[Siren Ménage Everlasting: Erotic Ménage a Trois Romance, M/F/M, HEA]

Clayton Dorchester moves himself and his children to Lusty after the death of his wife. Clay needed the comfort of family and to keep his oldest from big-city temptations.

Gord Jessop has fallen in love with Tasha Garwood. Convincing Clay that he's too shy to make a move toward Tasha himself, he talks his friend into the perfect solution. They can court her together. Gord knows that Clay is half in love with Tasha. He figures a bit of Lusty-style living and loving will mend his best friend's broken heart, as well as make his own dreams of having a family finally come true.

Tasha is already gone over not only both men, but Clay's kids as well. But she's afraid that once they know her secret they'll no longer want her. As these three wounded souls find their way together, a threat emerges that baffles and confounds them, and puts all their hopes for a happy ever after at risk.

Tasha Garwood knows that Clayton Dorchester and Gordon Jessop have an attraction towards her, but she doesn't feel as though she is the right woman for them so she tries to steer clear of them but when that doesn't work she comes clean about why....Clay's wife recently passed and he finds himself needing his family in Lusty when Gord tells him how he feels about Tasha, but says he too shy to talk to her himself Clay agrees to try to be the third point in their hopeful triangle... I really felt for Tasha, Gord, and Clay..but I especially felt for his three children....wonderful story....onto the next

Another great entry in the Lusty, Texas series. If you love this series, this is a must-read.

I love returning to Lusty, Texas. I get to reminisce with old friends and meet new ones. I adore Cara Covington's Lusty, Texas series and found Love Under Two Introverts to be a wonderful addition. It was Gord's opportunity to shine and boy did he ever! Underneath that shy and polite exterior beat the heart of a warrior. He totally fit in with his more outspoken brethren even if he is much more subdued. I loved his faith in Clay and Tasha. His willingness to try even as he schemed a little was admirable and honorable; much like the man Ms. Covington allowed us to get to know. But he wasn't the only quiet warrior in this tale;Ms. Covington gave him a worthy partner in Clay. Talk about a protector. His wife dies unexpectedly; he is there for his kids. His son is associating with the wrong crowd, change in scenery immediately. His new life is threatened, and watch out stalker! Even as he struggled to accept an unimaginable loss, Clay worked to protect his children and their future. I loved that his heart was in the right place even as he thought his heart dead. With the support of Gord and Tasha, Clay found himself living again, and not just for his children. Lusty and family worked their magic yet again and not just on Clay. Tasha found herself blossoming under the gentle determination of her new found friends. After dealing with a hurt so personal it affected her sense of self, she was able to trust that Gord and Clay would always be there. I loved that Ms. Covington gave us three souls with such similar hurts but showed us how each handled the pain differently. She then went on to show us the strength that came with communication and acceptance. With a deft hand, Ms. Covington gave us a story of love and support and I continue to be a fan of both her and her writing.

Five Shooting Stars!!

This Lusty tale was a bit different from the others. We have a family member, but one who didn't grow up in Lusty and indoctrinated with the "normal" families that live there. The family did visit Lusty, so it was in the knowledge and the visits allowed Clay and Gord to meet and get to know each other and feel a special connection.

I really like how Gord seemed to know what Clay needed and talked to him to work things out between the two of them before they approached Tasha. I think that all 3 of them needed the time to even contemplate a relationship between them all. Each of them had tender spots that had the potential to really hurt them. I liked that each of them seemed to bring out those tender spots and address them in order for the relationship to work.

It was especially nice to see how the kids playing into things. All three adults took the feelings of the kids into account before making any changes in their lives. But the best was at the end, when the kids proved that they were willing and ready for the new unconventional family.

Another fun, sexy, adventure

This whole series has tons of adventure, fun, family and sex. This book is no exception. I have read every book in this series and they are all wonderfully enticing. If you like menage books and would like to read about a town full of this type of relationships then this is the series for you.

Marie Brown (Marie's Tempting Reads) says

Oh my gosh, reading LUT Introverts was a real treat for me. I have followed Cara Covington (aka Morgan Ashbury) and her Lusty Series for a while now and I swear, each book she writes gets better, hotter, and more appealing than the last. I ADORED the characters. I like Tasha, Clay, and Gord. I was amazed with how much Clay loved and cared for Tasha. He tried telling himself after his wife's death that he would be happy and content to marry Tasha and let Gord love her for the both of them, but he just couldn't resist falling in love with her. She is caring, understanding, sexy, and has her own hurts that both Clay and Gord understand as they both proceed to show her that everything happens for a reason and they love her no matter what. Gord was another character that was amazing. He knows right from the start that Tasha is the one for both him and Clay and he also knows she is the one to help Clay heal after the death of his wife the year before. LUT Introverts is an incredible work of art and one of the sexiest, sweetest reads of this year. Its like my favorite cup of hot chocolate, it comforts and warms me and makes me sigh with true happiness and contentment. I can't wait for the next Lusty book!

***** Explicit, sexy, loving and engaging ! *****

Tasha, Gord and Clay are wonderful ! Another great story !!!

Deeply thoughtful characters, true love, sexy, erotic ménage, and wonderful small town camaraderie, abound. Tasha is perfect for these men, and they are what she needs. It is destiny.

Clay has a crazy stalker, but the town tries to be prepared. No one was prepared for the surprise !

The children of Clay's are terrific, and they will thrive in Lusty.

I thoroughly enjoyed this addition to this series and look forward to the next love connection.

If you liked this, read Heather Rainier's Divine Creek series, or Sophie Oak's Bliss Colorado series, they are all ménage, great stories and memorable characters, just as this series is.

ENJOY !!

Too laid back and generally unexciting for me both heat and story wise. Definitely not one of my favourites in this series and far too predictable. Don't get me wrong, I enjoy this series for what it is but when the scorch factor and things are happening metre don't make up for the gosh haven't I read this before feeling (and in a series as long as this one, that's something you have to be careful of) it just doesn't rate well for me.

Jenny says

I love this series.

As usual the author set the scene beautifully but

I'm sorry to say I really didn't feel the love for Clay Tasha and Gord, Which really surprised me. Although I have no doubt I will continue to read the series

I did however learn something new and will be passing this on to friends:
