The Legend of Dragon Hollow (Dragon Hollow, #1) Christy Bower

When an enemy army attacked Mirabeau, Peter and his friends, Sebastian and Alexandra, lost their parents, their homes, and their city. They set off in search of the dragon's treasure that Peter had read about in his favorite book, The Legend of Dragon Hollow. On their journey, they encounter all sorts of people and adventures, and they learn valuable lessons that will help them fulfill their destiny—a destiny that is greater than dragon treasure.

With whimsical characters and unexpected plot twists, this action-adventure story guarantees pure enjoyment from beginning to end.

Bossyman15 says

I received the book for free through Goodreads giveaway.

I tried to read the book but I just couldn't do it.

This book just isn't my style. I thought I would enjoy this book because of its simple plot.

Maybe that's why I couldn't read it because of simple plot. That and the fact this book seem to be for young reader not an adult like me.

Jenny Escobar says

This book was very funny. I liked the way the author played with the names of the characters. It was interesting to figure out what she was referring to. The only part of the book I didn't like was at the end of the book I think the song Donkey Oatie sang was just to long. I mean the whole song didn't need to be written. I'm looking forward to reading the next book.

Christy Bower says

This was a really fun book to write because I wove so many fairy tale reference into the story. And I honestly had myself laughing out loud as I wrote it, especially the scenes with Donkey Oatie. Plus, dragons! I hope you have as much fun reading it as I had writing it. This is ideal for ages 10-14, but adults enjoy it, too.

Erik This Kid Reviews Books says

I was interested in reading this book because I enjoy stories of dragons and adventure. I was very happy that Ms. Bower included a ton of humor around this great story. I loved all the references to fairy tales and other books and songs. Ms. Bower has a fun writing style that I enjoyed reading. I also liked that even though this is a self-published book, it is edited very well and the story hangs together. Peter was a great main character. He was brave (for a kid), smart (for a kid), and awesome (for anybody). He handles situations very well. I think boys and girls will like this laugh-filled book!

NOTE I got a free copy of this book in exchange for an honest review.

Keri says

I had a hard time reading this book. It seemed like nothing but a group of puns that make references to other well known stories. I couldn't tell if this was meant for children or adults because some of the jokes and references were not ones children would get. I also found many typos in my copy, though it could be more

the publishers fault rather than the authors.
