The Club Trilogy Lauren Rowe

THE CLUB TRILOGY (The Club, The Reclamation, and The Redemption bundle):

USA Today and Amazon #1 Bestseller in Erotica, New Adult and Romantic Suspense, The Club Trilogy, has taken the world of erotic suspense by storm with its unique blend of panty-melting sensuality, thrilling suspense, laugh-out-loud humor, intense character development and shocking plot twists. Now readers can devour all three full-length books of the epic love story of Jonas and Sarah (The Club, The Reclamation, and The Redemption) in one heart-racing collection, including a brand new bonus scene written especially for the trilogy bundle.

In The Club Trilogy, when wealthy playboy Jonas Faraday receives an anonymous note from Sarah Cruz, a law student working part-time processing online applications for an exclusive club, and he becomes obsessed with hunting her down and giving her the satisfaction she claims has always eluded her. Thus begins a sweeping tale of obsession, passion, desperation, and ultimately, redemption. Find out why scores of readers call The Club Trilogy “my favorite trilogy ever” and “the greatest love story I’ve ever read”--and why international publishers have clamored to translate and publish upcoming editions in Italian, German, French, Spanish, and more.

“There’s never been a love like ours and there never will be again... Our love is so pure and true, we’re the amazement of the gods.”

*The Club Trilogy tells a complete story without a cliff-hanger. Look for the continuation of Jonas and Sarah’s story in The Culmination (The Club #4), a complete story to be read after the trilogy, coming out August 24, 2015.

**Readers 18+ due to extremely graphic language and adult situations.

Madonna Blackburn says

THE BEST BOOK SERIES I HAVE EVER READ....

I read all 3 books back in April this year, however, did not leave a review on any of them. I will remedy that now!

Jonas & Sarah's love story is EPIC!

The first chapter of the trilogy gives us our first insight into Jonas' unique personality..."Yes, My Beautiful Intake Agent, if I were there to teach you what your body's divinely designed to do, you'd be forced to admit an immutable truth, whether you wanted to or not: In addition to me being one cocky-bastard-asshole-son-of-a-bitch motherfucker, I'm also the man of your dreams"

And let me tell you readers, he not only became Sarah's, but he becomes ours as well.

Sarah's kick-ass response to Jonas' cockiness would have to go down as one of the most brilliant, laugh out loud pieces of writing I have read. It was this actual chapter that made me fall in love with this Author.

These books are filled with Lauren Rowe's extraordinary talented (& humorous) imaginations that will have you laughing your pants til you pee. And the sex scenes...woohhhhoowwwweeee, these scenes are so hot & horny inducing...your knickers will need changing after every one!

Lauren has provided us, through three cannot put down books, with a story who's characters are so amazingly believable, their adventures so spectacularly realised, you actually think you are experiencing it all along with them.

I will guarantee you, that Jonas & Sarah's beautiful & heart rendering journey to "...the culmination of human possibility" will stay with you, long after you have finished reading these books.

It truly is a gorgeous piece of writing.

This series is a MUST read...do yourselves a favour & download NOW!

Nikolette Duesler says

Amazing

Lauren Rowe is amazing! She instantly made me fall In love with Jonas and Sarah. I need me a sexy hunky monkey!

booklover4life says

I received a copy of these books from the author in exchange for an honest review!

The Club (Book 1) Review:

This book hooked me from the very beginning! It was that good! I've never read anything quite like this book before. I've read a lot of erotic romance involving sex clubs or ones that mention them, but this isn't like all the others. When completing his application to The Club, Jonas Faraday decides he will be brutally honest with what he wants and what he needs. Just like the application says. In doing so, he also decides to send a little note to the agent processing his application. He figures that it must be a woman, so why not give her a little bit of a tease. What he doesn't expect is that she will write him back and turn his world on its

head.

Jonas Faraday is a man on a mission. I repeat. He is a man on a mission! He will not stop until he finds his beautiful intake agent and give her everything that she's been missing. Once he's done, he thinks that he'll move on to the next woman like he always does. Except Sarah is different from any other woman that he has ever met before. She is not afraid of his honesty, nor does it turn her off. In fact, it seems to get her hot and bothered. He is determined to learn all that he can about her because he has become obsessed with this woman. Obsessed with fulfilling all her desires and obsessed with quenching his thirst for her.

