## City Wolf Tressie Lockwood

Zandrea, Nita and Stacy are three girlfriends who are only interested in what club to pop into on Friday and Saturday nights. But Zandrea's life is turned upside down when, on break from her shift at the hospital cafeteria, she meets a sexy man with a serious injury in the emergency room. Nita and Stacy refuse to believe the man who Zandrea says disappeared from the hospital is the same guy they meet later at the club. But who cares, he's hot and he's set his sights on Zandrea. Nothing else matters...until Zandrea finds out what he really is.

## From Reader Review City Wolf for online ebook

### ToddAn says

fast read; quite predictable but interesting nonetheless. i read the second city wolf book immediately afterwards...

### Tony says

pleasantly surprised by this story.

---

### Ellen Kingsley says

I thought the heroine was an idiot and her man let people screw with her too much. Wish I hadn't bought the second at the same time. And like a dozen orgasms one after another--seriously?

---

### Nicole says

I liked this book enough to read and buy the rest of the series but it definitely wasn't one of my favorites. I think the characters could've been fleshed out a little more. The pack structure was also not completely explained which leads to some confusion.

### Nakeesha says

[ so when the twist happened and the wolves went back to the old ways allowi

---

### Debra Crosby says

i enjoyed the story just wish it had been a longer story

---

### **raeneysa says**

i like this novel so much i'm going to have to read the rest of the series.

---

### **Darla says**

This book was ok, even though there were some scenes that were totally ridiculous, specifically when the chick, whose name I forgot...oh yeah, Zandrea, let in a wolf, thinking it was a dog! What sense does that make? She admitted it was bigger than any dog she'd ever seen, but stupidly enough thought it was her roommate's (why would her roommate get a "dog" and not tell her!) Stupid chick! She was all over this animal, hugging and petting, letting it sleep with her the same night she let it in the house. Outside of that craziness, I liked Brant and Zandrea and her crazy friends. He was confident and slightly arrogant. I was intrigued by the Brant's brother, Lucas, I would like to have read more about him. Overall, not a bad read, worth it (minus those crappy scenes).

### **Kyra Gates says**

The Dog was hilarious. I will be re-reading this one! It was a short story but it was good. I wish the author would have elaborated more on the ending though, but other than that, it was good.
