## **My Everything: Seth & Amber** Melanie Shawn

Strong. Sexy. Skilled.

Seth Sloan is returning to Harper's Crossing a decorated war hero. As the leader of a Special Forces Marine Elite Unit Seth is trained to handle any situation...except one. An injury sustained in combat forced him to accept a medical discharge. Now he's heading back to his hometown to reconnect with his family and a world he doesn't recognize. Out of all the familiar faces there to greet him, the one that he never expected to see again may just be the one that holds all the answers.

Beauty. Brains. Bella.

Amber Webb has everything she needs...she thinks. She owns Bella, a successful clothing boutique, has a close-knit group of loving friends and a full social calendar. She is perfectly content. Until her idyllic life gets turned upside down by random acts of vandalism and flipped right side up by the return of a mysterious man from her past.

Sometimes a one night stand is just the beginning...

\*Intended for Adults 18+\*

## From Reader Review My Everything: Seth & Amber for online ebook

### Miusseth says

I like the way the story is fast paced and easy to relate to...

Seth didn't talk much ...but oh boy he didn't need to! I felt like Amber just reading about his all consuming stares!!

I liked Amber, she had this no bullshit personality that was very refreshing.

The thing about this book that didn't really give me goosebumps was that it was almost too close to Riley and Chelle's story... with the I'm-not-good-enough-for-you issues and the I-can't-be-with-you-but-at-the-same-time-I-want-you-and-can't-seem-to-stay-apart drama....

But overall the Sloan Brothers don't disappoint. :)

---

### Sandra Oliveira says

I'm a Crossroads fan and this book story has the most crossing of roads, of lives from them all. What are the odds that this amazing hot guy, from a one night stand ten years ago ends up back in your life. And you're friends with all his family..to much of a coincidence, but it worked!

Amber is a head on your shoulders kind of woman and even though it takes them the long road in the end Amber and Seth find their way.

---

### E.M. Reders says

another fantastic book on the Sloan brothers. I really enjoyed Seth and Amber's tale though i did feel that something was missing from the end. They had their HEA but i would have liked for Amber to see her mum after she was took into hospital, it was obverous from the phone call when she wanted fetching that Bubba was not a nice man and she had gotten herself in a bad situation. I wanted to know a little more. I know she was going back to rehab but i was hoping for us to actually meet her at one point. Apart from that it was brilliant and i cant wait for more books. Roll on Bobby and Sophie, Melanie Shawn has gotten me hooked. :D

---

### Mary McFarlane says

I loved this one!!! I'm so happy we finally got to meet Seth! I really enjoyed this story, had a good amount of love story and drama in it. I loved the ending how they all had that picture together. These Sloan boys were good now I can't wait to read about their cousin's the Sloan girls!

---

### Kellison says

2.5 Stars.

Okay, so I liked Amber, and I actually did like Seth, but this story definitely suffered from its length. The couple doesn't hook up again until 77% of the book is over. I really needed more time in there for Seth to get over his issues, and for he and Amber to get to know one another better. It was way too much the, "oh shit, the end of the book is near! \*wave magic wand\* All is well!" ending. It was too abrupt of a turnaround for Seth. He has some legit issues—PTSD, his injury, being a civilian for the first time in his adult life and readjusting to living in his home town with his family close by, coming to terms finally with the loss/abandonment of his mom. That isn't stuff that should have been brushed aside, and especially the PTSD is not solved by falling in love.

### **Moira says**

Amber met a special man many years ago that has been the benchmark for all future relationships. This occurred at a time in her life when she needed love and support. When Seth Sloan returns to town after being in the service for 10 years she is shocked to find out he is her 'Mystery Man'. How their newfound friendship and relationship will play out is a great read. The little bit of mystery in this story helps to make it a bit different from others in the series and made it interesting. We all have to learn to trust in a relationship and experiencing it firsthand between Seth & Amber was fun! I like that each book in this series can be read alone but when characters from other books appear a description is provided so you could read one without the others. My question - why would you? Read them all they are great!

---

### **Gina says**

Amber has been in love with a man she met over 10 years ago while at a ceremony honoring her brother who was killed in Afganastan. This was a one night stand that she will never forget. She never got his name, but will remember him always. Seth is returning home to his family he hasn't seen in years -- he has been in the military and he is coming home to his brothers finding love, marriage and babies. When he finally gets back the family throws him a welcome home party so that he can reconnect with his family and thier friends! Amber is a friend of Seth's family and they come face to face after one night of passion a decade ago! Great story!! Once again - the characters, story and romance realistic! I love how we catch up with all the characters in the whole series!!

