## **The Beautiful People** E.J. Fechenda

Natalie Ross has always gone to her brother for help. Grant's been her rock throughout their turbulent childhood. Knowing she's struggling financially, he gets her a job at Crimson, one of the hottest nightclubs in Philadelphia where he works as head of security. Natalie promises Grant she won't get sucked into the party scene or involved with any of her co-workers because she's focused on finishing her last semester of college. Her promise doesn't last 24-hours once she meets Dominic.

From the first night as a Crimson employee she falls for the handsome bartender, despite her brother's protests and warnings about the guy. With a cool job, a hot man and more than enough money to pay her bills, life was looking up for Natalie.

Things drastically change when she witnesses her brother kill three men and discovers he's a soldier for the Philly Mob. Dominic is too. In fact, his family is the mafia. Suddenly Natalie is a liability and she's given an ultimatum: keep quiet or die.

Initially, Natalie is enamored with the money and power associated with the lifestyle. The mafia also offers the close-knit family she's craved her entire life. She soon learns that this family's values are more than skewed. A series of violent events leaves Natalie feeling trapped, vulnerable and questioning whether she made the right choice.

\*This book is intended for a mature audience as it contains: sex and sexual assault, plus drug and alcohol use.\*

## From Reader Review The Beautiful People for online ebook

### MadLoveBookBlog says

Unfortunately, I have to wait for the next two installments. This kind of stories shouldn't have a pause, or a gap. This is a story that you need all the books to be available, so as soon as you finish with one you keep reading non stop.

March is way too far to wait, LOL, just feels like...and I can't wait!

---

### Angie says

This book was AWESOME, had the total WOW factor!!! I can't wait for the second book!! Wish it was now.

---

### Jessie says

I actually really enjoyed this book... when I saw it was a mafia book I thought it would be like the others and in some ways it was but in others it surprised me.. I really liked Dom and I hope they work it out I know mafia life must be extremely hard and scary but he seemed like a nice guy under all the murders and drugs... Now I'm intrigued on what uncle Marco will do ... I really hope things work out... and I can't wait to read the next book!!

### Aurora says

#### 3.5 Stars

Natalie Ross, a promising college student, is given the opportunity to work at an exclusive club 'Crimson' alongside her brother who is also an employee. She finds herself captivated by the glamour and the perks of her new job and is unable to resist the charms of Dominic - the nephew of the owner of the club. Despite being ANTI-relationships, things begin to move fast with him and she begins to fall - hard. Soon, despite ongoing warnings from her brother to not get too attached to her new job and Dominic, she finds herself unable to resist the pull and is thrust into the world of the Philly Mob. Natalie Ross is forced to sacrifice all of her future plans for this new life, a life of drugs, murder and danger and she becomes very well acquainted with all 3.

Dominic was quite the romantic which I did not expect. I mean Hello? Nephew of the Mob Boss!!! And training to take over!! A BLOODY MURDERER!!! There should be a fine print that reads: Warning! Dangerous men in this novel do tend to stray from their nature and have a tendency to be charming, sweet, and compassionate.

Grant (her older brother), is quite foolish if I'm honest. For someone that is 'overprotective,' I'd expect him to pull some mob strings and get her a job somewhere else and not a place central to mob drama. But hey what can I say.

Natalie - I can't blame some of the choices she made, she never really had a choice for the most part. I was quite indifferent to her character.

Overall, this was quite an easy and enjoyable read.

If you're a fan of any of the following books:

- Sempre by J.M. Darhower
- Crow's Row by Julie Hockley
- Monster in His Eyes by J.M. Darhower

I would recommend that you check this book out.

### **Shannon says**

One of those books that you just can't put down. Thanks to the action, mystery, intrigue, romance and some pretty steamy scenes between Natalie and Dominic, you will lose sleep, thinking, "Just one more chapter." Nice to see a leading female character who yes, does have some self-esteem issues (didn't we all when we were her age?), but is never weak. Can't wait for the next installment.

### **Katherine Silva says**

Fechenda's "The Beautiful People" plunges the reader into the decadent and often gritty world of Philadelphia's mob underbelly in this captivating and suspenseful debut novel. Readers follow Natalie, a college student, who is lured into the glitz and glamour of the nightclub life by her older brother. After falling for the magnetic and charming Dominic, Natalie soon finds herself over her head when she discovers that both he and her brother are members of the mob. Coerced into keeping their secret, Natalie digs deep to muster the strength to keep herself and her loved ones out of harms way.

The author's knowledge of Philadelphia, having lived there before, paints a detailed picture of the city. It helps the reader feel as if they are sitting beside Natalie as she negotiates the city in her convertible, checks guns inside the bass-thumping walls of Crimson, and enjoys all of the benefits of being in the company of The Beautiful People. I'll be on the lookout for Book 2 when it comes out!

---

### **Traci says**

Natalie's brother got her a job at a hot night club where he is head of security. Natalie was just staying till she graduated and got into the art community.

Natalie was attracted to Dominic the head bartender. He was hot and their attraction was like two magnets. Natalie falls in love though this love isn't the kind without complications. Dominic is a mob prince he is always doing things against the law.

This was an entertaining read that I couldn't put down. It left me wanting more and can not wait for the next

book to come out!

---

### **Rachel Derby says**

great book. The characters were great and I like how it ended. cant wait for the 2nd book to come out!

---

### **Cara (loves Søren more then you) says**

DNF 22%. This girl, and I mean girl the most literal way possible, is driving me crazy. Is 22 the new 16?

---

### **Nikki says**

I'm sorry....I had to stop reading 45% into this book. I don't understand the hype for this book; or maybe its not for me to understand. I felt like I was reading a book written about high school girls...one girl would say "I don't like you" and the other would say "I don't like you because you stole my boyfriend". Blah Blah Blah. REALLY!!!! Anyways, this book was not for me. I'm glad that I was able to get free through Amazon Prime otherwise I would have returned it.

---

### **Shelley says**

Author's guest post at my blog:  
<http://bookfare.blogspot.com/2015/04/...>

---

### **Tara says**

Reminds me a lot of the author Alysa Rose Ivy's writing.

First half of the book was interesting but a little slow. The "bad boy" was anything but. He was supposed to have been a player who fell in love at first sight. Dominic was probably the most likable character in the book.

Main character Natalie was not likable. She judged all the girls around her by their hair and cup size. She drowned her problems in alcohol and pot. She's a player too, also known as slut. I really didn't understand why Dominic fell in love with her.

Second half of the book was a complete disaster. Way too many ridiculous situations. I wanted to throw my kindle at the wall. Why did I waste my time and money?

---

### **Becca Walker says**

I loved this book!! I can't wait for book 2. I usually wait to read trilogy books until they are all released but

---

this book had at the very first chapter.

---

### **Linda says**

Loved this book, I read it in one sitting. The story was original, sad, dark in places and well written. The dynamics between the characters worked really well. I have to say I love Mafia related books in any format and this one was really good. The only downside to it was that it ended too soon, I look forward to the next book in the series. It won't be to every ones taste, but for me it hit the spot!;D

---

### **Cathy Petty says**

I loved this story... Looking forward to the next one!!!
