## **Hunting the Dark** Karen Mahoney

Moth's adventures in the dark and twisted underworld of modern-day Boston continue in this thrilling sequel to *Falling to Ash*.

Once bitten . . . never shy

Adjusting to life as a vampire hasn't been easy for Moth. Torn between her family and her maker Theo, Moth spends her time running from one deadly situation to the next.

That's not her only problem. There's a killer on the loose and no vampire is safe. Even worse, the prime suspect is Jace Murdoch, Moth's friend and one-time crush.

He is in serious danger. Moth needs to hunt down the killer before Jace is destroyed.

Time is running out and the darkness is closing in . . .

## From Reader Review Hunting the Dark for online ebook

### Sarai says

From Karen Mahoney's Blog (03/18/14):

Finally: HUNTING THE DARK, the delayed second Moth book, is definitely still being published – some readers have expressed concern about this. I'm afraid it won't be out for quite some time, and I'll confirm the new release date as soon as I possibly can. This new delay was out of my hands. Things just happen in publishing, sometimes, especially when companies merge and lists change. But do be reassured: more Moth to come!

---

### Margot says

\*3.5

---

### Theresa says

It'd been so long since the first book I don't remember what it was about, but I still was able to catch on to the characters and action for this one. Though it's not going to be a favorite, I still enjoyed it.

There's a lot of inner voice 'emoting', almost too much. I understand that we're getting the story through her POV, but we don't need so much 'Oh, dear me. I'm a vampire. How am I ever going to cope?' And some of the time skips toward the end were odd and involved things I wanted to see.

BTW: how dumb can Marie be? After figuring out what NB stood for, was it that much of a stretch to realize that HS could also be a name?

Fave Scenes: Marie & Theo's dance, Theo's explosive visit, a cornered predator and Moth & Theo's goodbye.

---

### Louisa says

This book was really fantastic! Loving being with Marie/Moth, and this world was really great, and we learned more, and yeah, it was a really great read!

---

### Ashen says

WHAT?!?! 2014?

What is wrong with 2013? I don't want to wait this long :(

---

## **Ferdy says**

-Moth spent way too much time inner monologuing, which would have been fine if her inner monologue had been interesting, but it rarely was.

-It was never revealed why Moth's dad hated her and had a bad relationship with her when he had a normal loving relationship with Moth's sisters, I was more interested in that and Moth's family dynamics than anything else.

-Really hated Caitlin, mostly because of the way everyone fawned over her and mollycoddled her. I didn't see what was so great about her, and why Moth/Sinead didn't give each other a second thought yet were all about Caitlin, they were all sisters so why did they only care about Mary Sue Caitlin? Sinead/Moth not having much in common and not always getting along well wouldn't diminish the love they should have felt for each other.

-Didn't think Jace was all that worthy of Moth, he had no faith in her and thought the worst of her over and over. I don't know why Moth let him get away with his douchery, especially after all she'd done to help him.

-Liked the relationship between Theo and Moth, I was glad they never ended up together and that all the crap Theo had done to Moth was never romanticised. There was no lovey dovey idiocy between them, which kept their relationship quite interesting, especially in comparison to Jace/Moth.

---

## **D.F. Jules says**

I dropped this.

---

## **Maliha says**

I have waited 2 years and how I still had so much interest in the book, I don't know. I guess it maybe because Moth/Marie is different. I've always wanted to read a vampire/human romance where the girl was the bloodsucker for once.

I rated Hunting the Dark less than I did Falling to Ash in 2013 because I understand the rating system better now. I consider Hunting the Dark to be better than its sequel though.

Jace and Moth parts were my favourite. He's funny and she's sassy...when was the last time I read about a girl pushing a boy away? I honestly can't tell because books YA books are sexed up these days. Which is why I appreciate the slow building of a relationship between these two. They are not supposed to get along. Instead, they make a good team, and hopefully, an even better couple in the next book. I just hope I don't have to wait too long for it.

---

## Lyndaa says

Loving the development of the Marie/Moth character.
