A Circus Wish Sue Bentley

The sixth Magic Kitten title in this charming new series. Flame is prince and heir to the Lion throne but he is not yet strong enough to stand up to the evil uncle who killed his parents and is trying to claim Flame's throne for his own. Flame must hide in the human world as a kitten but can't stay in any place for too long for fear of his uncle finding him. So Flame travels from family to family in various kitten guises using his, often chaotic, magic spells to help those who need it along the way. Sadie is so excited to be attending the local circus youth group, especially since she seems to have a real talent for all the acrobatics! Sadie's best friend Jenny, isn't quite as good as Sadie and becomes jealous and cold towards her. Sadie really doesn't know what to do until she finds a lonely coal black kitten...

I found this story very good, now if only I could find what I'm really good at and make it happen.

It's really good

Sara says

One day at school a girl name Sadie finds a kitten in the locker room named Flame. He is getting hunted by his uncle so he came to another world to try to protect himself. But he cannot stay forever. He has to help care for the other lions that got hurt by Flame's uncle. Sadie's dad is allergic to cats so she tries to keep it a secret but she would have to otherwise. Eventually her parents find out because of Lena's dog, Presto. Lena helps people with circus acts. but they found a way to work it out so Sadie's parents would let her keep Flame as long as he stayed in her room. One day Flame goes away but Sadie got used to it even though she really loved Flame.

My six year old daughter loves to read these with me before bedtime. They aren't what I would pick out, but I'm glad these get her excited about reading.

i like how the kitten can turn into a lion.

jacky says

The circus school aspect of this book was pretty fun. The rest of was the familiar pattern we expect with this series.

Nataliewf says

The best part of this book was when Sadie found a kitten that needed help for protection and she offered to help even though her dad was allergic to cats.

Alysha DeShaé says

It seems like Flame's enemies are getting closer before he realizes that they are near and takes off. I'm really curious, though, about how the other lion finds him just in time and whisks him off to safety. That isn't covered at all.

Elizabeth says

I think the cat on the cover is the best part. The story is a little silly (and there are some spotty morals), but I'm glad I powered through. Also just realized this is a series. Oh boy!

Morgan says

"own"

Kristine Hansen says

A complex story of friendship - of all the "you're my best friend today, but not tomorrow, but maybe next week" variety that we all went through in grade school. Story was made a bit more complicated by adding in circus elements which kept things very interesting I thought. I didn't like how Sadie lied to her parents and hid things from them for a long time though. Not cool Sadie!
