Breathe Into Me Nikki Drost

Adam Stone is one of the world's most powerful supernatural beings. As an immortal wolf shape-shifter, he was chosen for greatness by the Archangel Raphael. Graced with the power to manipulate air and with the help of his fellow Enforcer's Adam protects humanity from those who seek to destroy the world. On the verge of a new war, Adam meets Andrea Harris and his life is turned upside down. With danger all around them and their enemies closing in, Adam must dig deep within himself to keep the woman he loves safe or pay the ultimate price.

After a bad break up Andy Harris, moves back home to the town of Westhaven Massachusetts. Andy loves being a trauma nurse, she has great friends and a supportive uncle, but something in her life is still missing. Enter tall dark and mysterious Adam Stone. Despite Andy's trust issues, she gives into her attraction to Adam almost instantly, how could she not? The man is perfect, almost to perfect. When Andy finds out Adam's deep dark secret, will she be able to get past his betrayal or will her fear of the unknown cause her to give up her chance at true love?

Christine Butler says

3.5 stars.

I really enjoyed the overall story. It was exciting, fast-paced, and kept me wanting to know what happened next. For those of you who enjoy the sex scenes-there was plenty of hot action.

If not for those things listed below, this could have easily been a 5 star book. I'm excited to read more by Nikki Drost, because I enjoyed her story-telling, and I think her books are only going to get better and better as she continues to write.

I'm really hoping she does a follow up so we can find out more about Jamie and Kelsey, and maybe some of the other brothers too! :)

The things that knocked my rating down:

- typos/grammar

Normally, I am very forgiving of typos & grammar issues, but there were a lot of them. Hopefully, the author will go in and fix those issues.

- POV changes

The POV changes were a bit jarring at times. I wish the author had tossed ~*~ character name ~*~ tag of some sort at the beginning of each chapter. It sometimes took half a page or more to realize whose point of view I was in, and then I'd have to go back and re-read so things made sense.

- Accents written out

This is my own pet peeve. By all means tell me about an accent, but don't overdo it with trying to spell every word out the way it sounds. I struggled with reading through the Irish and Bostonian character accents.

Again, this is a personal pet peeve that not everyone shares, but it made reading certain characters frustrating for me.

I am an ever hopeful romantic and this book is good for me. I am into the Paranormal, this love story between a sexy wolf and his human mate were good to me. Adam and his brothers were players of the first order and had no shame with it. Andy was a nurse who had seen heartache galore. These two meet in a local watering hole and it was love at first sight. Adam's brother(Jaime) is a hot head for a lot of reasons..oh yeah. Linc is oh so sweet. I love his brother Landon as well.

Adam is there to further his purpose as an Enforcer but finding his life mate may cause him to be abit distracted. I loved this 1st book and the characters. Kelsey (Andy's bestie) and Jamie (Adam's bestie) are good for a few laughs and I hope their story is next.

Many may think a poetry quoting wolf is soft, but Adam is far from that. I'd like to think in the war between good and evil, we have people like this group fighting for what is right.

First read by this author, but I can't wait for the next in this series...

Belinda says

Adam Stone is an "enforcer" - wolf shape shifter. He and his "brothers" have a mission to protect - they were chosen by Archangels and have powers other than shapeshifting. Adam can't believe what happens when he meets Andy (Andrea) - he never thought as an enforcer that he would find his "mate". Come join the journey of Adam and Andy as they overcome obstacles in their way.

This is a definite must read by Nikki Drost.

I'm not a big reader of this genre, but the plot line and strong characters made me want to know more. I loved the tight relationships between the pack men and there was so much more to this book than erotica.

Heather Watling says

I received an arc copy of this book for an honest review. I honestly couldn't put it down. It pulled me in right from the beginning. I love how detailed it is. Each chapter you read leaves you wanting more! I also loved that the story was told from different characters perspectives so you get to really know each of them, what they are thinking and feeling. It has so many different elements like romance, drama and suspense. I enjoyed learning about the different characters and taking in the love story of Adam and Andy. I can't wait to find out what happens next!!(less)

OMG!!! Just WOW!!!

I have nothing bad to say about this novel!!! The way this author used her imagination to bring what most of us to believe as biblical truth and what some people think is entirely fictional is AMAZING!!! If you do not read this you are(sorry to insult anyone) stupid! This is one novel I truly believe everyone should read no matter what genre you prefer because this story has it all!!!! I want to truly thank this author for blowing my mind and adding excitement to my life for a few hours when I needed it more than I realized!

Bonnie says

I got to 60% through the book and quit out of frustration. The story was good, and I would liked to have read to the end, but the grammar and punctuation errors drove me crazy.

