What are you doing to me?! Combust is the newest book in her Savage Disciples MC, and I may even venture to say that it's one of my favorites of the series. This novel was everything that I loved about the first couple books – family, camaraderie, and unparalleled loyalty. Yet, it didn't only have a strong bond in terms of friendship; the romance and heat was unforgettable, too. Daz and Avery definitely didn't have the easiest of relationships, but they certainly reminded me of why I fell in love with Elyse's writing so long ago.

“What you've got to remember is you've got that patch on your back.”

Combust had a special quality to it that I have honestly missed in the last couple books of the series. Daz's storyline was heartbreaking and emotional, yet uplifting all the same. It proved to be a journey of strength and resilience, and coming back from what feels like the impossible. Furthermore, the heroine had her own background that was executed in an unexpected way as well. The depth to her personality surprised me in the best of ways, and left me yearning for more. There are times that I wondered how Elyse would make these two work, but somehow, it all unfolded in a magical way where I could not have imagined any other outcome. Plus, there was a lot more of the club action, where we witnessed these men (and their wives) being a family, which elevated the read for me. I had missed seeing this component and was glad to see it return!

“We’re your brothers. You don’t have to tackle it all alone.”

Drew Elyse has stolen my heart with Daz – and I did NOT think that that was possible! The personality that shone in the beginning books of the series turned out to be a complete 180 from how he appeared in Combust. He may have been the residential player, but Avery somehow got into his head and make this reader just adore him. I'm definitely anxious to see more from all these characters, particularly ones who I felt had more story to tell when this book ended. The Savage Disciples is a series about a motorcycle club, but with this release, it's become about so much more, and I can't wait to see what else happens!

Dax will make your panties and your Kindle combust!

I've been waiting to finally get me some **#RazzleDazzle!** After learning how Daz got his road name I can't help smirking every time I see it. He's a unapologetic manwhore with a heart of gold. You want to be disgusted by his lame one-liners, but he's just too adorable to hate. Especially when you see him turn to mush when Stretch's little girl, Emma, calls him 'Untle Daz'. He's her favorite, and it drives her daddy crazy. The Savage Disciples MC are one big family that loves and supports each other... **and theirs**. They don't limit their support to members, it extends to close friends and family too. Which is how Max joined the family as Quinn's bestie. She's outrageous and gives Daz a run for his money in the banter department. They are good for hours of entertainment.

Daz has been chasing Avery since the first time he saw her. Her beauty, her fiery red hair, her body and her sass had him drooling and trying every trick in his arsenal to get her in his bed, but nothing seems to get her attention in a positive way. All he seems to be rewarded with is eye rolls and cupcakes. And while he really really loves her cupcakes, **it's her he wants to taste**.

Avery has been around the block. She knows men and Daz's reputation has preceded him. She knows he's a manwhore who charms the women until he gets what he wants and then he moves on. He's her boss, and she knows better than to go there. But she does spoil him with her homemade cupcakes at their management meetings. She loves seeing him devour them, **while imagining him doing the same to her**.

When Avery decides to give Daz a **special treat** on his birthday, the tables get turned and she ends up being on the receiving end. She decides that he's a lot of fun, and he's earned his reputation. However; she never imagined there was more to him. He was just a boy that liked to play and didn't ever want to grow up. At least that's what she thought. Until his world was torn apart and he couldn't hide his pain. Until she saw the man behind the cocky comedian.

The brothers and their women have been predicting the downfall of Daz forever. While they claim that he

will never settle down with one woman, that's what they want for him. They know it would take a very special woman to satisfy him long-term. They just tolerate his teasing and wait for the time they can return it tenfold.

As I mentioned before, Daz's story was one that I was really anticipating. He's so funny, I was expecting non-stop laughs. I wasn't expecting the tears. I was an emotional mess, laughing one minute and crying the next. The author put me through the wringer. And I loved it. I'm so addicted to the Savage Disciples MC family. I'm so invested in all of their lives. I can't get enough of this series. I'm so very relieved to report that this isn't the end. The author left me with a teaser that will have me gnawing on my nails in anticipation for the next book. The line forms here...

This book broke my heart. I cried multiple times.

Daz is my absolute favorite Disciple. Daz grabbed my heart and ran with it.

Drew is a phenomenal writer. The women she pairs with her bikers are absolutely perfect. I can't get enough of this series!!

Loved it.

Daz is the loud mouth playboy with a heart of gold....we get to see this with his interactions with Emmy. Avery is a woman with a plan....and being a stripper forever is not it, but you do what you have to. These two are great together in their exclusive non relationship. When Daz loses someone close to him, someone he thought would always be there he takes on new responsibilities and we get to see the man behind the smile. When Avery's past comes back to haunt her will Daz be able to help or will she let him. There is a surprise near the end that I didn't see coming and makes me anxious for the next story.

Combust is the 5th book in this standalone steamy contemporary MC romance series. If you have read

previous book in this series then you'll remember Daz as "Razzle Dazzle" the man whore of the MC. I loved how Drew gave us this whole other side to him. He always been such a likeable character but in this book i feel hard for his other side. Daz we know is loyal to the Disciples, what we didn't know was how much that loyalty went to to the people he cared the most about!!

I adored Avery in this book. She's been a stripper at the club that Daz and the Disciples own "The Candy Shop". She hasn't exactly had an easy life either. But has been bound and determined to make it on her own and make her own dreams come to reality. I loved how she just didn't give into Daz's advances right away and made him work for it.

Combust had everything for me i laughed, i cried, i loved. As both Daz and Avery shined together seeing just how good life can be, even when faced with the saddest of circumstances. As long as we have that one person standing beside us we can face anything!!