I absolutely loved these characters. Reading Sarah's words was like Lauren had written that character just for me. I was Sarah. She was the epitome of every woman who has ever searched for love and never found satisfaction. Her thoughts and fears were exactly what I would think and say if I were in her situation. She was just so real. So raw. So curious. Her inner strength shone forth in the best of ways. While she believed in love and romance and wanted the happily ever after, she also had her doubts and fears like the rest of us. Especially with Jonas. I mean, how could a man like him want to be with a woman like her for more than a night, right?

Jonas was unbelievably sexy and passionate in every way. He was himself and completely honest with Sarah about everything. He started out extremely cocky, but grew into a lovable damaged man. Over the course of their discussions, he knew that he needed to know Sarah and he needed to be with her. He was dying for a taste of her. To know what she looked like in that moment when she experienced pure bliss. To know who she was and what made her tick. What he didn't expect was that he would experience something deeper than he had ever felt before. That there was a woman out there who could accept him and burrow her way into his heart.

This was an unconventional love story with some mystery, and passion like you would not believe. So hot and steamy you better make sure that you are reading this in the privacy of your own home. Definitely NSFW! While there was a lot of sex and sexual talk in this book, and boy does it make you HOT, there was a beautiful story woven in there that really captivates the reader. What I find most interesting in these types of stories is the who and the why. I like to know the back story that makes the characters the way that they are. This book did not miss a thing. I was left wanting more in the best way possible. This book is part of a series so there will be a lot more for us to learn, and I simply cannot wait. I am dying to know what happens with The Club, and how that will impact Jonas and Sarah's lives. I have my ideas, but I will not share.

Overall, I absolutely recommend this book!!! I am thrilled that the author is releasing all of the books so close together so that you don't have to wait so long to know what happens. This is a great love story with some really naughty scenes. You will not want to miss this book or this series.

The Reclamation (Book 2) Review:

I absolutely adore this series with a vengeance!!! The first book in The Club series was amazing, and this book is fantastic! I haven't enjoyed a series this much in a while. Every time I think about it I am just blown away that this was the first series for this author. Lauren Rowe is masterful with her words. The characters are always completely real and raw. The story switches gears from heartbreaking to suspenseful, from scorching sex to insane laughter, with no gaps in between. The flow of words works beautifully. This is a book and a series that does not disappoint in any way.

The first book in the series, The Club, introduces us to Jonas and Sarah and an intense desire to find that elusive O for the beautiful intake agent. It allows us to get a glimpse of the passion between the two, the raw need they feel for one another, and the ending leaves us wondering what is in store for the two. What is The Club going to do? Are they safe or paranoid for no reason?

Book 2, The Reclamation, introduces us to a more in-depth relationship for the two lovers. It is Madness beyond a doubt. The desire that the two feel for one another is an unquenchable thirst. Every moment they are together you can feel how much they want each other, how deeply they care for one another. Now that Jonas has let Sarah into his life and into his heart, in the only way he knows how, he becomes even more possessive and protective towards her. Both of their paths have set them down similar roads, and it's only a matter of time before they will find out if those paths were meant to merge forever or if this is but a detour to the rest of their lives.

In this book we see a lot more of Josh and Kate. I really enjoyed the banter between the two, and I wonder if there might be a book in store for them in the future. What I found beautiful was the relationship between the two brothers. They got each other in a way that made sense to know one else. Having grown up with each other for support, they have a bond that is inseparable.

This story allows us to delve deeper into the f*ckedupness that is Jonas' horror filled life. We begin to understand more fully why he is the way he is, and that his memories can trigger some truly intense times of despair. It is these memories that have kept him so closed off from the world, and it is only through Sarah's love and determination that he can begin to face those fears head on.

Sarah proves to be even more exceptionally brilliant than she did in the first book. The way her mind works is amazing. She is so giving and loyal. Definitely someone you would want to know and be like. One harrowing scene in particular blows me away that she is able to figure out the truth of the situation. If it were me, I would have never been that clear-headed to reason out what was actually going on, and then to take charge of the matter.

This book is breathtaking. Truly remarkable. I love delving into the psychological motivations behind a characters thoughts and actions, and this book lives up to its name. There is definitely a restoration happening to Jonas' heart and soul, and the reason is obvious. His devotion to Sarah, and the way she understands him so completely, is unparalleled. She knows just when to push and when to hold back. Giving Jonas what he needs without question.

