Hitting on the Hooker

Mina Carter

Hitting on the Hooker Mina Carter

Hacked off after being stood up, Fern Morgan doesn't much fancy hanging around when local Rugby team, the Strathstow Sharks crash the bar, so makes rapid plans to leave.

One look at the cute brunette trying to make a break for it and Sharks player, Tom Sexton, has plans all of his own. Plans that involve getting her out of the bar and into his bed...

Pamela says

I don't know what it is about this novel but I absolutely love it. So much I've read it several times over.

Talk about hot and sexy. The only thing is that it's too short. I mean really really short. I shouldn't complain since it was free but still, I wish it was longer. For a novella that's only 33 pages, my engines were revved up real quick.

Pet says

I like these short sexy romps, they make great inbetweeners, something light to read just before I go to sleep or after a particularly heavy emotional book.

That said, the reason I only give them 3 stars is that while I enjoyed them, I would really have liked to see more of this story. Mina Carter has the talent to make some of these shorts into something amazing.

8o's says

Hitting on the Hooker by Mina Carter is a quick hot read, just the kind I love for my lunch breaks!!! I will admit I had to google what a "hooker" was cause I'm not familiar with rugby. The term is referenced several times in the book so I was curious but a knowledge of rugby is definitely not required to enjoy this extremely hot read.

Hitting on the Hooker features Fern Morgan who is stood up for a date and just when she is about to leave when hottie Tom Sexton approaches her. With instant chemistry, Fern decides to break her dry spell and head home with Tom. I enjoyed this novella, definitely a keeper!

Spoiler Whore-Momoa says

Don't let the title of the book fool ya. Hooker is a position on a Rugby team. Easy, short, sexy read.

☆ BJ's Book Blog ☆Janeane ☆ says

3.75 stars

Copy received for an honest review

I have to admit, I did not realise this was a series of novelettes when I agreed to read them, but that did not stop me from enjoying them.

It is hard to get a lot of information into a story that is only 33 pages long, but Mina Carter has managed it

well.

Fern and Tom's attraction is instan, and a good dose of insta-lust has things heating up pretty darn quick (well, I guess it has to be in such a short story!)

What was different that I liked was that Tom was insecure with his looks. We are used to this in the female characters, but this was a fresh change.

There is only so much that can happen in a novelette, but I did enjoy what we got. Would love a full length story of the Strathstow Sharks

J says

Short and hot. A great little novella about a girl stood up at a bar who, as she is leaving, meets a star rugby player and decides to chance a one night stand. I know nothing about rugby but I liked this steamy little book so much that I immediately bought another one by this same author.

Sara says

I guess I didn't read very carefully because this is just a very short story!

Fern is sitting at the bar finishing her drink alone as she got stood up. In walks Tom and his whole team to celebrate. Tom decides he wants Fern and they walk out together for a 1 night stand... That's it :)

Stephanie says

Short and Sweaty Rugby Novella. Quick fun read.

Brandi says

Loved it!

Hot, steamy and short. It was a great read. I loved the romance. I can't wait to read the next book.

Angel **Book Junkie**** says**

I think I may be in the minority but I didn't find this little read hot and steamy. I actually felt disconnected

and I felt it was all over the place. There was one good sex scene but for the most part it was a little boring..
2 stars.

Angela Goodrich says

I have said it before and I'll say it again: Ms. Carter excels at writing a novelette that provides so much story in just a few pages that you don't feel cheated. Do I wish it were a full-length novel? Yes. I love her writing style and her characters are so endearing that I would love to spend more time with them. Hitting on the Hooker is no exception.

I appreciate the occasional male character who has some insecurities about his physical appearance, especially when his leading lady has similar concerns about herself. Tom and Fern are so well matched and their chemistry is intense, which makes for some really hot sex.

I picked Hitting on the Hooker up as a freebie after reviewing Playing with the Prop for our blog and I am so glad that I did. This is a definite reread for me and Ms. Carter has been added to my must read list. I cannot wait to start Seduced by the Scrum-Half.

Alicia Jespersen(BehindThePicketFence) says

Oh my! Alpha Male!!!

Fern and Tom were such an endearing couple. I really enjoyed getting points of view from both of the characters, which gave a greater depth to the story. "Hitting On The Hooker" had great characters, a great plot, and a great set-up for what could be an awesome series about ruggedly handsome rugby players....

C.J. says

Mina Carter always writes these short sexy stories really well and this one is no different. The characters had plenty of chemistry, I just wish we got to know them a little better.

Angela (Angel's Guilty Pleasures) says

~ 4 Hooker Stars ~

Hitting on the Hooker is book one in the *Strathstow Sharks* series by Mina Carter. It's a super quick read and *hawt!* Just the kind of thing for anyone's lunch break. Don't let the title fool ya. Hooker is a position on a

Rugby team.

Fern is stood up for a date and just as she is to leave the hottie Tom approaches her. It was nice to see Tom have some insecurities about his physical appearance along with his leading lady. They are well matched and their chemistry is intense, which makes for some steamy hot sex. I will say I wish it was a full-length novel, but Ms. Carter knows how to write a novella that provides use with a story.

Hitting on the Hooker was a freebie on Amazon for me. This is the perfect quick read! I'm interested to read more in this series. I enjoyed Ms. Carter's writing.

Kelly says

This is a fast and dirty little story about a date that went bad and a one night stand that went well. Verrrrrry well. Fern wasn't interested in scoring a rugby player until Tom had her locked in his sights. Then it was all smoldering looks and steamy moments.

Definitely short, but with enough heat to have you itching to check out a rugby game or two. Why? One word: Stamina.
