Risky : A Novella A. Marie Johnson

“I knew what was at stake when I agreed to do what he asked of me, but I never knew my heart would become included in the risk of it all, and that raised the stakes.”

Remi White learned the hard way that sometimes in life we have to do what we don't want in order to get what we do need. In desperate need of a very quick come up, she finds herself willing to spend one night with a man who is as mysterious as the past she doesn't know he's hiding, but what will happen when one night turns into several and Remi finds herself once again battling between what she believes is right and what she knows is wrong? Though she knew what was at stake when she agreed to do what he asked of her, the battle between her heart and her mind leaves her willing to chance it all in a risky game of sex and love, a game where the two can so easily be confused as one and the same.

Usually, the reward is always greater than the risk, but what will the outcome be when the risk is greater and Remi finds herself in a gamble of getting everything she's ever desired only to give herself up in the process.

Fair warning: This is not the average romance or love story. This is a story of risk and opportunity, where two people find themselves unwillingly falling for each other along the way of those two things.

Hilary S. says

Excellent Read

I wish I could give this book more than 5 stars. Looking forward to your next release. Love a good romance.

Shea Babe says

Very Good

This was so not what I expected. It's short but lacking nothing. This thing between Neo and Brown was so real. You can sense the feelings they have for each other and how their tough decisions affects one another. I enjoyed this book.

Donna D Smalls says

Wow

I actually read this book because it was mentioned in another one of her books I read that I enjoyed. I like this book because it was your unconventional love story. The plot was cool and the characters even better. I met my unconventional love almost 34 years ago. After 2 weeks we were married and still are to this day. The heart wants what the heart wants even when it's unconventional as love you are not looking for.

Deirdre Davis says

Risky

Risky.....Perfect title for Neo and Remy's journey. This was different, fun and risky! I took a chance to read this and I'm glad I did! Nice debut Ms. Johnson. I'll be reading more from you!

Shaniqua Johnson says

5 Star Read!

First and foremost, I thoroughly enjoy Ms. A. Marie's first book, "Holding His Heart" so it's no surprise that Remi and Neo's story was enjoyable. I don't really like novellas as I hate to get consumed into a story and it quickly ends. However, I'm happy to say that I read this one. Remi and Neo are set apart from characters that I've grown so accustomed to seeing in the Urban romance/urban lit/urban fiction genre. And the same can be said about the storyline.

Quick, short read, but certainly memorable.
Looking forward to more from you A. Marie ?
Best of luck on your journey!

Latasha Martin says

Instant Attraction♥♥♥

Neo was attracted to Remi from the very first night but he was trying not to mix business with personal. Jalisa was Remi's friend who put her in place for the business proposition with Neo and who advised her not to get personal nor attached to Neo but it was too late. Neo and Remi fell out and he left town. He returned months later for them to try at a relationship.

Keisha says

I really enjoyed enjoys this book

This was a good book. I truly felt that Remi and Neo were meant to be. I'm happy they figured it out. True love should always prevail.

I recommend reading this book.

Vondetta Carter says

Remi was a young woman who was down on her luck. Her BFF Jalisa gave her the name of a man who wanted her services. In apprehension, she agreed to meet him . However, the man in the hotel room she was to meet was an Alpha that was sexy from head to toe. Neo watched the beauty enter and was equally intrigued with her skin and look.

The two entered into an arrangement to benefit each other but chemistry took over and heat enveloped them both. Heat that only the other could match.

A great read with heat and mystery. First time reading this author, but will not be my last. Wish this had been a full blown novel.

Ms. Johnson, thank you for sharing with us...

Gilly says

Good read

What a romantic storyline that will leave you saying..."awww". This was well written and had a beautiful storyline. I loved the chemistry that Neiman and Brown, as he called her, had. Although she was getting on my nerves a bit, everything still worked out fine. Question thou... She said that he left "us".... Was she pregnant??? All in all great read and was really enjoyable as it took a tone down from my regular reading pleasure.

ShanicexLola says

Neo is amazing! ?

LITeraryQueenNika says

Omg

I loved it. I thought it was sad to hear that Neo neva had a family due to his mother leaving him in the hospital after he was born. It wasn't fair that he was in jail for 10 years for a crime he didn't commit but yet he got to meet he someone who became a bro and his best friend. When he first met Remi I thought they was just going to have sex and he pay her that it but when he set up a plan for her to help him get a lot of money I was like wowwww. It's crazy how her landlord was such an a** but glad Neo was able to help her get her stuff. I believe they would be a cute couple. It's sad that he up n left her like that but if she would have just not been so scared maybe it would have been different but again God still brought him back to her n now hopefully they will be able to keep each other happy. I definitely can't wait for part 2 to come out will be patiently wait loll.

Dee'Cheaa Ingram says

Love it !!!!

First, let me start by saying that I WILL RECOMMEND this reading because of the way the storyline is written. From the "risk" itself to Neo and Remi connection-just a great story; five stars from me. Thanks for your entertainment and God Bless.

V. Verne says

Started this book this afternoon and did not want to put it down. This was an interesting take on romance and Neo is one of my new favorite characters. I found it just as hard as Remi not to fall for him. Excellent read!

💖KrissyLPlug💖 says

A risk worth taking!

I loved the development of this story. The relationship between Neo and Remi was non traditional and unexpected. What God has for you is for you no matter how much you try to avoid it and pave your own way. This book was well written, and although it wasn't your typical read, I really enjoyed this book. I would definitely recommend it.

Rena says

Mystery, suspense, and intrigued

This novella was filled with mystery, suspense, and intrigue. The no nonsense banter between Remix and Neo added to their chemistry, attraction, and connection to each other. Totally opposite, they were able to open up to each in way they never had before, which scared them on a deeper level. Their risky arrangement led the couple to unexpectedly to risk their hearts as well.

This story had good characters and a good plot. You learned things about the characters that lead them to take the risks they did. I like that the ending didn't end in the traditional "neat and in bow" type of way. The ending truly fit the characters and their personalities. It also gives hope that maybe we'll see them again in the future in some kind of way. This story was a joy to read, and I will recommend to add it to your TBR list.