Reclamation takes us on a journey. One that is thrilling, despairing, and incredulous. The book does end in a cliffhanger. A major one. It's a breakthrough for Jonas, but it comes with a heavy price. Reading that ending made me desperate for the third book in the series. I cannot thank Lauren enough for not making us wait so long to know what happens. This series has become one of my favorites, and I cannot recommend it enough.

The Redemption (Book 3) Review:

I just have to say that this series blew me away! From start to finish it was amazing! I was completely enthralled. I fell in love with Jonas and Sarah in the first book, and I am more in love with them now. They will go down as two of my all-time favorite characters. This series was just phenomenal. It made me laugh and cry, made me pissed off and anxious, broke my heart and put it back together again. Gah! Lauren Rowe has me hooked and I need my next fix!

The Redemption starts off with a very tense scene, picking up right where the cliffhanger left off in book 2. What an ending. I was dying to see what happened to my beloved characters, and luckily Lauren didn't keep us waiting for long.

This book allows us to delve deeper into Jonas' story. My heart broke for that poor little boy. What he experienced as a child was horrific, and to have a parent turn on him during his formative years explained the problems that he had connecting with others as an adult. He had everything stripped away from him, aside from his brother Josh, and that made for a rocky foundation. The first few chapters were from Jonas' perspective, and they were truly beautiful. I was haunted by the memories of his childhood, and wanted

nothing more than to cuddle him.

Jonas and Sarah have to face new and extremely complicated challenges. They have come face to face with The Club, and have to figure out how to get out alive, as well as take them down. The way that everyone comes together to try to find a solution to the problem is brilliant. I love the way that everyone interacts with each other. They make me laugh so hard.

Sarah blew me away in this book. She continues to amaze me with her intelligence, thoughtfulness, sense of humor, loyalty and passion for everything and everyone that she loves. You can't help but be impressed with her ability to think on her feet, and to do whatever she needs to do to bring the bad guys down.

Jonas continues to impress me with his ability to overcome his past, and to allow Sarah into his heart. He's always had such a hard time opening himself up, and believing in forever, but he finally let all of his walls come down. It was a superb thing to experience. That moment when he finally realized that it was okay to love someone again.

Of course, when Sarah and Jonas get together passion overflows. There is not a shortage of some seriously hot sexy times. This series uses that physical connection as a way of expressing the love between the two. I absolutely love when relationships develop naturally and aren't forced. Every single part of their journey was a pleasure to read. I just felt that they couldn't have been written any better.

I cannot recommend this series enough! It has so many wonderful elements to it: danger, suspense, surprise, love, passion, drama and humor. The build up to the final conflict was believable and never rushed. The ending was fantastic and I was left feeling thoroughly satisfied. I really hope that Josh, Kat and Henn get their own stories. I am always up for more of this group.

Danielle Goodwin says

Lauren Rowe's "The Club" is the breathtaking first book in The Club Trilogy. It's not your typical sex club book, by any stretch of the imagination. The characters are amazing. Jonas, the sexualicious leading man, lives to bring women to climax. Sarah, the intake agent for the club, is a complex and real leading lady who has never had an orgasm. Sarah starts out as Jonas's "Mount Everest," because who could resist the challenge of trying to make a girl have her first cum? I loved it. Sign me up for #2 and #3 for sure!

Lauren Rowe's "The Reclamation" is the amazing second book in The Club Trilogy. Again, it was a break from your typical plot and I loved it. For instance, there was a situation set up where Jonas, the leading man, was doing something that could be misconstrued when Sarah, the leading lady, walked in on it. Now, in your average romance novel, she would have misunderstood and freaked out and been mad for another third of the book. But now with Lauren Rowe at the wheel! Sarah's too smart for that! Again, the nookie was amazeballs throughout the book.

Lauren Rowe's "The Redemption" is the third book in The Club Trilogy. Once again, it had some elements that were totally new to this sub-genre. I thought it was excellent. A great way to wrap up the series. Chock full of wonderfully hawt and lovie dovie sex scenes. I liked the references to recent popular songs as well. Now, when I hear them on the radio, I'm thinking of Jonas Faraday! He's such a hottie!