I've never seen such poor use of commas. Example: "I can't help, but feel a pang of jealousy." No comma is needed here. Another example: My name is, Adam Stone." No comma needed here. There are lots of these types of comma inserts.

The author doesn't seem to know how to correctly use the following:

"than" and "then"

"their" and "they're"

"woman" and women"

"were" and "we're"

"to" and "too"

"were" and "where"

"quite" and "quiet"

And there are lots more. I don't understand how this book received four and five-star reviews.

Veronique Devriendt says

I read this book and i was sorry for One thing. I dit not find when this serie Will be continued.this is a story of angels, shapeshifters and humaans . It is a perfect mix of romance sex ,hope and suspense . THE caracters are impressie. I do hope there are a lot that Will follow .

Breathe Into Me

by Nikki Drost

Adam Stone is a wolf shape shifter and and enforcer, returning to Westhaven Massachusetts he meets Andy Harris and is instantly attracted to her when it hits him that she is his mate. His life begins to revolve around her and never wants to be apart! Andy is so drawn towards Adam but doesn't quite understand why nor does she question it. Will she still feel the same when she finds out about his secret...

The pov switched between Adam, Andy & Jamie but each time it switched it confused me and would take me a while to realise who's pov it was in.

The story started off really good and I was enjoying it but as the story continued I found that I was struggling with it. It is not a badly written book and it has a really good storyline. I just found that it was missing the chemistry between myself and the characters. Don't get me wrong the characters are great and I did not hate it, its just not for me.

There is an intense love story and plenty of hot sex and lots of sexy shape shifters!

I received a copy from the author in exchange for an honest review

3.5 stars for Amazon & 3.5 stars for Goodreads

They are Heaven and Hell all wrapped up in one. Take your pick cause you have four flavors to choose from Earth, Wind, Fire & Water They give these element a whole new meaning and they give so much more too.

The Enforcers are a force to be reckoned with in a fight and in love.

The action and passion in this story had me on edge and panting all the way to the end. I could not put it down.

This is a fantastic story and I hope to be reading more Enforcer stories.

I will definitely be reading this book again.

Angel says

This is one of the best books I have read in months!!!! The characters are great and the story is original. It has everything u could want. Action, love, lust, antagonistic relationships, denial of love, brotherhood, passion, compassion, I could go on and on. Do yourself a favor READ this book. Loved it. Can't wait to see more from this author. I read this book in less than a day could not put it down.

Angela Hall-Averre says

I received an advanced reading copy, ARC of Breathe into Me by Nikki Drost for an honest review. If you enjoy reading Paranormal Romance novels then it's time to curl up with a blanket, hot drink and a copy of Breathe into Me by Nikki Drost. There really is no better place to be. Book one of The Enforcer series. Imagine if you will a world where angels and immortal shifters are real. Meet Enforcer Adam Stone, wolf shape shifter, even as a child he did not really understand why he was chosen. All he wanted was to be a normal human being like his mother. He was branded on his chest with the mark of the Archangel Raphael and given power to manipulate the air. Every time he traces his fingers on his mark he is reminded of the Archangel's words, "Your gift is not a curse my boy, it's an opportunity to protect the innocent, to protect those you love. One day you will know what it means to love another and then and only then will you understand your gift." Meet Andrea Harris, Andy for short, Adam falls deeply in love with her. Will their

Love last when she finds out the truth about Adam and the Enforcers? Are they Soul Mates? Breathe into Me is filled with plenty of romance, suspense and action. The first of a provocative, gripping, action packed paranormal series. This is really a thrilling read.

Gale Albright says

Great Story

This is a great series, I love shifters of any kind so this is wonderful. I liked the storyline and enjoyed the dynamics between the H and h. I am really looking forward to reading book 2 in this series.

Elisa says

Where do I start?!? I enjoyed this book so much that I know I'll be rereading it more than once. In fact I am currently rereading it right now because it is so richly detailed that I want to read it again while it is fairly fresh in my mind so I can pick up on things that I may have missed the first time through.

Why did I miss things the first time you ask? Well, I kinda, sorta, ummmmm. . . stayed up ALL night to read the darn thing!! It was pretty funny actually, I kept nodding off, the kindle would fall over onto my chest and it would wake me up so I could keep reading. lol

The very first time I tried reading it, I had to stop after just a couple chapters because I had to get an author's 'advance reader copy' read and reviewed with very short notice. Then a couple other things came up and I didn't want to start this again until I knew I could finish it. It ended up being so good that I could not put it down.
