Sin & Savage

Anna Mara

Sin & Savage Anna Mara

It's his world and his rules, he keeps telling her.

But that doesn't mean she'll play along...

All small-town schoolteacher Tori Jones wants is a relaxing, long weekend to herself. But the plans go awry when her troublemaking grandmother confesses her secret Internet boyfriend has disappeared with her money.

So the ladies fly to Las Vegas to track the crook down but land knee deep in a world filled with liars, criminals and outlaw bikers. **They need help!**

Enter Savage Monroe.

The dirty outlaw biker has a busy weekend planned, especially with that shipment of guns coming in. The last thing he needs is to play babysitter to some goody two-shoes schoolteacher who wants to hire him to be her bodyguard.

But, he's thunderstruck. She's about the most beautiful thing he's seen in a long time, and he's attracted to the woman like gravity. Too bad she's an infuriating, stubborn, pain-in-the-butt, who refuses to do what you tell her! Can he keep her safe from the rogues of the road?

The pair strike a deal.

And the danger-filled quest begins.

But can Tori trust the rough, tough biker? He comes from a different world and solves problems with his fists. Should she fight the crazy, insane pull she feels to the man?

SIN & SAVAGE is a romantic suspense adventure that will take you on an emotional rollercoaster ride, this time on the back of an outlaw biker's wild Harley through the dark, violent streets of Las Vegas. **Live the book!**

From Reader Review Sin & Savage for online ebook

Meredith Moore says

This book is really good. I enjoyed the twists and turns. Most times I would just shake my head at Tori at what she would do. I was kind of skeptical when I saw the cover and read the synopsis, but I am very glad that I decided to read this book. I love it

Judi Mullin says

Uninteresting

An immature read with rambling verbiage that got boring. Only made it to Chapter 45 and just thumbed through to end. Not a gripping thriller or for that matter romantic.

Beckie Zemba says

Good read

I Liked the book. Fast read with some entertaining twists and turns. Would recommend this book to family and friends.

Dena says

Great book!!! Enjoyed it like crazy

Elizabeth says

Difference between stubborn....

And just plain acting like a spoiled brat. This may contain SPOILER alert here, so there is your warning. I am currently at 26% of this book and I cannot continue. The main character, tori is not a good heroin. She has some rights to question savages moments but her "standing up" for herself is simply tori throwing a Damn tantrum. She is not acting stubborn she is acting like the 5 year olds she teaches. Her character description could not be anymore cliché either. Kindergarten teacher= dress, being naive, innocent, naive, carelessness, have I mentioned naive. She is too old to be that clueless, I do not care if she grew up in a small town. This is all common sense! She barges into basically a sex shop, tells a girl oh you can walk away. No worries, and oh ill tell the owner who is making you prostitute yourself. He will understand completely. What a shock when said owner went wild and was pissed off. Savage comes in just in time to save her. I can see why a grandmother would totally hire him for protection. What makes more sense is the grandmother is all fine with her granddaughter going to find her boyfriend in some of the worst parts of

Vegas. I am not worried about your life and what could possibly happen to you- cause you know, I paid this biker dude here to protect you and savage is bullet proof.

Savage, oh savage. I don't know what to say about him. His character is also cliché. Big, tattooed, bad, bike dude, criminal, okay we get it, he is not a good person. So far no real character development has occurred. We keep reading repeating words. Big has associated biker, he can hurt us, he is trouble, he is a criminal. But that's all fine because granny here as a tingle about him. Who wouldn't let their innocent, naive grandkid go off with some criminal due to a tingle. Well duh to me.

I wish this book was better, it has a lot of potential. If this book is currently free- take a gander. Maybe your opinion will be better than mine.

Jessica says

Hmmm

Let me start off by saying this book was good, but it didn't really hit home for me. I guess the only reason why I decided 4 stars instead of five is because the main character tori is portrayed to be all nice and holy I guess you can say but it seemed to me that she was pretty judgemental about a lot of things and kind of stuck up if I'm honest plus the ending seemed just a little rushed for me. Other than that I feel the book was pretty good.

Mashonda Jolley says

Review

I really enjoyed this book, it had action as well as beautiful love story. I can't wait to read more from Anna Mara.

Kate says

Im giving up. I just cant stand all the swearing. I get it, he's a bad boy biker, but does he have to curse constantly? even around her grandmother and at the h. If Im going to like him I want him to at least be a little sweeter to the h instead of telling her to 'shut the fuck up' I don't mind swearing in books, I love it when a Hero swears, but its a total turn off if he swears at the h.

That's just one of the reasons. I also hate the heroines judgemental attitude. she's really annoying, like when she thought the bikers were going to rape her or even the Hero himself.

So I hated both of them. plus the grandmother as well, it would have been better and funnier if she was a sweet innocent old lady instead of an swearing drinking and smoking grandmother.

Also I wouldn't have made it far, which for me was chapter 14 if I hadn't known (view spoiler)

So for the length of this book, which for me is long, Im not gonna bother to continue, too much hassle.

