The Faithful Side Bitch Racquel Williams

Brooklyn is a fierce, no nonsense woman that is about stacking paper and building a good life. Meeting the handsome Jihad was pure coincidence, but she quickly catches feelings for this smooth-talking brother. A whirlwind romance develops between the two and before you know it, Brooklyn was thrown in a love triangle she was not aware of. She realized that common sense and her Ivy League education couldn't prepare her for what was to come in her once quiet life.

Alyssa is a money hungry side chick that is on the prowl for her next victim. As faith would have it, she crossed paths with the lying, two-timing Jihad. She uses sex and her good mouthpiece to snatch his soul up. Not caring about his wife and determined to become his main squeeze, she and Jihad concoct a devious plan to get his wife out the way.

Jihad is every woman's dream; ambitious, sex game on point and a mouth piece that will have the ladies squirming in their panties. He hit it big when he married the well-off Brooklyn. With no good intentions and his narcissistic behavior, he quickly put a plan into motion that will have deadly consequences.

With jealousy, murder and greed mixed together in this web of deceit, there can be no happy ending in this twisted love triangle.

Ut oh, I'm in there now!!

This story started out kinda slow but I kept going and so glad I did. One thing to say about Brooklyn, more than enough signs right in front of her face but was just not willing to see them until its too late. I felt that the storyline was very good, after it started to pick up, characters explained well. Great characters, Jihad, Alyssa & the best friend, can't wait for the continuation!!

Pamela Johnston Ward says

Poor Brooklyn

Poor Brooklyn. I can't believe that she is so naive and dumb. Jihad is just trifling and a gold digger. Usually it's the woman that's out for the money, and not the man. Alyssa is just as stupid as Brooklyn. She fell for his mess too. I hope that Karma pays him and her a visit, and while she's there, knock Brooklyn upside her head to make her open her eyes to Jihads mess. That's if he doesn't kill her first, which is what he's slowly doing.

Wow

The Faithful Side Bitch by Racquel Williams is a good read. She does a good job. It's definitely a phenomenal turner. There is drama, selfish, disrespect, disloyal, unfaithful and manipulative.

I felt bad for Brooklyn because she's a education, ambition, and successful woman but she doesn't do her homework and she's not pay attention the sign when comes to her bad relationship with Jihad. She should listen to her friend Jasmine about Jihad and Alyssa. Jihad is manipulative, evil, selfish and user. I believe that their marriage is fake. Alyssa is a something else. I don't like her at all.

Hopefully, there will be part two for this book. I want to read more from this author.

Good read:

Denise Gilliam says

This was a good book from start to finish. Brooklyn was definitely dumb as a sack of rocks when it came to Jihad. He is definitely one of the people you have to watch with a third eye very trifling. Gotta watch is shifty ass you might be in some stuff you can't get out. I didn't see that cliffhanger coming nether the less it was great. I hope it's a part two.

Jeanida Luckie-Weatherall says

First I must say Brooklyn really needs to boss up in the next installment. She really got on my nerves being so gullible and naive. She's smart and educated but when it come to Jihad, she's clueless. She should have listened to Jasmine from the beginning. Jihad is so trifling and a snake of the worse kind. Alyssa is dumb and didn't learn anything from what her mother went through. That ending left my mouth wide open and waiting so much more. Very well written and flowed so smoothly. Can't wait to see what happens next. Job well done Racquel Williams.

"The Faithful Side Bitch" by Racquel Williams

My Thoughts....

My, my, my, my my! I am not sure who I felt more sorrier for Brooklyn or Alyssa? For poor Brooklyn it was hard for me to believe that she was so naive with all that education she had but when it came to her love life...wow! One would think having a friend like Jasmine, Brooklyn would have listened to some sound advice. As for Alyssa was dumb but was she? You would have thought Alyssa's mother who gave her some sound advice having gone through this same situation she would have listened...but no that wasn't the case. As for Jilhad who was definitely a snake..the devil and all I will say is that he certainly must have had something that he was able to win over both of these ladies. I am still wondering what that was.....oh I know was it the hot steamy sex he seemed to be able to put out? I just want to be there when both of these ladies finally open up their eyes because I am sure that karma will be a bitch coming for Jilhad in the end. Now be prepared to be left in the end with a cliffhanger so I hope we are able to get the rest of this story soon!

aisha ray says

Ok read

Without giving too much away for this chick to be a psychologist she's dumb as hell. She's supposed to be able to read people and see through their bs. I was hoping this would end in one book which it could have. Now part two is gonna be a drag out book. I'm assuming he's poisoning her with antifreeze.

Tondalier Thompson says

Grimy

For Brooklyn to have a degree in psychology she sure doesn't use her brain when it comes down to a man. Jihad is a manipulative person. All he sees when he looks at Brooklyn is dollar signs. I hope everything comes to light before it is too late for Brooklyn. I'm ready for the next book like now so that I can see what happens. Looking for a good read then you need to go on and get this book. Come on and read about Jihad and his grimy ways.

The Faithful Side Bitch

This book is good. Written well the storyline is wild and the characters are wild. Jihad married to Brooklyn and Alyssa is his side chick. Or is she ?? Brooklyn is strong independent and got money business. Jihad owns business and got money or does he?? Alyssa goes to school nice girl or is she?? These 3 are something. Jihad and Alyssa got something up. Is Brooklyn going to be ok?? Can't wait to read or 2!! Well done must read!!

That Dirty Dog!!!!

First let me say Thank You author for another five star read. You never disappoint. Second, How dare this man?!!!! I am sooo disappointed in this male character for being so trifling. If you enjoy stories of betrayals and love stories with a lot of twist. Then this is defiantly for you. The plot towards the end will have you on edge.

Solena says

This was one of the best books ever

Lawddd can you say naiveeee? Omg come on Brooklyn boo, use common sense hunnie. Jihad thinks he can have his cake & eat it too ,smh. Briana is grown af & need to be put in her place. Alyssa is just a hoeeeeeee , yup that's it lol , ready for part 2