---

### **Lisa Foyles says**

By far the best of the series

---

### **Talking Books says**

What a read! My Everything - Seth & Amber by Melanie Shawn, book four of The Crossroads series was well worth the wait! All the characters come together for this book where we see the story play out of Amber's mystery man dreaming and the return of Seth Sloan, back to Harpers Crossing.

There are some tense moments for Amber that test her resolve and we see Seth trying to work out how he fits back in in Harpers Crossing, if the horrible things he seen in war truly changed him and to what extent.

A really good read with well written scenes and characters that will leave you wanting the story not to end. Complete with many family get togethers! Recommended reading for the whole book series! My favourite book from The Crossroads Series so far! Five stars!

### **Jennifer Gallagher says**

This is the fourth book in the Cross Roads series by the awesome writing duo of Melanie and Shawna... Again I was hooked from the first few pages.. another fantastic cannot put down book..This book had everything I could ask for ..Breath taking story line.. Laugh out loud moments... Total tear jerker..again this duo have done it again...Seth & Amber are real characters that you feel you know them Personally .. that your there with them...boy oh boy you really hear and feel what they are going through.. wish I could give these book more than 5 stars..you really need to read these books.. I promise you will not be disappointed

### **Tiffany Bobalik says**

Love this series, can't wait for more.

---

### **Jamie Rhodes says**

Great read!! I still love this series. This is about Amber and Seth. They hooked up once (or five times) 8 years ago not knowing who each other were. Fast forward 8 years and you get a Sloan brother (hot by the way) meeting up with one of the friends (Amber). Can you imagine how they felt meeting each other for real???? Sparks fly. Of course, you have Seth not thinking he's good enough for Amber. Thank goodness Amber doesn't give up on him. I love that I just got to read a sweet story without all of the drama (other men or women causing trouble for their relationship). I still love getting to revisit my favorite characters of this series. I loved Alex and Jamie's wedding. Having Joey give her away cause a sweet tear to fall. I hope that there is more to come. I'm not sure that I'm finished knowing about their lives and how they evolve over time.

### **Jessica says**

My Everything- Seth and Amber: Strong and Skilled Seth Sloan a decorated war hero who is forced to accept a medical discharge. Heading home to reconnect with his family and a world that he doesn't recognize. At the welcome home party, he sees the one person he never expected to see again and the person the holds all the answers to questions he wants answers too. Amber has everything she thinks she needs, owning her own clothing boutique, great friends and a full social calendar. Her life is turned upside down when a random act of vandalism happens and a man from her past walking right the front down. Can one night of passion but the beginning of everything.

The Last of the brother, Seth his finally home much to his surprise that girl the left him hanging years ago is in the middle of his brother house at his welcome home party. Seth is a man of few word, which I like that she wrote him like that, not overly talkative, but when he spoke it was important. I love that Melanie wrote him in a way that you know that he cares about his brothers, family and Amber without him having to say it.

Amber maybe my favorite girl out of all four books, she is head strong and can take care of herself. She also has a hard time having others help her. This book is has some twists in it and some drama. If you have read all the others you need to read this one, it wraps everything up, plus just like the other three books before, we get to see all of the amazing character.

## **Adriana says**

Eight years ago Amber shared the best night of her life with a perfect stranger. It was also during the worse time in her life. He was her silver lining, to this day he is the memory that gets her through tough times and highly sexually charged dreams. Except it turns out that now, her mystery man is no other than returning home war hero and brother to her dear friends Bobby, Alex, Jason and Riley Sloan. Seth Sloan is still adjusting to life out of the Marine Core. After serving for ten years, going back home, working a civilian job and being around family will take some getting used to. But he's prepared himself for it, what he didn't expect was to find his one night stand girl, the one that still haunts his thoughts, in his brother's living room, at his home coming party. Avoidance seems to be the name of the game, but as a series of attacks are aimed at Amber, Seth's protective side takes over and the attraction between them becomes impossible to be denied. The tale of how the eldest Sloan brother finds his match, runs along side the story of Alex and Jamie's wedding. The story is romantic, sexy, action pacted and funny. A lovely ending to the Sloan saga.
