Usually they are unaware that their plight is the result of an unbroken curse that has been placed upon them and perhaps upon their families.

Some of the causes:

Hatred and jealousy

Trespassing on the Devil's territory

Handling unholy things Inherited curses

Breaking vows to God

listened to this in audio and as always my spiritual mind was greatly awakened. This is definitely a book to read again and again to understand the different areas of bondage and why some things may be as they are. Curses are real.

I loved her other book - Prepare for War, and subsequently bought this book. I have read different reviews about this book and articles about both Rebecca Brown and her husband Daniel Yoder that says negative things about them. I am quite ambivalent yet about this current read, although I have been inclined to rate it as 4 stars because for one this deviates from the current fad of a lot of "Christian" authors who are selling the Love gospel and the Prosperity teaching. I'll have to dig deeper and ask for wisdom to fully know whether what they wrote truly aligns with the Word.

If your wondering why you can't get a break through from what's binding you, no matter how much you pray and fast, you may want to read this book.

Every Christian need to read this book. Whether knowingly or unknowingly we sometime threaded on sinful ground which we do not know of. God is a righteous God and He cannot tolerate sin in whatever form. We are sinful people. Oftentimes. we are not able to progress in our walk with God because of unconfess sins in our life. This book with guide us to identify our shortcoming and to solve it in Jesus's name. Amen.

Phileo Truth says

During my hyper-charismatic phase of life, I was encouraged to buy this book. While reading it, I became superstitious. If the truly born-again Christian, for whom Christ Jesus has died to reconcile to God and in whom dwells the Holy Spirit, has to break "curses" that he/she is now aware of, then how efficacious is the sacrifice of Christ? The premise of the book almost denies that Christ's death is effective in breaking every curse that was upon the believer before coming to faith in Christ. This book is an affront to Colossians. Christians do not have to renounce all kinds of curses, but rather live a life of continual repentance as God refines the character and brings to light the sin in his/her life. That is qualitatively different than living as a Christian under the belief that God did not save you from all curses that (you falsely believe) that the Devil has put upon you.

The book plays against the Christian's faith in the sufficiency of God's provision of ALL and EVERY THING that the Christian needs to be redeemed. Having to break "curses" off of a Christian is fanciful. This does not mean that there are not lingering consequences to the life of sin that the Christian lived prior to faith. The Christian must trust in the same God who has called him/her into faith to protect and preserve him/her unto the day of redemption. This book directs the Christian's faith onto his/her own ability to identify curses and take action to renounce those curses rather than trusting solely in God to deliver him/her from the evil one.

This book is powerful and eye- opener for those ignorant of satans devices. I suggest reading Expel Demons by Derek Prince after reading this one. This two will help you in spiritual warfare.

Anne Hamilton says

Until the last chapter, I was tempted to give this five stars. But the last chapter is worth about five extra stars in its own right.

Personally I think the work of sanctification has to be progressing for a significant while in anyone's life, before being ready for the teaching here. The last chapter concerns asking for the rendering of a judgment in the courts of heaven - and that's not something I'd encourage anyone to do without serious self-examination first.

Used with discernment, however, this is an invaluable book regarding some of the trickier aspects of spiritual warfare.
