Hex Gone Wild Milly Taiden

Dalia Azul knows she's got a problem. Every spell she tries to create ends up targeting a growly shifter in the woods. He's big, furry and so sexy she's half-losing her mind from thinking about him.

When she goes out into the woods thinking that it will help her concentrate, she ends up summoning the big bad wolf instead. Figures. This time he isn't going to make it easy on her.

How can she focus on magic when he's naked and promising to do all kinds of naughty things to her?

Maybe if she gets a taste of the forbidden, she'll be able to concentrate and stop her hex gone wild...

Delia is a curvy elemental witch that can't seem to stop calling out to the hot sexy shifter Jared. She has been working on a lust spell and everytime she tries to do it she seems to call him. The last time she did it he appeared naked and mad. Dalia goes to the woods to get closer to the elements and Jared appears. He and his wolf want this very curvy witch for his own. The passion and such in this book is for the 18 and older crowd. Do not forget this is a short story and it has everything packed into one giant punch. Milly has brought the heat once again. I look forward to her next short. If you haven't read Don't Drink and Hex the first of her shorts I recommend that you do.

Every now and then I just have a craving for short and sweet, fill every hole smut and this series has so perfectly hit the mark on a stormy Sunday arvo tucked up in front of the fire I just can't put them down.

Oh WOW talk about HOT!!!!

Milly Taiden has done it again in book 4 of smut shorties. I have got to find out where these lucky witches live

with hot sexy alpha shifters as neighbors what more could be a better dream.....

"Her mother liked to tell her not to play with wild animals. Shifters were as wild as the get!"

Dalia Azul one of the element triplets that share the share Cleopatra as a Godmother. Some how she knows when her Goddaughters need help and in Dalia case over not being able to cast a simple LUST spell. That has her super hot neighbor showing up at her door growling and very naked....

Jared Price the local shifter in the woods but ever since he saw his witchy neighbor has him wanting her til his animal is pulling at him. It doesn't help that every spell she cast lands at his door which doesn't help his mood at all. After being constantly hearing her in his head at ever spell cast he has had enough....

Watch the sparks fly when he meets her in her element and his woods. How do you tame a BIG BAD WOLF?

Una corta historia... :)

Great short lunch time read!

Milly dives right into the story line and takes off running or should I say hexing?

Our heroine, Dalia, is trying to perfect her lust spell and keeps summoning her neighbor, Jared - a huge wolf shifter. Unfortunately she thinks he is way out of her league, rumor has it he has a line of women begging him, plus witches + wolves are a no no... Will she correct her hex or is she doing exactly what she wants? This one is short enough I don't need to share more the of story, give it a try!

Favorite passages:

- "He's too handsome for his own good."
 - Though her words had no effect on him, no spell did, knowing she'd wanted him near sent his animal to a frenzy.
 - "I sensed you wanted me to stay. I was right. You do. Want me."

Not a great thing.

Me gusta bastante que no estan perdidamente enamorados como pasa normalmente, simplemente se atraen y saben que se van a desrrollar sentimientos pero aún no se dicen que se aman.

read in the box set as a free read.

Not as bad as the first story but once again we get a man whore werewolf as the hero.

Dalia has trouble casting a spell which gives her werewolf neighbour Jared another reason to chastise her.

Just look at that smexy cover, seriously

I love it, I love it, I love it!!!! Such a delicious read! Milly knows the right way to write BBW. She keeps it smexy and has the curvey girl positive about her body!!! Other authors of the genre should take note and emulate!

Now for the smexy, good lord!! I was ready for a bucket of ice after this!! I am talking some serious steam going on in this tiny book. Give me a dominant dirty talking wolf any day of the week! Uber hot!!

I love these hot little reads, but they are a tease!! I want more!!

Yummy Kindle Unlimited Selection!!

'I was gifted a copy of this book in exchange for an honest review'

Dalia is a witch and for some reason every spell she casts lately hits sexy werewolf Jared. Which does not make him happy. One time her showed up at her door naked yelling at her. So when a wayward lust spell hits Jared she gets a big surprise.

Jared has wanted Dalia since he first seen her. He is just biding his time. He knows that she wants him now he just has to get her to admit it.

My Opinion:

A super sexy short by Milly Taiden! Milly is called the Smut Queen for a reason! For those of you that are dying to read something hot but are short on time this is a book for you. It is full of steamy hotness with a

curvy witch and the Big Bad Wolf that wants her. I definitely recommend reading!

Hex Gone Wild is the 4th book in the Smut-Shorties series by Milly Taiden. The series features short novellas by Milly and Mina Carter. I am in fan girl heaven. My two favorite authors creating shorties that are coming out in a blink of an eye. I love it. Each story can be read as a stand alone quickie.

In Hex Gone Wild, triplet witch Dalia keeps hexing her hot neighbor by accident. Wolf-shifter Jared has a thing for Dalia and finally makes his move one night while Dalia is in the woods. Some serious hotness happens next.

I am absolutely loving this series by Milly and Mina. Can't wait for the next!!!