Halie M Vaughan says

Not sure about this one.

Wonderful idea, but I fluctuate from disliking it to ehh. The dialogue was stilted and i really had a hard time with the whiny preachiness of Tori. I liked Savage though.

Heli - So Many Books - So Little Time says

2.5 stars

Pam says

3 stars

"Can you save me, little one? Or will I be damned to hell fire for eternity?"

Tori is best described as

Miss Twenty-seven-going-on-one-hundred-and-twenty-seven! Where's your sense of adventure, your joie de vivre, your 'let's-take-a-chance-and-see-what-happens' approach to life? You're turning into a dried-up, crusty, old prune."

and that is coming from her Nana Estelle, one who smokes like a chimney, swears like a sailor and lives life with no sense of consequence. Her Nana needs her help finding her new beau who is in trouble with some bad people, but in Tori's mind Joe is just out for her Nana's poor defenseless money. With her own reasons behind why she wants to find Joe, she sets off to Las Vegas, but not without some help from Nana's appointed bodyguard, Savage Monroe.

In a flash, his dark eyes turned stormy, angry at her for making him feel this way —because compared to her, he was a no-good, worthless, piece-of-shit.

Savage is not a man Tori feels comfortable being around or seen with, she knows he lives his life on the gray scale of black and white. Not only does she not understand his world, but the way he makes her feel, the way he can so easily ruffle her feathers just unnerves her. To her he may be one man, but the man he chooses to live his life as isn't one she can easily accept.

"Fight for me, Tori— please," he whispered in a tortured, strained voice , begging her to not give up on him, even if he was the scum of the earth.

Sometimes love isn't enough, and even though walking away from him is the hardest thing she will ever have

to do. How deep is Savage in and how closely are his ties to Joe and the trouble he is running from?

Sin & Savage was an interesting fade-to-black-non-biker-mc read. Mind you I had some pre-conceived thoughts on what I was going to get, and for the most part it did deliver, one thing that drew me in was Nana Estelle, she is a hoot and I always had a thing for meddling family members. But my issue was with the heroine, she was a little too judgmental for me, it's kind of hard to describe but she really was uptight to the end. She softened up a bit to Savage but as soon as she is reminded of who he really is, it was like a switch and she made him feel like shit. It just didn't give me the warm and fuzzies to really fall for their story. I would still recommend it to others, since that was a personal reaction to Tori and had nothing to do with the writer's style or the story line.

nicola says

Good

It was different, but Tory was a bit annoying. I liked that it mentioned God. It was an interesting story.

Ella Foisy says

Only my opinion

Story kept my attention. Light reading. However I feel the author isn't putting her heart into it. She is skating on the top, not driving into the depths.

David J Tahaney says

Great read!

Another great adventure with Anna Mara. I enjoyed this book as much as her last one I read. I picked it up and couldn't put it down.

A.M. says

Tori works as a kindergarten teacher in a small town. She has sworn off men after a rough divorce but then her grandmother tells her that her pensioner betrothed is missing. Not only did Tori not know about him but Gran has given him her life savings to buy a condo together... in Las Vegas. Luckily it's a long weekend and the ladies go off to find him. Gran ends up hiring a biker dude, Savage, as bodyguard for Tori.

Gran says they can't call the cops as Joe is on parole... but its okay as Gran's stomach 'tingle' tells her he's a good guy. Oookay then...

Oh, boy... they have walked right into a biker bar and started asking dumb questions.

Tori blinked hard and took a protective step back as she realized she'd been reading his mind just as he'd been reading hers.(p. 32).

Nope... people can't read each other's minds.

Oh my God, they were all going to rape her and she knew it for a fact! (p. 36)

Is that more of that mind reading stuff?

Sigh... she's in a biker bar and she describes them as evil, brutal, satanic, filthy, creep, animal, hell, stupid, violent, psychopath - honest to god that is all from one page. *One kindle page*. I mean, that's a big effort for one kindle page.

But Savage rescues them ie. throws them out unscathed.

At that moment, a 23-year-old, pretty, blonde waitress approached them. (p. 48).

Wow, is her age printed on her name badge? Or is Tori mind reading again? Oh, wait... we don't know her name but we do know her exact age. That's weird... right?

Oh, my god. I just snorted in disbelief. Tori just bought a steak knife from the pancake house for \$10 as protection. Bwahaha. I mean... she could have just stolen it.

"...I don't approve of violence, Mr. Savage." (p. 60)

Honey - you just bought a steak knife.

She's now annoyed because Savage told her to follow his rules when she has already clearly demonstrated that she does not have a clue how to behave.

Nope... I cannot keep reading. I cannot deal with how truly irritating Tori is.

I can't even wait for her to redeem herself. And Gran's tingle is working overtime on Mr Savage... uh, huh.

Did not finish at 17%

Nice cover...

Snort. That's the death knell.

And by the way - it's 'liable to' not 'libel to'. Libel means something very different; you know, like defamation.
