A Voracious Reader (a.k.a. Carol) says

Jenna, Ryan and Andy all started work for Sunloving Cruises and Green Island Activities on the same day, Jenna as the Scuba Dive Instructor, Ryan as the Water Sports Recreational Guide and Andy as a Kite Surfer Instructor. For three months Jenna and Ryan encouraged Andy to enter the Kite Surfing Championship. Would their friendship change if he won? Would it change if he didn't?

Five years after Andy won the Queensland State Title he still hadn't won the National Title. He continued to work as a Kite Instructor while Jenna and Ryan moved up in the company. Jenna becomes Andy's boss and Ryan is her right-hand man.

Unfortunately, Andy becomes a real horse's ass after he wins the QST. So even though five years ago he seemed on the verge of starting something meaningful with Jenna, he doesn't look back when women start throwing themselves at him. He gets to the point where he's having sex at work and Jenna is tired of covering for him even though she's secretly lusting after his hot body.

I have to say I loved the writing and the story was sound, but Andy is a prick and Jenna is a moron for letting him disrespect her just because she's hot to jump his bones. I'm hoping, from the way this story ended, that the next in the series will show Andy respecting Jenna and acting like a grown up while Jenna doesn't let him walk all over her. I hope Ryan gets in on the action as well. Hubba hubba! Bring on the next story!

The Simply Breathtaking Series begins with a kiss five years prior to the start of this sexy, fast-moving saga. Handsome and long-time friend Ryan watched the young and beautiful scuba dive instructor Jenna kiss hulky Andy Zucco just moments before he successfully completed a preliminary heat and eventually won the Green Island Kite Surfing State Championship.

The beauty of the Great Barrier Reef is the only constant as this story opens, years later, with Jenna, now managing Sunloving Cruises, working hard to balance her career, the same two hotties now her employees, and her "singles" life. All at once, a mysterious man on a Ducati, Jenna's girlfriend Emily, and a young employee named Suzie enter the reader's world like a metaphorical tropical storm hits the beach.

Two tests of a Goodread: (1) you immediately buy the sequel book and (2) you take time to write a review! This novella scores on both. Read my Ample Attraction review coming soon; it's the sequel to Plentiful Package in the Simply Breathtaking series.

Wasn't sure whether to give this a 2 or 3 stars. It wasn't bad but it wasn't good either. All the slang and different references to male and female parts was kinda annoying. Don't get me wrong, I always find myself giggling when someone says va-jay-jay but what kind of woman calls her girl parts "coochie"? And as a

grown a** woman I don't think I've ever referred to a mans "schlong". LMAO. As for the male lead, OK I get he's hot but I didn't find myself swooning over the man whore and he was a prick Jenna. Sorry but the steamy sex couldn't salvage this story for me.

Melissa has a way with words that bring the people in Plentiful Package come alive. It's full of hot men, sexy woman and lots of passion.

FYI... DO NOT READ IT AT WORK!!! (as I have done)

You will not get any work done

You'll sit with your legs crossed the entire time (as I have done) BAD FOR BLOOD CIRCULATION!

You'll be WET the entire time (as I was)

You will most probably lock your office door, just so you can get yourself off (as I have done)

This is a shorter read. I am going to start by saying the name says it all...

This is one smoking hot read. I won this one from a contest. I am so glad I did.

There are sexy séance everywhere you turn. There is even spanking.

I do have to wonder where Hot ducati went or what happened to him...

But then again I think it might be Andy. I kinda thought that in the first place.

Cannot wait to read more of this series.

((For 18 and older))

Happy Reading Everyone!

Oh, anyone after an easy read that will set your heart rate pacing fast? This short read is full of hunky yummy men and one extremely horny lady. lol. For me this story was easy to follow because I could picture all the descriptions as I live in the area it is based on.

It has it all. A good basic storyline, with a love interest that stretches in and out throughout the story.

But I must warn, some of the scenes can be rather hot and horny. Woot woot. Hehehe. Not for the faint hearted.

Chris says

The people were well written and the sex was hot!

SATIN SUE says

This book is a hot and steamy book that I'm sure all of you will love. Its Melissa Craig's first book and may I add a wonderful one at that.

Jenna had Known Andy for a short time but with spending all most every day with him she has grown to have a bond with him.both only children both felt as if they had a lot in common. Andy had problems with his dad and that made him have little confidence in him self so Jenna made it her mission to help him build his confidence and go for the future he wants. but as things go on, there relationship develops and so does the heat that becomes between the two of them.

