## Unmasking Kelsey Kay Hooper

All is not as it seems as a daring undercover agent and an unconventional Southern belle mix business with pleasure in this classic story of romance and suspense from New York Times bestselling author Kay Hooper. Kelsey has come to the idyllic southern town of Pinnacle to investigate a shady company called Meditron, which has a ruthless way of getting what it wants - or so claims the desperate caller who contacts the FBI. The locals won't talk about Meditron. But Kelsey is an expert interrogator, prepared to use his seductive charms to his every advantage. He just hadn't counted on falling for the beautiful witness at the center of his investigation. Elizabeth Conner is too proud to ask for any sort of assistance. She never needed help raising her three willful younger sisters. But now her family is in serious trouble, and Elizabeth's stubborn independence is a deadly liability. And then Kelsey sweeps her up - and into his arms - like a force of nature, promising to protect Elizabeth and her sisters.

## From Reader Review Unmasking Kelsey for online ebook

### Pamela says

This was an FBI mystery, and love story about a small town, that was hiding a big secret. I loved the flow of the book, and the ending was great..It was a quick read for me, and I zipped right through it. I love Kay Hooper, and her books never disappoint. The characters were well thought out, and I liked the young woman, Elizabeth Conner. The hero, one among many was Kelsey, who had been an agent for yrs. and had secrets of his own to work through.....

---

### Minie says

It must be me.. The last 3 books I've picked up, 50 pages in and I feel like my brain is being grated with bad storylines and I'm madly in love with you for no damn reason after a first glance....

Maybe I need to stop reading for awhile. Go to nonfiction or some self help books.. Be it romance/fantasy/paranormal.. Just doesn't do it for me anymore. I need something GREAT to read!! Soon!!

So enough about me and cheese grating brains... This storyline? Horrible.

If u like cheesy it's never happened to me before but I feel like I'm in love with you after the first meeting and I'm big bad and can keep you safe. This is for you.

### Jill Dunlop says

Unmasking Kelsey is the 6th book in Hagen series. This series is about a team of operatives for some special unit that solves crimes that other government agencies can't touch. The mastermind behind the special unit is Hagen and he is a bit of an unintentional matchmaker. All his operatives have ended up in love and then leave his team. One of remaining few is Kelsey. He is sent to the town of Pinnacle to investigate a manufacturing company called Metatron. Something shady seems to be going on and his investigation leads him to the stunningly, beautiful Elizabeth. Elizabeth has been raising her sisters on her own since her parents death and seems to be in over her head. Kelsey can't resist coming to her rescue.

Mainly, its just that the book is really outdated and is an extremely old school romance cliché. The beautiful, helpless woman needs rescuing by the emotionally, distant operative. Of course, once he sets eyes on her, he can't help but be taken in by her beauty and everything he has ever known changes in the blink of an eye. The book was just very silly to me. The plot had lots of holes and was overly ridiculous. At the end, the heroine puts herself in danger on purpose, which sets me on edge. Also, the narrator of this book did a southern accent because the book takes place in South Carolina, and let me tell you, not good. For some characters it was like nails on a chalkboard when she did their voices. Steer clear people, steer clear!!

## Melenia says

DNF @ 35%

Elizabeth is an idiot.

---

## Chitra \*CJ\* says

"Unmasking Kelysey" is the story of Beth and Kelsey.

When Kelysey receives an anonymous tip about a woman's abduction in southern town of Pinnacle, he travels there- only to bump into the gorgeous Elizabeth, who is instantly annoyed by him.

Soon he realizes that its Elizabeth's sister who's been abducted, and its heavily connected to a shady company called Meditron where she worked.

A book about falling in love and learning to trust, we see how two different souls unite in this story. Kelsey is known as a chameleon, who changes personalities like colors- Elizabeth has been the sole care-taker of her three siblings who needs stability- can they overcome their hurdles for one another?

I really, really enjoyed this one. The hero was obsessed and devoted, the heroine was strong, and its always great to see past characters in their HEA.

Safe

4/5

## Sheila Melo says

### 1980s Category Romance that Has Fun Characters

FINAL DECISION: UNMASKING KELSEY is not a deep book, but it is a fun read. I love the uncomplicated nature of this book. Things are simple, the bad guys obvious and the good guys are really good.

THE STORY: Kelsey has been an agent for fifteen years. He's been sent to a small town to investigate what is going on. There he meets Elizabeth Conner, who has been raising her three younger sisters since the death of their parents. Kelsey knows that he wants Elizabeth, but doesn't know whether his wild heart will be satisfied with small town life.

OPINION: I love this series. The stories are not complicated and the characters are pretty black and white, but I love the confidence in the stories. The characters are bright and clear and the lines are clear as well. This book was written as a category romance in the 1980s so there are content and length restrictions that make the story happen faster than realistic, but I don't read this as a realistic contemporary but rather somewhat like a larger than life fairy tale. I love Kelsey and I like the way that Hooper has his complication be that he doesn't know who he really is after years of pretending to be other people.

WORTH MENTIONING: Appearances by the other characters in the series are always a fun addition to these stories.

CONNECTED BOOKS: UNMASKING KELSEY is the fifth book in the Hagen series about the men and women who are accidentally brought together by the machinations of the head of a secret government

agency. This book can be read as a standalone but is much better as part of the series.

STAR RATING: I give this book 4.25 stars.

### **Jessica says**

This book is everything wrong with romance novels. An unbelievable romance, one dimensional characters, dumb cliches, the works. I felt brain cells dying with every bland, uninteresting page. Everything in this book was rushed, the romance, the buildup and the climax. There is absolutely no saving grace for this complete waste of pages. I hate everything about this book and books like it. It's why I rarely read romance, I am afraid of reading something so completely awful as this piece of....work, piece of work.

---

### **kate says**

A fun and quick romantic suspense novel.

---

### **Cindy says**

I really enjoyed Hooper's Special Crimes Unit series. I mistakingly thought this would be on the same level. Darn my obsession with not leaving a book unfinished! When searching for the book to add here, I found that it was originally a "Loveswept" book. Darn publishers who republish books with covers that look new!

### **Iva Bernard says**

#### **Wonderful**

Kay Hooper has always been a favorite of mine. She definitely delivered with this book. Super fantastic story. Loved it!

---

### **Jenny says**

Unmasking Kelsey is book six in the Hagan Series by Kay Hooper. Kelsey came to a small town of Pinnacle to investigate a company called Meditron after an anonymous caller telephoned the FBI. On the first day in Pinnacle Kelsey had a run in with Elizabeth Conner when he fell to sleep on her land. Kelsey and Elizabeth did not realise this unexpected encounter would change their lives forever. The readers of Unmasking Kelsey would continue to follow Kelsey investigation on Meditron to find out what happens and see if Kelsey and Elizabeth fall in love.

Unmasking Kelsey is the first book I have read in this series, and I did enjoy reading it. "Unmasking Kelsey" is well written and research by Kay Hooper, and it also highlights the diversity of Kay Hooper's writing. I like Kay Hooper portrayal of her characters and the way they intertwine with each other. As all ways, Kay