Meghan Murphy says

This trilogy was amazing! I don't even know where to begin I guess I'll start by saying Lauren Rowe has a forever fan in me. Jonas and Sarah's story is so unique and passionate and had me laughing out loud. I loved how they started out just wanting something from one another and as they got to know each other, they each saw something special within the other. I don't want to give too much away but these books captured and held my attention until the end. All three were written amazingly well, they had depth and were just awesome. If you haven't read them what are you waiting for!! Cannot wait for the 4th to come out!

Alphas Do It Better Book Blog says

I received this ARC in exchange for an honest review.

5 Stars

One of the BEST love stories I've EVER read! If you love hot, steamy, erotic stories, then this trilogy is for you! You definitely won't find crazy howling monkey sex in a tree in any other book! LOL!! Once you read these you'll understand ;).

Lauren Rowe is a genius when it comes to erotica. Although these books are not just about erotica, these books tell one of the most beautiful love stories ever told. From page one of the first book Lauren hooked me. I felt myself feeling everything these characters felt. I felt my heart breaking, my love soaring, and my panties melting right along with each of them all throughout these wonderful stories.

I cannot say enough about this series. There's suspense, drama, heartache, twists, turns, so much love, and OFF THE CHARTS hot, steamy sex! Seriously, I had to stop and fan myself a few times. Once you finish this series you'll feel like you need a cigarette, and want your husband handy ;).

Christine says

The Club

A wealthy Seattle businessman (with a tragic past) who doesn't date falls for a young brunette who (while not a virgin) has never experienced true pleasure. Sound familiar? Yes, I felt like there were some similarities to 50 Shades here but I really enjoyed The Club anyway. My favorite thing was that I actually laughed out loud a few times. Jonas decides to join an exclusive sex club for a year and while filling out his application, he decides to address his intake agent. First year law student Sarah, his intake agent, decides to create an anonymous email and send him a message back. Thus begins the relationship between Jonas and Sarah. It was flirty and oh so fun to read.

4/5 stars

The Reclamation

Sarah discovers her employer is not what she thought it was. Sarah and Jonas continue their relationship while trying to decide how to handle the situation with The Club. This was an enjoyable read, not as good as the first but I still liked it.

3/5 stars

The Redemption

Sarah, Jonas and their crew head to Vegas to try to take down The Club. There was a lot of potential with this book and the characters themselves even reference Oceans 11, but when the best scene in the book took place at a bank, we never even read about it as it was happening. Frustrating! Jonas kept referring to Sarah as 'my precious baby' which is a huge turnoff for me. I find that so gross for whatever reason (maybe because I have an actual 1.5 yr old at home that I sometimes call my precious little baby). Anyway, my least favorite of the series but overall I did enjoy the trilogy. I think some actual tension or threat of breakup between Sarah and Jonas would have been good but once they got together in book 1, they were "together" the whole series.

2/5 stars

Series: 3/5 stars

Leah says

1*

Kirha says

The Club Trilogy

Jonas Faraday is in a rut. He's a rich man who can have anything in the world, but he feels like he's missing a little excitement so his brother Josh, convinces him to join a sex club. In order to join he has to fill out an application. Jonas was very.....forthcoming.

Sarah needs to make money for law school so she found a hush hush job as a application reviewer for a sex club. She comes across Jonas' application and it had an unexpected effect on her so much she broke protocol and responded.

A friend recommended this series to me and I was initially skeptical, until I read the first section labeled "Jonas." After that I was immediately hooked. So many amazing things happened in this entire series. Sarah and Jonas's love story was epic and I enjoyed every bit of it. There were some very, I mean VERY steamy parts that made this brown girl turn red. I also have a new respect for Plato, read the book and you'll know why.

Yates says

Love this series: very smart, funny, and lovable characters. Elevated the genre for me

Cathy Katayama says

Great read

I enjoyed the writing it was thoughtful, funny ,sad and so romantic. The characters were interesting . Although I felt like I read parts of the plot before I still couldn't wait to read more. I loved the humor the laughter always makes for a fun read

Elmarie Pieterse says

This Trilogy was the best ive ever read in my life!!!! Its my ultimate favourite of all books!!! I love love love Jonas and Sarah and there love for one another. Its a once in a lifetime love. This trilogy is funny, sexy full of angst and will have you on the edge of your seat the whole time!!! I love Lauren Rowe her sence of

humour is something that you have never experienced before!!!! And the LOVE scenes are EPIC!!!!!!