This book is not for the under aged or the faint hearted, I think this book is one hot read, so erotic it makes ya panties wet and dripping. If this is the kind of reaction you like getting out of a book then I really think you should give this one a try. I promise you it will make your pulse race and heart quickening and leave every nerve ending wishing hey belonged to Jenna.

Well done Melissa an amazing read and I cant wait for the next in the series to see how you make me react next time.

Pure Ecstasy! Va-Jay-Jay loves Mr. Shlong!

LOL, this is such a cute and hot story, it literally had me smiling throughout the whole story while rubbing my chest to keep my buds from perking up along with keeping my legs crossed. Wow!

The connection between the characters sparked with intense desire for each other even under the control of keeping the employee/boss interference at bay. The erotic scenes were steaming hot and after one description

of Andy's SHLONG how could anyone especially Jenna resist the sexy Australian kite surf instructor. What you will find in this hot number is rough pounding, sucking, blowing, eating, anal, and one on one in the shower that will leave you wanting to seek your own release.

The story captivated me immediately with the authors descriptive words of the surroundings and as I learned of the character's job duties working on the beach, I felt as if I was in Australia myself and walking on the sand and could of swore I even heard the ocean's tide coming in.

The ending left me smiling and satisfied but wanting more of the story. It also left me wondering about the other characters introduced such as Jenna's best friends Emily and Lilly, the BONDS Ducati guy with the hot bike, and Ryan. Since this is a series I know I am already addicted-ly waiting for the next book to come out and am now a new fan.

Great Writing and Fantastic Read!

My Thoughts

Hot Australian athlete, a young woman who hasn't had sex in a while, a plentiful package, and there you have it. A great read!

In 58 pages, Craig establishes a fiery connection between the main characters, a deeply-rooted desire that simmers over time and realistic obstacles to them finding happiness together. The author has developed the characters, both main and supporting, so that you really care about them and fret when things aren't going as planned. That takes a lot of talent to achieve all this in so few pages!

About the story...

When they met, the attraction and lust between Jenna and Andy was instant and intense. However, things didn't happen right away. Their desire simmered for 5 years and a lot can happen in that span of time. Obstacles emerged for both of them. Some external while others internal. Jenna is now Andy's boss and trying to carve out a role for herself in the company promoting tourism for the Great Barrier Reef in Australia. Andy, while having ambitions of his own, has lost his focus on what's important in life. Unexpressed infatuations of friends also hinder Jenna and Andy taking their relationship to another level.

There is quite a build up to the main characters working through their obstacles, however, don't fret. There's lots of sexual tension and interactions while they work things out.

About the Characters...

Again to point out that in very few pages, the author has developed a realistic and compelling relationship for her characters.

Jenna is a likeable person who's realistic in knowing that you need to work hard to achieve the things in life you want. She has been Andy's support system for many years.

Andy is self-centered and egotistical. However given the attention given to his plentiful package, it's understandable. Deep down he is a good guy and Jenna is a good match for him.

Andy's best friend Ryan is an absolute doll and I hope to hear lots more about him in the future.

Also, there's unfinished business with a mysterious Ducati-driving biker that should make things interesting.

A few awesome quotes...

When Jenna catches Andy in all his glory...

"Opening her eyes to see Andy had turned his sculpted body around. Breathe, just breath. Oh My God, his cock is looking at me."

This is the first time I heard this word and I love it:

"Thinking of both men made it worse, as Jenna's body and Va-jay-jay were talking."

Bottom Line

This novella is a great introduction to a (hopefully) long running series. A little on the lighter side of Erotica, Plentiful Package is a well written and enjoyable read. The author has created an interesting mix of characters and I am really looking forward to the next release, Ample Attraction, in June.

Happy Reading!!

I won this one on Satin's Bookish Corner and am sooo glad I did! This is a very steamy debut by Melissa Craig.

Jenna has always had the hots for her best friend Andy. But since Winning the State Championship and becoming a local celebrity, its gotten to his head and he's become a man whore and a bit of a jerk. Now that she's his boss she's been covering for him! Although she still has hopes of him changing and once again becoming the man she fell for and no matter what she does she just can't stop craving him. Will she finally cave? Or will she get sick of his shite and finally fire his beautiful ass??

I thought it was great and I was totally sucked in, Bravo....to Melssa Craig for delivering such a tantalizing, hot and steamy novella! I can't wait to see what else she has in store for Andy and Jenna.
