## One Last Chance Beverley Hollowed

Having finally sorting out their differences and promising each other there would be no more secrets, Ally Brody and Cole Thomas have their whole future to look forward to.

With the patter of tiny feet on the way and the sound of wedding bells filling the air, neither one could be more happier.

But the course of true love never runs smoothly and the past has its way of rearing its ugly head and making the future seem more complicated than it should be.

Will Ally and Cole have their happily ever after? Or are these two lovers destined to be pulled apart once and for all? Can life give them both One More Chance?

## From Reader Review One Last Chance for online ebook

### Michelle says

OMG what a book I ve just luvd this series it was amazing the story was packed with sad an happy moments I cried at some part it just broke my heart but still luvd it I just wish Cole Thomas could call me is gorgeous girls everytime he me haha but I luvd the character except a few the 2 bitches an a totally arse but wouldn't b a great book without hatin someone haha but if u haven't read this series do its brilliant xxx

---

### Sarah Payne says

Didn't want series to end but loved how the storey ended well done Beverley

---

### Julie Kirby says

Great conclusion to Ally and Cole's story.

I love these two, they haven't had it easy, the path of true love never is, but couple that with deep secrets it can be a recipe for disaster.

Ally meets Cole by helping him out when his car broke down! She is a mechanic. He is a billionaire, hot and sexy!

Their relationship moves along, she is quite a strong character but has taken a few hard knocks, discovering Cole's hidden baby, working out the truth, confronting him, not to mention her ex, who she caught having sex with someone else, he traumatised her, he became totally unhinged.

We go to Cole and Ally's wedding, ahh so sweet, Coles sister has a few issues but Ally handles her very well. whilst they are on honeymoon, they discover that the baby Cole thought was his, ends up orphaned, How special is Ally, she jumps right on in and takes baby Ben as their own. Whilst she is working through her own pregnancy, she bumps into her ex, which starts a catalogue of strange situations, she thinks she keeps losing things due to pregnancy forgetfulness!

The ex Jason, takes a sinister turn, and we see Ally become very withdrawn, but she starts to turn herself around, but you know Jason isn't finished!

We go through a myriad of emotions, happy, sad, depressed, anger, love. Beverly keeps you on the edge of your seat, whilst the drama unfolds. Ally's friends and family are brilliant, and the security team, both sound really hot and sexy!

Her pregnancy ticks along, but not without complications, but the ex has other ideas. He is convinced that Ally is carrying his baby! Oh the suspense, I had my heart in my mouth, during the last couple chapters, the ending was perfect! Loved this series!

### **Barbie says**

Mmm to many tears!!!

---

### **Laura Smith says**

Well it's the final chapter for Ally Brody & the extremely gorgeous Cole Thomas. And what a final book Beverley Hollowed has in store for us. I was hooked, as always, from the very beginning and couldn't put it down. Beverley takes us on another roller coaster journey as the final chapter comes to an end :-)

After the revelations of Abby's pregnancy in book 2, Cole & Abby have realised they cannot live without each other and are determined to make things work no matter what. But we all know that the path of true love never runs smoothly, even for these two, especially with the threat of Abby's extremely jealous ex-boyfriend Jason looming over them.

Will Ally and Cole live happily ever after or will there be trials and tribulations put in their way to make things very difficult.

One Last Chance is a very well deserved 5 stars and I want to say a great big thank you to Beverley Hollowed for giving us readers a fantastic trilogy!

---

### **Michelle Friedhoff says**

After reading books 1 & 2, I don't think I'll be reading book 3.

---

### **Jeannie says**

The best was saved for last. The conclusion of Ally and Cole's story was the better of the three books in this series. It had drama and babies and love and family and lust.

The book was far from perfect but it was more tolerable than all the others.

---

### **Megan Wasko says**

I absolutely loved this series and sad that it is the end. You truly fall in love with Ally and Cole from book 1.

---

### **Hirst74 says**

This story was dragged on for three books unnecessarily. It could have been finished over 2 books and after about 15% I was considering skipping.

---

### **Jamie Leigh says**

I really enjoyed this series. This was an enjoyable series, even if there were a LOT of editing issues.

---

### **Denise says**

One Last Chance was a great ending to Cole and Ally's story. They had had some rough times and issues of both there pasts to deal with but they got their HEA. Only thing I found annoying was the typos! Subject verb! Leaving out questions marks and other punctuation! Every third word I will, he will, she will! And also how often Ally was "sobbing" or "fighting tears" Majority of the book she was crying!

---

### **Tina Lochbihler says**

#### **Great book**

Wow must read book love it. It kept the pages moving but boy did it take a stumble and almost stop reading so glad I didn't. A must read

---

### **Eliaglopez says**

Hate when authors force another book

---

### **Jyoti Achameesing says**

A lovely couple , Cole and Ally stood against all odds to be together. Cole is a strong personality and Abby is a warm human being. They both offers Ben a stable life and finally gets their own baby girl Abby.

One More Chance  
by: Beverley Hollowed

I was lucky enough to receive an ARC of One More Chance, for an honest review.

I rate this book 5 ?????stars, actually 10, but think they only go up to 5, lol

I absolutely loved the final book of the “Chances” series.

I must say, Beverley never lets her readers down. She keeps them starving for more. This book owned me! This story was one of the best I have read.

I savor Cole and Ally as a couple. They were genuine, perfect, in-separable, and they were so in love, that they were un-breakable. The emotions they feel for each other will suck you in.

Cole - well, he was amazing, caring, thoughtful, H-O-T, gifted ;) , incredible, stunning, heart-stopping, exciting, rich, LOVING, honest, devoted, faithful, affectionate, tender but rough when he needs to be, passionate kind of guy that ANY woman would dream of having. When he loved, he loved with his whole heart. He took care of the ones he loved. I was swooned over him through this whole series, he was always a pleasure to read about.

#teamCole #forever

Ally - she was a brilliant, beautiful, sweet, sexy, loving, faithful, private, out going, dynamite kind of girl, that knew what she wanted and went for it, and it was the wonderful Cole Bloody Thomas.

From beginning to end I was devoted to this series. Loved everything about it, the story line, the writing, the characters, it absorbed me like a sponge. This was one of those books you never wanted to end, ever.

I never go into detail about the story, because I just think when they are this good, nothing I can say will even compare to when you read it yourself.

There were a few times I thought I was about to go nuts, couldn't get to the next page fast enough. I never wanted to put this book down. I can see myself reading this series again. It was that good.

I can't seem to get Cole and Ally out of my head, they were perfect for each other, and just when you think it couldn't get any better, it does, besides a few curve balls along the way.

As far as for Jason, he did what needed to be done, that's all I will say about that.

All Cole and Ally's friends and family were amazing, in every way possible. I don't think there is one bad thing I could say about any of them.

And of course Ben's birth mother, well, she won't be taking up any of my time writing about her.

And Abby, well that was just wonderful, lovely, and a great way to finish everything off.

Again- The Ending--Ohhh emmm geeeee--- IT was the PERFECT season for the ending, Beverley knew what she was doing, she has really got her sh\*! together. Release date could NOT have been more perfect.

Cudo's to Bev :]]]]]

Thank you Beverley Hollowed for another great book, and an amazing series. You always seem to amaze me, with your superb writing skills.
